Marks' Patent Artificial Limbs

WITH RUBBER HANDS AND FEET

Are Natural in Action, Noiseless in Motion, and the Most Durable in Construction

Over 17,000 in use, scattered in all parts of the world. Eminent surgeons and competent judges commend the Rubber Foot and Hand for their many advantages. At every industrial exposition where exhibited they have received the highest awards.

Received the Highest Award at
the World's Columbian
Exposition.

Indorsed and purchased by the U. S. Government and many foreign governments.

A treatise, containing 430 pages, with 300 illustrations, sent FREE. Also a formula for taking measurements, by which limbs can be made and sent to all parts of the world, with fit guaranteed.

To A. A. MARKS.

DEAR SIR:—I was a professional tight-rope walker and aéronaut before I lost my leg, and I did not allow the loss of a leg to compel me to seek another occupation. With your patent artificial leg I can walk a tight-rope nearly as well as I ever could. The rubber foot enables me to balance with safety. The absence of an ankle removes the risk of falling to a large degree

While walking on the ground I never feel the necessity of looking for uneven or bad places. I feel safe and sure on my rubber foot, no matter where I place it. I consider your invention of the rubber foot the most valuable and important to persons who have lost their natural limbs of any invention that has been made.

If any person doubts my ability to walk on a tight-rope with an artificial leg applied, I will wager \$100 with him that I can perform for thirty minutes on a one-and-a-half inch rope elevated fifty feet above the ground.

Respectfully yours,
Prof. F. E. JACOBY,
Waterbury, Conn.

NOTE.—The above cut has been made from an instantaneous photograph taken of Prof. Jacoby while performing on a tight rope. In the cut he is balancing entirely on his artificial leg, his natural foot is off the rope, and is in the act of passing forward to take the next step.

PREFACE.

The previous editions of Keil's Medical, Pharmaceutical and Dental Register-Directory and Intelligencer have been so favorably received by the profession and general public that in acknowledgement of this encouragement I have further extended the usefulness of the Directory by a thorough revision and the addition of several new departments.

The present edition (fourth bi-yearly) contains the States of Pennsylvania, New York, New Jersey, Maryland, Delaware and the District of Columbia, containing lists of physicians, druggists and dentists in those States arranged alphabetically, and in large cities numerically by streets, also special departments for colleges, hospitals, dispensaries, societies, laws, etc.

I trust that I have succeeded in my efforts to make Keil's Register-Directory indispensable and reliable in all the manifold information it imparts.

My sincere thanks are due and hereby offered to the secretaries of the societies and friends who have greatly aided me in the execution of my task.

Principal and Founder.

Do Not Stammer

You Can Be Cured at

THE PHILADELPHIA INSTITUTE

For the permanent cure of stammering, stuttering and all other impediments to a distinct articulation.

Edwin S. Johnston succeeded in curing himself of this dreadful affliction, and has probably made more cures of stammering than any other specialist.

A letter from John Wanamaker, ex-Postmaster-General United States, to an inquirer under date of April 21, 1892, reads as follows: "If I knew of anybody who was suffering with that affliction I would certainly recommend a trial of his system."

Dr. Horatio C. Wood, D. D., LL. D., of University of Pennsylvania, 1925 Chestnut St., Phila., in answer to an inquirer writes: "I believe Mr. E. S. Johnston to be honest and capable, and have seen some very striking results from his work." Can also refer to Prof. Harrison Allen, M. D.

Bishop Cyrus D. Foss says: "It gives me great pleasure to certify of Mr. Johnston's treatment of stammering."

Send for 54-page pamphlet to **Philadelphia Institute**, 1033 Spring Garden Street, Philadelphia, Penna., U. S. A.

Established 1884.

- DE GARNO, G. J., 122 East Twenty-third street, New York City, N. Y., whose advertisement appears on the front cover, has for many years employed a very successful and satisfactory method of supplying physicians at a distance with trusses. The physician is instructed to take a diagram of the patient's hips (a very simple matter), and the truss is carefully shaped to this diagram before leaving his establishment. Much annoyance and many failures are saved the physician by this system. His modification of the Hard Rubber Hood Truss has many merits over those trusses applied to the hernia by a single spring. The spring pass-

ing around both hips, and opening in the back, the front being solid, the hernia pads are not liable to shift from place; no under straps are required, and a lifting pressure is exerted, thus retaining the hernia with less pressure than is usually required. The truss is light, cleanly and durable. Spinal and other appliances are shaped by the same method as trusses, and Mr. De Gamo attributes in large part his extensive and growing mail business to the use of the diagram system, originated by him many years ago.

DIRECTORY OF NURSES, 219 S. 13th, Philadelphia. Its object is to keep a list of registered nurses who have been recommended by three physicians and three families for whom they have nursed. Each nurse records her name, address, age, the training school from which she graduated, and her other qualifications as a nurse, the class of cases she desires to take, and her rates of charge, by the day or week. Physicians are desired to send to the directory any thoroughly good nurse they know who is not registered, also any good wet nurse. It is the intention of the committee that the directory shall be a bureau of information of everything relating to the sick. To this end physicians are requested to furnish any information, at once, to the Secretary. The office of the Secretary is at the hall of the College of Physicians, northeast corner Thirteenth and Locust streets, and is open at all hours, day or night. For further information consult page 103. See Adver. on page 44.

JOHNSTON, EDWIN S., The Philadelphia Institute for Stammering, 1033 Spring Garden st. Phila., Pa. We desire to call attention to the above Institute, which has been doing great good for the past eleven years, to those afflicted with speech defects. The school is under the able direction of Mr. Edwin S. Johnston, its Principal and Founder. He has cured some of the most notable people from all parts of the globe. Mr. Johnston is without a peer in his ability to eradicate this dreadful affliction, and we would advise all our readers who are afflicted with impediment in speech to investigate this school more thoroughly, and we are positive a perfect, permanent cure will result if the rules of the Institution are followed, as given. The Institute is endorsed by Bishop Cyrus D. Foss, Phila., Pa., who says: "It gives me great pleasure to certify of Mr. E. S. Johnston's method of treatment of stammering. I inquired into it with care, and briefly observed the operation of it in a large class of pupils." Refer also to Horatio C. Wood, M. D., Harrison Allen, M. D., and Hon John Wanamaker. CIRCULAR

FOR THE

INFORMATION OF PERSONS DESIRING TO ENTER THE MEDICAL CORPS OF THE UNITED STATES NAVY.

A candidate for examination and appointment in the Medical Corps of the Navy must be between 21 and 26 years of age, and must apply to the Honorable Secretary of the Navy for permission to appear before the Naval Medical Examining Board.

The application must be in the handwriting of the applicant, stating age and place of birth, also, the place and State of which he is a permanent resident; and must be accompanied by letters or certificates from persons of repute, testifying, from personal knowledge, to his good habits and moral character, and that he is a citizen of the United States.

FORM OF APPLICATION.

_____, 189 .

Sir—I request permission to be examined for an appointment as Assistant Surgeon in the United States Navy.

I was born at _____, and was _____ years of age on the _____ day of _____, 189-, and am a citizen of the United States, residing in _____, County of _____, in the State of _____.

I enclose herewith certificates as to moral character, habits and citizenship.

Very respectfully,

The Honorable Secretary of the Navy,
 Navy Department, Washington, D. C.

If, in reply to the above, the candidate receive a permit, he will notify the president of the board

of the fact, and request him to appoint a time for his examination.

Candidates will be expected to present to the board testimonials of education and professional fitness.

The board is required, under oath, to report on the physical, mental, moral and professional qualifications of the candidate, so that the examinations are necessarily rigid and comprehensive, though simple and practical, and not beyond the attainments of any well-educated physician.

A successful candidate, upon the completion of his examination, will be notified by the president of the board that he has been found qualified.

An applicant found "not qualified" may be allowed a second examination after one year, but not a third.

No allowance will be made for the expenses of persons undergoing examination, which, if interrupted, is usually completed within a week.

Appointments will be made as vacancies occur, and in the order of merit reported by the board, but a qualified candidate, not appointed within a year, must be re-examined.

The officers of the Medical Staff of the Navy are as follows: Medical Directors, Medical Inspectors, Surgeons, Passed Assistant Surgeons and Assistant Surgeons.

Vacancies in these grades (by death, or retirement at the age of 62 years), are filled in the order of seniority, and for each step of promotion a physical and professional examination is required by law.

Assistant Surgeons are examined at the expira-

tion of three years' service, and, if successful, become Passed Assistant Surgeons.

ORDER OF EXAMINATION.

1. Physical. 2. Oral. 3. Written. 4. Clinical. 5. Practical.

The physical examination will be very thorough, and the candidate will be required to certify, under oath, that he is free from any mental, physical or constitutional defects, hereditary taint, or disability of any kind that would be liable to interfere with the efficient performance of duty.

The candidate will be required to address a letter to the Board of Examiners, stating concisely—

1. The date and place of his birth, the school, institution or college at which he received his general education; the several branches studied, including his knowledge of general literature, and of the ancient and modern languages; the exact title of the medical school or schools at which he received instruction, and, if an alumnus, the date of his graduation; the name and place of residence of his preceptor, and the time when he commenced the study of medicine; also, the title of the text books studied or read on Chemistry, Anatomy, Physiology, Histology, Materia Medica, Pharmacy, Therapeutics, Pathology, Theory and Practice of Medicine, Microscopy, Principles and Practice of Surgery, Minor Surgery or Mechanical Therapeutics, Medical Jurisprudence, Toxicology, Obstetrics, Hygiene, Quarantine, Biology and Physics.

2. The opportunities he has had of engaging in the practice of medicine, surgery and obstetrics, or of receiving clinical instruction; or whether he has or has not been a resident phy-

sician or interne in a civil or military hospital.

3. The number of subjects or parts of subjects he has dissected, what opportunity he has had to become familiar with minor surgery and bandaging, chemical and pharmaceutical manipulations, and the physical properties of drugs.

The candidate will append to this letter his name in full, post office address and his local address at the date of the examination.

A thesis or short essay must next be written (without reference to notes or books) upon some professional or scientific subject indicated by the Board.

Oral examination—The candidate will be examined orally upon his literary and scientific acquirements, including General History, Natural Science, Botany, Geology, Zoology and English Literature, and professionally upon Anatomy (general, special and surgical), Histology, Physiology, Theory and Practice of Medicine, Principles and Practice of Surgery, Chemistry, Legal Medicine, Toxicology, Materia Medica, Therapeutics, Pharmacy, Obstetrics and Diseases of Women and Children, Hygiene, Microscopy and Physics.

Candidates possessing special knowledge of the Higher Mathematics, Astronomy, Literature, Art and Ancient and Modern Languages will be given full credit for their proficiency.

Written examination—Written answers will be required on the following subjects, propounded by the Board: Anatomy, Histology, Physiology, Surgery, Theory and Practice of Medicine, Pathology, Obstetrics, Materia Medica and Physiological Action of Drugs, Chemistry, Legal Medicine, Hygiene, Quarantine, Toxicology, Physics, Botany, Geology, Zoology and General Literature.

The number of questions on any one subject will be determined by the Board, according to the estimate made of the knowledge possessed by the candidate of any particular subject, as indicated in the oral examination.

The clinical examination of patients will be made by the candidate at a naval hospital, and will include the use of the Microscope, Thermometer, Laryngoscope, Ophthalmoscope and other aids to physical diagnosis; after which he will be required to submit a written clinical report on one or more medical or surgical cases.

The practical examination will comprise surgical operations on the cadaver, the application of splints, bandages and surgical dressings, the use of the microscope (for clinical purposes, and the recognition of pathological or other specimens), and chemical and pharmaceutical manipulations.

A candidate may withdraw at any period of the examination, with the consent of the Board, and may at a future time present himself for re-examination.

The Board may conclude the examination—written, oral or practical—at any time, and may deviate from this general plan in such manner as it may deem best to insure the interest of the naval service.

The following are extracts from the acts of Congress approved July 25, 1882, and March 3, 1885, and are printed for the information of the Examiners in this Office.

WM. LOCHREN, Commissioner.

(Extract from the act of July 25, 1882.)

Sec. 4. That the Commissioner of Pensions is hereby authorized to appoint surgeons who, under his control and direction, shall make such examinations of pensioners and claimants for pension or increased pension as he shall require; and he shall organize boards of surgeons, to consist of three members each, at such points in each State as he shall deem necessary, and all examinations, so far as practicable, shall be made by the Boards, and no examinations shall be made by one surgeon excepting under such circumstances as make it impracticable for a claimant to present himself before a board: Provided, That the Commissioner may, when in his opinion the exigencies of the service require it, organize a board of three surgeons, who, under his direction, shall review the work of any regularly appointed board of surgeons: Provided further, That all examinations shall be thorough and searching, and the certificate contain a full description of the physical condition of the claimant at the time, which shall include all the physical and rational signs and a statement of all structural changes.

The fee for each examination, and satisfactory certificate thereof, shall be two dollars to each member when made by a board, and two dollars when made by one surgeon: Provided, That when a claimant is so disabled as not to be able to present himself to a board or surgeons for examination, the Commissioner may order a surgeon to make the examination at the claimant's residence; and the fee for such examination shall be two dollars in addition to the payment of the actual traveling expenses of the surgeon: Provided further, That no fee shall be allowed or paid to any member of such board of examining surgeons who does not actually participate in such examination and sign the certificate thereof.

The Commissioner may, when in his judgment the degree of disability can not be determined truthfully or satisfactorily excepting by expert examination, employ an expert, not a regularly appointed surgeon, to make the examination; and the fee for such examination shall be five dollars: Provided, That the fee for an expert examination shall not be paid to any regularly appointed examining surgeon.

(Extract from the act of Congress approved March 3, 1885.)

"For fees and expenses of examining surgeons, five hundred thousand dollars, and each member of each Examining Board shall, as now authorized by law, receive the sum of two dollars for the examination of each applicant, whenever five or a less number shall be examined on any one day, and a dollar for the examination of each additional applicant on such day: Provided, That if twenty or more applicants appear on one day no fewer than twenty shall, if practicable, be examined on said day, and if fewer examinations be then made, twenty or more having appeared, then there shall be paid for the first examination made on the next examination day the fee of one dollar only until twenty examinations shall have been made: Provided, That all applicants for pensions shall be presumed to have had no disability at the time of enlistment, but such presumption may be rebutted."

PRACTICAL LABORATORY INSTRUCTION AND SPECIAL CLINICS.

Four regular courses of lectures by the Faculty embrace the whole medical curriculum.

To each department of the regular curriculum there is appended a Laboratory Course, carried on in large and thoroughly equipped apartments in the College, by specially appointed Demonstrators, under the immediate direction of the Professor. In this way each candidate for the degree of M. D. is immediately and personally taught in Obstetrics and Gynecology, Physical Diagnosis, Laryngology, Ophthalmology, Orthopedic Surgery, Dermatology, Medical Chemistry, Pharmacy, Materia Medica and Experimental Therapeutics, Physiology, Histology and Experimental Physiology, and Minor Surgery, Bandaging, Operations on the Cadaver, etc., and in the Department of Medicine, "clinical conferences," and practical lessons in Physical Diagnosis.

CLINICAL INSTRUCTION is given *daily* at the HOSPITAL OF THE JEFFERSON MEDICAL COLLEGE throughout the year by members of the Faculty, and by the Hospital Staff, and at the Pennsylvania and other Hospitals several times a week.

Bedside instruction in Medicine, Gynecology, Surgery, Obstetrics, and all the special branches, is a part of the course, and is without extra fee.

The Annual Announcement, giving full particulars, will be sent on application to

J. W. HOLLAND, M. D., Dean,

Requirements for admission to the first year class.—Do be admitted to the first year class without examination the applicant must show the diploma of a college, academy, seminary, normal school or high school, or a teacher's permanent certificate, a teacher's provisional certificate with general average of not less than two; or a student's certificate of examination for admission to the freshman class in any college, or a certificate from the examiners of a Pennsylvania County Medical Society that the applicant has passed satisfactorily an examination covering the subjects required for entrance to this college, or a certificate from the head of an academy or high school of recognized standing attesting the applicant's proficiency in the required subjects. In the absence of such diploma or certificate the applicant must stand an examination in arithmetic, grammar, geography, orthography, American history, English composition and elementary physics at the college or in some other city before an examiner appointed by the Faculty. Entrance examinations will be held at the College in June, September 23 and October 2 and 4 at 11 A. M., and at other times by special arrangement with the Dean. Applicants who present written evidence of having studied and done the laboratory work in chemistry equivalent to that of the first year in this college may take the lectures and laboratory work in chemistry of the second year during their first year, but must be examined in the chemistry of both years at the end of the second year. To advanced standing.—College graduates in Arts or Science who, during their college course have devoted the stated number of hours to the study of the following branches or their equivalents—general biology, 90 hours; mammalian anatomy, 144 hours; chemistry, 216 hours; physics, 72 hours; histology, 72 hours; human anatomy, 144 hours; physiology, 48 hours; zoology, 96 hours; embryology, 72 hours—are admitted to the second year without an entrance examination. During their first year they must take Materia Medica, Pharmacy and Hygiene (including the laboratory work), and at the end of the year be examined in them. At the end of this second year they must also have completed the dissection of the entire human body and be examined in the entire subjects of anatomy and physiology. From other medical colleges.—Every applicant for advanced standing, including graduates of medicine, will be required (1) to present satisfactory evidence of having attended courses reasonably equivalent to those already attended by the class to which he seeks admission, and (2) to be examined in all the subjects in which the said class shall have been examined already; the examination to be held at the beginning or the end of the session, at the choice of the applicant. Medical post graduates.—Graduates in medicine desiring to take the fourth year of study or its equivalent without being candidates for the degree, and therefore without examination, will receive only a certificate of attendance. Graduates of dentistry and pharmacy.—Graduates of recognized colleges of pharmacy are admitted to the second year, but at the end of the second year they shall be examined in the entire subjects of anatomy and physiology and shall have dissected the entire human body in this college. Graduates of recognized dental colleges are admitted to the second year, but they must take the lectures and laboratory work in Materia Medica and Pharmacy and pass an examination in these branches in addition to the work of the second year. HAHNEMANN MEDICAL COLLEGE AND HOSPITAL, Broad st., above Race st., Philadelphia, Pa. It is the oldest Homoeopathic Medical College in the world. Alumni numbers upwards of 2200, \$100 first year, \$125 for second, third and fourth years. Graduation, \$30. Must have a diploma of a college or pass an examination. The hospital in conjunction to the college gives excellent opportunity for bedside work. Professors.—Pemberton Dudley, M. D., Dean, Prof. of Institutes of Medicine and Hygiene; Charles M. Thomas, M. D., Prof. of Ophthalmology and Otolaryngology; John E. James, M. D., Prof. of Gynaecology; Charles Mohr, M. D., Registrar, Prof. of Materia Medica and Therapeutics; W. C. Goodno, M. D., Prof. of Pathology and the Practice of Medicine; Charles Platt, Ph. D., F. C. S., Prof. of Chemistry; Wm. H. Bigler, M. D., Prof. of Physiology and Paediatrics; W. B. Van Lennep, M. D., Prof. of Surgery; Theodore J. Gramm, M. D., Prof. of Obstetrics; E. M. Howard, M. D., Associate Prof. of Materia Medica; H. L. Northrop, M. D., Prof. of Anatomy; O. S. Haines, M. D., Clinical Prof. of Medicine. Lecturers and Demonstrators.—R. B. Weaver, M. D., Lecturer on Surgical Anatomy and Demonstrator of Anatomy; W. S. Roney, A. M., Lecturer on Medical Jurisprudence; E. K. Snader, M. D., Lecturer and Demonstrator of Physical Diagnosis; Edward M. Cramm, M. D., Lecturer on Dermatology and Syphilology; Clarence Bartlett, M. D., Lecturer on Neurology and Insanity; F. W. Messerve, M. D., Demonstrator of Normal Histology; E. W. Mercer, M. D., Demonstrator of Obstetrics; L. W. Thompson, M. D., Demonstrator of Surgery; Carl V. Vischer, M. D., Lecturer on Surgery; H. F. Moore, A. B., Ph. D., Instructor in Biology; T. L. Bradford, M. D., Lecturer on History of Medicine; P. Sharples Hall, M. D., Lecturer and Demonstrator of Pathology and Bacteriology; Willett E. Botzel, M. D., Lecturer on Botany and Zoology; Raymond J. Harris, M. D., Assistant in Chemistry; Duncan Campbell, M. D., Lecturer on Medical Terminology. Course of study.—This college, in practical sympathy with the progressive spirit of the age, and to maintain that leading place which it has so long held among the great medical schools of the world, has adopted an obligatory Four Years' Graded Course. Time is thus secured, first, and chiefly, for more thorough instruction in, and familiarity with, the cardinal topics pertaining to each branch; secondly, for the introduction of important new subjects; thirdly, for additional laboratory and other practical work; and, fourthly, for the still further extension of this college's sub-class system of clinical teaching and practice and the profitable employment of a larger proportion of its immense facilities. The various branches pursued during the collegiate years are presented as follows: First year—1. History of Medicine. 2. Medical Terminology. 3. Biology. 4. Botany. 5. Zoology. 6. Physics. 7. Inorganic Chemistry. 8. Pharmacy. 9. Histology. 10. Anatomy. 11. Physiology. 12. Minor Surgery. 13. General Clinics. Second year—1. Medical and Practical Chemistry. 2. Toxicology. 3. Materia Medica. 4. Anatomy. 5. Physiology. 6. Normal Histology. 7. General Pathology. 8. Pathological Histology. 9. Institutes of Medicine. 10. Minor Surgery, bandaging. 11. General Clinics. Third year—1. Pathological Histology. 2. Bacteriology. 3. Surgical Anatomy. 4. Surgery. 5. Materia Medica, Drug Pathogenesis. 6. Practice of Medicine. 7. Physical Diagnosis. 8. Obstetrics. 9. Gynaecology. 10. Dermatology. 11. Syphilology. 12. Neurology, electro-therapeu-

tics. 13. Ophthalmology. 14. Otolaryngology. 15. Laryngology. 16. General Clinics. Fourth year.—1. Materia Medica, Homoeopathic Therapeutics. 2. Practice of Medicine. 3. Physical Diagnosis. 4. Surgery. 5. Obstetrics. 6. Paediatrics. 7. Hygiene. 8. Medical Jurisprudence. 9. Special Clinics, two hours daily, and beside instruction by sub-classes, including general medical and surgical diseases, and all the specialties in medicine. Recitations on all branches taught in each year are conducted by the instructors, and a mid-term and final examination is held at the end of each year. Students failing in any of the branches at the end of a term are required to pass the same before entering on the lectures of the succeeding year. These examinations are held during the first fortnight of the beginning of the college year.

Practical Laboratory Work.—The following laboratory work constitutes an important part of the course in this College, and is obligatory upon all. Students must pass an examination by the Demonstrator on this work, the report of which is returned to the Professor of the chair to which the department especially belongs. **Chemical Laboratory.**—The Chemical Laboratory, located in the basement, is equipped for the accommodation of 90 students. All the desks are furnished with water and gas, and are provided with drawers and closet, in which each student may keep all apparatus for which he is responsible. Reagents and apparatus are furnished free of cost, while all breakage is charged to the student, a small deposit being required to cover the same. The student here becomes familiar with chemical manipulations, is drilled in the detection of known and unknown substances, applies tests for the various poisons, and makes analyses of urine and other fluids of the body. **Anatomical Laboratory.**—The dissecting room is located at the top of the building, with high ceiling, and furnished with marble-top tables. Sky and side lights furnish the best of light by day, and the room is lighted by electricity at night. The floor is cemented, permitting of frequent flushing with water, which, with the provision for ventilation, gives the best sanitary conditions. Students are required to dissect every part of the body once at least, and a second dissection is recommended. Anatomical material is abundant and furnished at a small cost. **Histological and Bacteriological Laboratory.**—The Histological Laboratory, situated on the second floor, is furnished with thirty microscopes and all requisite instruments for section cutting, staining, mounting, etc. Each student is provided with a private drawer, with lock and key, for his instruments and specimens. In this course he is thoroughly instructed in the structure and working of the microscope, in the staining and mounting of specimens, as well as in the study of the various tissues of the body.

The collection of material is very large, covering the whole field of histology, both normal and pathological. **Laboratory of Practical Obstetrics.**—In this department, which is furnished with manikins, models and cadavers, the student of the fourth year is drilled in the diagnosis of the position of the foetus by touch, performs version, applies the forceps and other obstetrical instruments. The class is divided into sections, all students receiving individual instructions. **Laboratory of Operative Surgery.**—Under the direction of the Demonstrator of Surgery, students of the second year, in this department, are drilled in the use and application of all forms of bandages, roller and handkerchief, as well as the several fixed dressings, including plaster of paris, silica of soda and starch bandages. He applies the various fracture dressings, with which the room is abundantly supplied, is instructed in the use of the catheter and various other instruments; while students of the third year are required to perform on the

cadaver all the operations, including amputations, resection of joints, ligation of arteries, trephining, tracheotomy, castration, circumcision, etc.

Kammerly, Jr., M. D., Instr'r in Ophth'y; I. M. Koch, M. D., Instr'r in Skin and Ven'l Dis. The Medico-Chir'l College is situated in the heart of the city, and is therefore easily accessible from all parts. The new buildings are specially adapted to the teaching of large classes. There are three large amphitheatres giving exceptional facilities for carrying out the requisites of a three years' graded course. There are laboratories for practical work in Chem'y, Hist'y, Path'y, Bacter'y, Hyg'e, Phys'y, Therap'y and Phar'y. Ample facilities for dissection and operative surgery. The clinical amphitheatre and lecture rooms are provided with individual chairs. The Phila. and St. Joseph's and Ortho'e Hos. and Infir'y for Ner's Dis, St. Mary's, St. Agnes' and Howard Hos's, with each of which members of the faculty are associated, are open to our students. The clinics of the Pennsylvania and German Hospitals are free, and our graduates may enter competitive examinations for resident physician in the various city hospitals. The new Medico-Chirurgical Hospital accommodates one hundred and fifty patients, and is up to all the modern requirements of such an institution. Its various departments have treated over twelve thousand patients during the past year, and afford the best opportunities for the study of acute medical and surgical affections. Capital, Oral, Abdominal and Eye Operations are abundant and afford unlimited advantages for study and observation, especially to the third-course students, who are given special facilities in this direction. The new Maternity Hospital in connection with the College offers the students unsurpassed advantages in the practical

study of Obstetrics. Four resident physicians are selected by competitive examination from the graduation class, to serve one year. A new Clinical Amphitheatre is in the course of erection, which will surpass any now in existence in the perfection of its appointments for teaching surgery and clinical medicine. Requirements for admission.—Every candidate for admission to this College must present to the Faculty satisfactory evidence of good moral character. All persons who seek to matriculate for the first time are required to undergo an examination for admission, with the following exceptions: 1. Applicants who declare themselves not to be candidates for the degree of M. D. from this College. 2. Applicants who present diplomas or certificates of graduation in Arts, Philosophy, Science, Medicine, Pharmacy, Dentistry and Veterinary Surgery from recognized schools. 3. Applicants who present certificates from recognized colleges or schools to the effect that they have studied satisfactorily any or all the subjects demanded for admission to the College, are admitted without examination in the subjects so certified to. 4. Applicants who present a teacher's certificate from a county school superintendent, or a certificate of satisfactory examination before a duly organized county medical society or one of the Censors of the School. 5. Students taking a three years' course in this College must present a preceptor's certificate of having studied medicine one year already, according to the new law of this State. Arrangements may be made for examination by application to the Dean. Students having attended one course in a regular medical college are admitted to the second year of the College upon passing a satisfactory examination in the studies of the first year; those having attended two courses are admitted to the third year upon passing a satisfactory examination in the studies of the first and second years. Graduates in pharmacy, dentistry and veterinary medicine are admitted to the second year. Graduates of a regular medical college having three years' graded course are admitted to the fourth year without examination. Course of Instruction.—Inasmuch as no course of instruction, however learned, can replace actual laboratory training and clinical advantages, the College lays special claim to superiority in this direction. With this object in view no efforts have been spared to give the greatest importance to practical teaching. The course of instruction extends over three, or four, collegiate years, and consists of practical work in the various laboratories and the dissecting-room, and of didactic and clinical lectures, with weekly recitations upon the studies of each branch. Through instruction at the bedside is given in the wards of the Medico-Chirurgical, Philadelphia, and St. Agnes' Hospitals, under the direction of the members of the Faculty. The School claims that its practical advantages and special personal attention given to each student are unsurpassed. In the various laboratories the drilling is thorough, while the small classes taken to the bedside offer all possible opportunities to the student for practical advancement. The result is manifest by the superior rank attained by our students in competitive practical hospitals. Three Years' Courses—Attendance upon three annual sessions is required of all candidates for the degree of Doctor of Medicine. The course is graded and so arranged that the studies of one year are a necessary preparation for those that follow. The first year is largely devoted to practical laboratory work in the fundamental branches. Didactic teaching and recitations are supplemented by demonstrative and practical courses. Instruction is given in the various departments. In the second year dissecting is continued; laboratory work in Hygiene and General Pathology. The general branches of Medicine, Surgery and Obstetrics are taken up in lectures, clinics, and

bedside instruction. Special attention is given to each student during the year in practical diagnosis. In the third year the courses of lectures, bedside teaching and clinics are continued upon practical branches, while recitations upon each branch are added; clinical lectures on the various specialties, together with a complete practical course in Bacteriology. At the close of the third year the student has the option of becoming a candidate for the degree of Doctor of Medicine, of continuing his studies during the fourth year. Four Years' Course.—Students are earnestly recommended to prolong their studies during the fourth year, for further clinical instruction and a more rigid training in the various specialties and in the methods of conducting original research. Desirous of keeping in the front rank of medical progress, the Faculty has decided that at an early date a four years' compulsory course is to be adopted. At the close of this session the student may become a candidate for the degree of Doctor of Medicine cum laude, or, if he passes with an average about ninety, will receive the degree of M. D., summa cum laude. Quizzing Free of Charges.—A thorough system of Quizzes is conducted by the Professors themselves and their assistants upon all the branches, free of charge, offering an equal opportunity to each student for advancement. The importance of this special feature cannot be overestimated.

Course of Study.—The course of instruction extends over four years, with one session beginning the first of October (or the second, if the first fall on Sunday) and ending on the second Thursday in June in each year. The first year is largely occupied with the work in the various laboratories of Chemistry, Pharmacy, Osteology and Histology, and in Dissection. The first-year student may also attend clinical lectures in General Medicine and General Surgery. In the second year, in addition to didactic and clinical teaching, practical instruction is given in Medical Chemistry, Pathological Histology and Physical Diagnosis. Dissection is continued. Throughout the second, third and fourth years, the student is required to attend the general medical and surgical clinics at the University and Philadelphia Hospitals; and during the third and fourth years the clinics in special departments at the former. Special bedside instruction in Clinical Medicine, including Physical Diagnosis, and in Clinical Surgery, is given in the third year. During the fourth year, in addition to special bedside instruction in Clinical Medicine, in Clinical Surgery and in Gynecology, practical instruction is given in Operative Surgery and

Operative Obstetrics, in Diseases of the Nose and Throat. For this purpose, the third and fourth year classes are divided into sections, each of which receives direct personal instruction. The following voluntary electives are offered to the members of the fourth-year class. Each member of the class has the privilege of taking one or two of the electives: Nervous Diseases and Electro-Therapeutics, Orthopedic Surgery, Ophthalmology (including Ophthalmoscopy) Skin Diseases, Otology, Genito-Urinary Surgery, Advanced Hygiene including Bacteriology, Advanced Anatomy, Advanced Physiology, Advanced Pathology, Advanced Medical Chemistry including Toxicology, Pediatrics, Laryngology and Rhinology and Experimental Psychology. At the end of the fourth year the student may elect to be examined in the special branches selected in addition to the regular examinations of that year. The course of instruction is so arranged as to permit the constant introduction of new material, while retaining the repetition of essential subjects aimed at by the older method. The laboratory instruction is so coordinated with the oral teaching as to illustrate the subjects of the lectures. Advanced students are encouraged to make original researches in the laboratories of Pharmacy, Chemistry, Physiology, Pathology and Experimental Therapeutics.

WOMAN'S MEDICAL COLLEGE OF PHILADELPHIA, North College ave. and 21st st. Four years' course required. Charges average \$129, but vary with each year. Clinical advantages of the Woman's Hospital, which adjoins the college, are very great—over 4000 patients are treated annually. Fifty-two graduates last commencement. Woodbury, M. D., Inst'r in Dis's of Throat and Nose; Miss J. M. Ward, Inst'r in Massage; W. S. Leffmann, Clerk. Post Graduate instruction is given in all branches of medicine and surgery to small classes, in courses of six weeks and upwards, which may be begun at any time. Nurses are admitted to courses in electricity, massage and dietetics. The Labor'y Dept.—The Laboratories are divided into Chemical, Bacteriological, Pathological, Histological, Anatomical and Surgical. Courses are given here similar to those offered in the clinical departments of the college. Facilities are offered to the more advanced for research, experimental and original work. The Hospital Dept.—Resident Physicians—S. L. Gans, M. D., W. W. Babcock, M. D., E. L. Savage, M. D., J. W. Sherer, M. D., E. S. Corson, M. D., C. H. Fritz, M. D. The hospital work consists in the care of out-patients in the various dispensaries, which are open daily at regular hours, and the treatment in the wards and private rooms of such cases as require to be taken as in-patients. A number of free beds have been established, and pay-patients may be admitted under the care of their regular attendants, through one of the staff of the hospital. A Training School for Nurses is in operation under the supervision of the medical staff. Applications for admission should be made to the Supervising Nurse, Miss Maud Banfield. The full privileges of the wards, private rooms and suite of operating rooms may be extended by any member of the staff to physicians not connected with the institution. Many physicians who are not attached to hospitals frequently have cases that they would like to have under the auspices of a hospital, with its resident physician, trained nurses, and sanitary regime, and yet wish them under their own observation. Patients thus admitted to this hospital are attended by the physician for whom the case is admitted as freely as though he were a member of the staff. The admission blanks must invariably be signed by a member of the staff, who thereby assumes the responsibility for acts of the physician, after which arrangements and terms may be made with the matron.

THE PHILADELPHIA POST-GRADUATE SCHOOL OF HOMOEOPATHICS, 613 Spring Garden st., Phila. W. F. Kiercher, M. D., Sec'y. WESTERN PENNSYLVANIA MEDICAL COLLEGE (Medical Department Western University of Pennsylvania), Brereton ave. and 30th st., Pittsburgh, Pa.—The regular session begins on the last Tuesday of September, and continues six months. During this session, in addition to four didactic lectures, two or three hours are daily allotted to clinical instruction. A four years' graded course is required for graduation. The spring session embraces recitations, clinical lectures and exercises, and didactic lectures on special subjects. This session begins on the second Tuesday in April, and continues ten weeks. The laboratories are open during the collegiate year for instruction in chemistry, microscopy, practical demonstrations in medical and practical pathology and lessons in normal histology. Fees for the spring session.—Matric'n ticket, \$5; dissection ticket, \$10; recitations, clinics and lectures, \$25. Fees for general ticket to all the lectures, clinical and didactic, annually, \$100; dissection, \$10. No graduation fee. Special importance attaches to the superior clinical advantages possessed by this college. Faculty.—J. C. Lange, M. D., Prof. of the Prin's and prac'e of Med'e; W. Snively, M. D., Prof. of Clin'l Med'e; J. B. Murdoch, M. D., Prof. of Prac'e of Sur'y and Clin'l Sur'y; W. J. Asdale, M. D., Prof. of Dis. of Women; J. D. Thomas, M. D., Prof. of Gen-Urin'y and Ven'l Dis.; C. B. King, M. D., Prof. of Prin's of Sur'y and Ortho's Sur'y; S. Ayres, M. D., Prof. of Ner's and Mental Dis.; J. C. Dunn, M. D., Prof. of Mat'a Med., Therap's and Dis. of Skin; Hon. J. F. Slagle, Prof. of Legal Med'e; H. W. Hechelmann, M. D., Prof. of Dis. of Eye and Ear; J. M. DuE, M. D., Prof. of Obst's; N. W. Brown, M. D., Prof. of Hyg'e and Diet't; J. S. Mabon, M. UNION MISSION HOSPITAL Fourth St., above Columbia ave., Philadelphia, Pa.—It may not be amiss to preface this account of the Union Mission Hospital with a sketch of the Union Mission, of which the Hospital is an important part. In 1880 the head of the most complete and one of the largest hat manufactories in the United States, where are now employed nearly 1200 people, felt a broad-spirited inclination to bring about more complete intercourse between his employes, and, by regular association for social ends, bind them in closer relation with himself and each other for their common betterment. Rooms were set apart where they could meet during the evening and on Sunday. Reading matter and games were supplied, and entertaining exercises and instructive talks were instituted. The beneficial influence exerted was speedily evident, and greater expression was given to this humanitarian impulse by the es-

tablishment of lecture courses, musical entertainments, a free library, a literary union, kindergarten, Sunday school (the second largest in Philadelphia) gymnasium and, finally, a dispensary for the treatment of the employes and their families. So that now the Mission is a large structure, holding comfortably within its walls the various departments. All this has been accomplished and the Institution conducted without adherence to any one creed, without clerical direction or affiliation with any church or religious body, but pervaded and ruled throughout by a Christian character, and by the broad spirit of humanity and desire to be helpful to all men. The comprehensive liberality of the founder has found highest expression, perhaps, in the improvement of the Hospital, which, transferred in 1891 to commodious quarters, now opens its doors to all sufferers entitled to free medical advice and treatment. The result has been to establish a very large and rapidly increasing dispensary service, the limited ward capacity being supplemented by numerous visits from the Hospital corps to patients in their homes. METHODIST EPISCOPAL HOSPITAL, South Broad and Wolf sts., Philadelphia. The objects of this Hospital are to provide medical and surgical aid and nursing for the sick and wounded, either in the wards of the Hospital or at their homes; to instruct and train suitable persons in the duties of nursing and attending upon the sick. The Hospital is open, without cases, and of curable chronic diseases. No comment of accidents, of acute and sub-acute diseases, and of curable chronic diseases. No contagious, incurable or venereal diseases are admitted for treatment. Chronic cases may be admitted temporarily. Patients suffering from severe accidents, or serious illness, received at the Hospital at any hour of the day or night. Other patients, on week-days, between 9 a. m. and 5 p. m. They must apply in person to the Superintendent; if unable to apply in person, they may be visited by a Resident at their homes. The charge for treatment in the public wards is \$10 per week, or \$1.50 per day. Patients are expected to pay the cost of their maintenance, or a part of it, according to their means. Private rooms, well furnished and commodious, are provided at \$12.50 to \$25 per week, and patients occupying them can be treated by physicians not on the Hospital staff. Persons applying as free patients must bring a letter from a clergyman, or well-known citizen, certifying to their inability to pay. No one will ever be refused admission on account of his poverty unless the resources of the Hospital have been exhausted. The Hospital is open to visitors on

Tues., Thurs. and Sat'y's from 2 to 4 p. m. Support.—The Hospital receives no appropriations from the State, but is dependent upon the free-will offerings of individuals, Churches and Sabbath Schools. Liberal contributions are yet needed to enlarge the equipment, and to render fully available for the dependent sick the income from the Stewart bequest. To maintain the rapidly increasing charitable work of the Institution, annual subscription of one dollar and upwards are earnestly solicited, so as to secure a regular income to meet the current expenses. Remittances and donations should be sent to the Superintendent, at Broad and Wolf, and individual gifts will be credited to Churches and other organizations if desired. Officers: J. Gillinder, Pres.; S. Greene and Rev. J. S. J. McConnell, D.D., Vice Pres.; Rev. E. C. Griffiths, Sec'y; J. Gillespie, Treas.; C. W. McKeehan, Esq., Solicitor; Rev. A. Rittenhouse, D. GYNECEAN HOSPITAL, 247 N. 18th st., Philadelphia. This Institution was started eight years ago for the medical and surgical treatment of women, particularly those afflicted with the serious internal maladies peculiar to the sex, and who require surgical operation and hospital care. It is a true charity for the relief of poor sufferers. No medical fees are allowed, and no salaries are paid to the officials. The institution depends on private bounty, and fills a most important want. It greatly needs more free beds, and earnestly seeks endowments and bequests. Officers.—Alex. Biddle, Pres.; Howard W. HOWARD HOSPITAL AND INFIRMARY FOR INCURABLES, Broad and Catharine, Philadelphia. The object of this institution is the medical and surgical treatment of the sick and infirm deserving poor. It is unsectarian, and depends for its support upon the voluntary contributions of the benevolent. It receives no aid from the State. This institution occupies a wide and healthy field, and is established in its new building, specially designed and built for it, and recently enlarged to double its former size. Especially noteworthy is the new operating ward, built to meet the demands of the most exacting antiseptic technique, provided with glass tile floors and plate glass walls. The hospital has been specially useful to the large class of operatives in the factories and workshops of the district. Its medical department is organized on the specialty system, each physician devoting himself to the treatment of a special class of diseases. Friends of practical philanthropic work are asked to send liberal donations. Advice and medicines are free to patients. Officers.—A. W. Hoopes, 1531 N. 16th, Pres.; C. C. Wistar, 126 N. KENSINGTON HOSPITAL FOR WOMEN, No. 136 Diamond st., Philadelphia. This institution was organized in 1883 for the medical and surgical treatment of the diseases peculiar to women. Many of these diseases require grave surgical operations for their cure, for the successful performance of which it is necessary to have strictly clean and aseptic surroundings. These conditions can be secured best in a hospital in which only this work is done. This is the oldest hospital in the city for the treatment of the special diseases of women exclusively. The primary object of the hospital is the charitable treatment of the poor, without regard to race or religion. Well appointed rooms are provided also for private patients. The institution is dependent on charitable contributions for its support. Rt. Rev. O. W. Whitaker, D. D., Pres.; W. P. Ellison, Sec. and Treas. 24 S. 6th st. Directors.—Rt. Rev. O. W. Whitaker, D. FRIENDS' ASYLUM FOR THE INSANE, Frankford, Phila., Pa. Robert H. Chase, M. D., Physician and Sup't. The Institution is open for the reception of all classes of insane, without regard to the duration or curability of the disease. It is proper to state, however, that idiots or persons affected with mania-a-potu are not considered suitable subjects for this Asylum. Previous to a patient being taken to the Institution, it is necessary to arrange the rate of board with a Manager (or if more convenient, with the Superintendent at the Asylum); to furnish a certificate of insanity from two or more respectable physicians, accompanied by a request signed by a legal guardian (or by a relative or friend in case the patient has no guardian), that the individual may be received into the Asylum. For the payment of board, etc., an agreement must be signed by at least two responsible persons as sureties, one of whom must reside in or near Philadelphia. The charge for board includes washing, medicines, medical attendance, etc. If private attendants are deemed necessary or desirable they can at all times be furnished by a special arrangement with the Superintendent.

WALNUT LODGE HOSPITAL

HARTFORD, CONN.

Organized in 1880 for the special medical treatment of

ALCOHOL AND OPIUM INEBRIATES

and is now the oldest private asylum for this class in the country.

Elegantly situated in the suburbs of the city, with every appointment and appliance for the treatment of this class of cases, including *Turkish, Russian, Roman, Saline and Medicated Baths*. Each case comes under the direct personal care of the physician. Experience shows that a large proportion of these cases are curable, and all are benefited from the application of exact hygienic and scientific measures. This institution is founded on the well-recognized fact that *Inebriety is a disease, and curable, and all these cases require rest, change of thought and living, etc.*

Applications and all inquiries should be addressed

THE REASON WHY

Why is it that Compound Oxygen cures so many cases of disease which physicians have pronounced incurable? Oxygen is admitted to be a germicide. Ozone is a revitalizer. Many diseases have been shown to result from the presence of bacteria or germs. Compound Oxygen is rich in ozone, and is, therefore, a revitalizer and a powerful one as well as anti-septic, and this accounts for the wonderful success which it has achieved within the past twenty-five years. This success is an established fact, substantiated by the willing testimony of grateful patients. For further information, call and see Drs. Starkey & Palen at their office, or write for book of 200 pages sent free.

MEDICAL INSPECTORS' LAWS.

Rules Defining the Duties of the Medical Inspector and his Assistants.

The Medical Inspector shall have the supervision of the management of Contagious and Infectious Diseases; and shall supervise the work of the Assistant Medical Inspectors. All questions requiring special medical knowledge or investigation shall be referred to him. He shall be required to be present at the office during the meetings of the Board, and at such other times between the hours of 9 o'clock A. M. and 4 o'clock P. M. daily, as his duties will permit of.

He shall, from time to time, with the aid of his assistants, make a thorough examination of all school buildings, with the object of discovering and of having remedied all conditions having a tendency to affect injuriously the health of the children. He shall, from time to time, report to the Board the results of his investigation, with such recommendations as he may deem proper. On the first Tuesday in January and July of each year he shall make a full report of his work for the preceding six months.

The Assistant Medical Inspectors shall be under the immediate direction of the Medical Inspector. They shall report in person daily to him at 12 o'clock noon or as often as shall be required. They shall be assigned to districts, over which they are expected to have sanitary supervision. They shall visit and examine infected houses and all cases of contagious or infectious diseases assigned to them and make a full report, with recommendations in writing, and, when necessary, also by telephone or telegraph. They shall insist upon the application of all necessary sanitary and prophylactic measures. In all cases in which diseases can be spread, either directly or indirectly, from one person to another, the isolation of the patient and the disinfection or destruction of the infectious material are of primary importance. Isolation may be accomplished by removing the sick at the earliest possible moment from the house to the Municipal Hospital if it is not possible in the house, or, in some cases, by removal of the well, if accomplished at the outbreak of the disease.

The arrest of the spread of the disease is further to be attempted by thorough ventilation and cleanliness of the sick room, the prompt and efficient disinfection of the excreta, the disinfection of bedding, clothing and all articles in the sick room before their removal; and, after recovery or death of the patient, by disinfection of the clothing, rooms, houses, cesspools, etc. Disinfecting chambers have been provided on the grounds of the Municipal Hospital for the immediate purification, by heat and other means, of all soiled clothing, bedding and other infected articles that cannot be

properly treated at home. Whenever such is required the Health Officer should be notified. Printed circulars describing particularly the measures necessary to employ in cases of contagious and infectious diseases should be sent to or left at the house.

Whenever the sick "cannot be properly attended to at home," a recommendation for their removal to the Municipal Hospital should be furnished the Medical Inspector. The duty of visiting houses where there are cases of contagious or infectious diseases should be performed with great discretion, so that, while nothing necessary to be known shall escape observation, the service shall not excite opposition by its obtrusiveness and unnecessarily inquisitorial character.

All cases of diseases mentioned in the "notification blanks" are required to be reported, but it is not expected that all cases shall be visited. Discriminating judgment must be exercised in this matter. The reports furnished by physicians will aid in forming a judgment. Repeated inspection is more particularly necessary where the sick are not isolated, disinfection and sanitary and precautionary measures are not employed, and where intercourse with the sick and the public is not prevented, in order to correct these faults. In such cases a watchman may be necessary, and may be secured by notifying the Health Officer.

Carefully respect the rights of the attending physician.

Well children in the family should be prohibited from attending schools or public assemblages.

Small packages of chloride of lime, carbolic acid, sulphur and corrosive sublimate have been prepared. A few of these should be taken on the tour of inspection for immediate use where necessity requires it.

The Assistant Medical Inspectors should note whatever is not sanitary about the house, premises or locality, and report the same for correction.

Their duties in reference to contagious and infectious diseases shall be performed as herein described, and as further explained in circular upon "Sanitary Inspection in Relation to Contagious and Infectious Diseases."

Whenever a case of contagious or infectious disease occurs in a family in which any member thereof attends school, the Assistant Medical Inspector shall promptly fill out a printed blank of notification of such disease and send the same to the principal of the school where such child or children of the family attend. Whenever such case has terminated, either in recovery or death, the Assistant Medical Inspectors shall require and supervise the destruction of all books likely to have become infected by having been brought in contact with the person sick or his effects. They shall, upon recovery of the sick, issue a certificate of recovery permitting the return of the child to school, which certificate alone shall be recognized as valid for this purpose. The following are designated as safe periods after convalescence for issuing such certificates: Three (3) weeks after full and absolute recovery from scarlet fever; two (2) weeks after diphtheria, and two (2) weeks after small-pox.

Whenever a case of cholera occurs (or even a case of "suspected cholera," and until such suspicion is disposed of by a biological test, which must be made in all cases) the Medical Inspector shall place an Assistant Medical Inspector in the house where the sickness has occurred, and such officer shall be on duty (being relieved by one of the corps at proper intervals) to enforce instructions for at least five days after the removal of the patient to the Municipal Hospital, or after death. A disinfectant shall be at the service of said officer to disinfect under his instructions. Being on

duty means to be present sufficiently often and long to have complete knowledge of everything that takes place in the house. If it be necessary to guard the house the Health Officer shall employ watchmen for the purpose upon requisition of the Medical Inspector.

The object of this order is to intercept and completely control the first cases, and thereby prevent the spread of the disease.

A circular of instructions shall be left at every house where disease occurs, independent of the public distribution of this information.

It is advised that disinfection be promptly carried out at home under the supervision of the Assistant Medical Inspectors; but when articles cannot, in the opinion of the Inspectors, be so disinfected, they must be removed to the Municipal Hospital for proper treatment, by requisition of the Health Officer.

The Assistant Medical Inspectors shall make written report of the condition of the premises where the sick reside, with such recommendations as they may deem advisable for the improvement of its sanitary condition.

When a house is placed "under quarantine restrictions," they shall state whether "complete" or "partial;" if the latter, they shall name the person or persons of the family, not coming in contact with the sick, who may be permitted to leave and enter the house, and the Health Officer shall place these names upon the order furnished the watchman.

They shall visit and examine public schools and other school buildings located in their districts whenever so directed, and make thorough inspection of the buildings and appliances in the manner laid down in "Principles of Sanitary Inspection" issued by the Board of Health.

They shall have a general sanitary supervision over their districts and report whatever faults need correction. They shall visit industrial establishments with a view of discovering nuisances thereon or caused by the process of manufacture; they shall observe the conditions of the streets and public places, note defects in surface drainage, and all offenses against sanitary law and rules without waiting for specific complaint to be made; and they shall inquire diligently into all natural and acquired conditions having a tendency to affect injuriously the health of the people.

The Medical Inspector shall analyze the reports of his assistants and refer them to the Board or to the Health Officer, or to the Nuisance Department, as the case may be, for the necessary action; blanks and books shall be kept for this purpose.

MAPOTHER HOME FOR INVALIDS AND FEEBLE-MINDED, Harrowgate lane, above Kensington avenue, Philadelphia.

THE MORGUE, 1307-9 Wood st., Philadelphia. The new Morgue, which is of brick and red sandstone, is two stories in height, with refrigerating and electrical plants. It is fitted up in hard wood and the walls are ornamented with tiling. On each side of the entrance are the offices of Superintendent Robinson and his assistants. Directly back of these is the main hall, 32 feet square.

The refrigerating and electrical plants, with the boxes for the bodies, are in the basement. There are ten of the latter, fitted up with sliding stretchers to accommodate twenty bodies. On both sides of the main hall, directly above, are series of plate glass windows imbedded in the floor, surmounted by a railing, and so arranged that the faces of the dead in the boxes below may be inspected from above. The features are made plainer by electric lights placed so that the rays fall directly upon the face of the body in each box.

The second story contains the room for post-mortem examinations, and a room for the Coroner's physician. An elevator occupies a corner at the rear, and together the edifice is fitted up in a most advantageous manner.

THE RICHARDSON HOME FOR CONVALESCENTS (Founded by Lady Kortright), Devon, Pa. The attention of physicians and others is invited to the facilities offered for convalescents. The Home is under the care of the Presbyterian Hospital. It is, however, open for patients from all sources. No contagious or infectious cases admitted. Physicians can attend their patients personally, if so desired. Prices for rooms, from \$7 to \$20 per week, including board and general attendance, etc. For further information address as above.

NURSES' TRAINING SCHOOL of the Woman's Hospital of Philadelphia. The course in the training school requires two years for its completion, and has in view the elevation of the standard of attainments and qualifications of nurses, so as to make the vocation one of dignity and honor, no less than of usefulness. A dormitory for nurses is on the hospital grounds, 62 feet in length by 42 in width, three stories high. Commencements are now held in the clinic hall, when those students who have passed successfully the examinations receive the diploma of the school. Applications for admission to the nurse school should be made to A. M. Fullerton, M. D., Physician in Charge, Woman's Hospital, Philadelphia, Pa.

DIRECTORY FOR NURSES. Hall of the College of Physicians, 219 South 13th st., Philadelphia. Established 1882. Its object is to keep a list of registered nurses who have been recommended by three physicians and three families for whom they have nursed. Each nurse records her name, address, age, the training school from which she graduated and her other qualifications as a nurse, the class of cases she desires to take and her rates of charge, by the day or week. Physicians are desired to send to the directory any thoroughly good nurse they know who is not registered, also any good wet nurse. It is the intention of the committee that the directory shall be a bureau of information of everything relating to the sick. To this end physicians are requested to furnish any information, at once, to the Secretary. The office of the Secretary is at the hall of the College of Physicians, northeast corner Thirteenth and Locust streets, and is open at all hours, day or night. The registration fee (paid only once by the nurse), is \$3.00, and the annual subscription, \$2.00. The directory does not regulate the prices asked by nurses, but only registers them. Patients must arrange with the nurses as to rates of payment and period of engagement. Fees for furnishing information leading to the engagement of a nurse, \$2.00; for wet nurse (uncertified), \$5.00; for wet nurses (certified, after careful medical examination), \$10.00. Committee of the College of Physicians.—Wharton Sinkler, M. D.; James C. Wilson, M. D.; James V. Ingham, M. D. Sec'y, Miss S. H. Fulcom.

SOME LEGAL REQUIREMENTS FOR THE PRACTICE OF MEDICINE IN THE UNITED STATES.

(Compiled for the Journal of the American Medical Association).

In force January 1, 1894.

Alabama.—A certificate of successful examination by the State (or county) Board of Medical Examiners. Diplomas confer no right to practice.

Arizona.—Registry, with a county recorder, of an unrevoked, uncanceled "diploma regularly issued by a medical college properly and lawfully organized under the laws of the State wherein said college shall be located."

Arkansas.—A certificate of successful examination by the State (or county) Board of Medical Examiners. Diplomas confer no right to practice.

California.—A certificate issued on the diploma of a college in good standing or upon a successful examination by one of the State Boards of Medical Examiners—regular, homoeopathic or eclectic.

Colorado.—Similar to California, except that there is but one State Board of Medical Examiners.

Connecticut.—A certificate of registration of the diploma of a college "recognized as reputable by one of the chartered medical societies of the State," regular, homoeopathic, eclectic; or a certificate of satisfactory examination by a committee appointed for the purpose by the State Board of Health.

Delaware.—A certificate based upon the registration of a diploma from "a respectable medical college," or upon "a full and impartial examination by the State Board of Medical Examiners."

District of Columbia.—Nominally the indorsement of a diploma, or an examination, by a committee of the District Medical Society; practically no requirement.

Florida.—A certificate of satisfactory examination by the State (or district) Board of Medical Examiners. Diplomas confer no right to practice.

Georgia.—The registration of a diploma from any "incorporated medical college, medical

school or university." The clerks of the Superior Courts are the sole judges of the value of the diploma as evidence of fitness for medical practice.

Idaho.—The record of a diploma at a county seat.

Illinois.—A certificate issued by the State Board of Health upon the diploma of a legally chartered medical institution in good standing as determined by the Board, or upon a satisfactory examination by the Board.

Indiana.—The registration in a county clerk's office of a diploma "from some reputable medical college."

Indian Territory.—a. Cherokee Nation: An examination by the Board of Medical Examiners; b. Choctaw Nation: A certificate based upon a diploma or upon an examination by the Board of Medical Examiners; c. Creek Nation: Payment of \$25 annually as a license fee.

Iowa.—Similar to Illinois.

Kansas.—The registry of a diploma from "some respectable school of medicine," or of a certificate of qualification from some State or county medical society.

Kentucky.—A certificate from the State Board of Health issued upon the "diploma of a reputable and legally chartered medical college."

Louisiana.—The record of a diploma from "any medical institution of credit and respectability" after indorsement by the State Board of Health.

Maine.—No legal requirement. In 1887 an act to regulate the practice of medicine was passed by the Legislature, but was vetoed by the Governor.

Maryland.—A certificate issued upon a satisfactory examination by the State Board of Medical Examiners. Diplomas confer no right to practice.

Massachusetts.—No legal requirement.

Minnesota.—Similar to Maryland.

Mississippi.—Similar to Maryland, except that the examination is made, and the certificate issued by the State Board of Health.

Missouri.—Similar to Illinois.

Montana.—Ten years of practice; a certificate upon the diploma of a college "in good standing," or upon an examination by the State Board of Medical Examiners.

Nebreska.—A certificate issued by the State Board of Health upon the diploma of a "legally chartered medical school or college in good standing," as defined in Section 8 of the Act of July, 1891.

Nevada.—The record of a diploma from "some regularly chartered medical school."

New Hampshire.—No legal requirement.

New Jersey.—A license issued upon a successful examination by the State Board of Medical Examiners. Diplomas confer no right to practice.

New Mexico.—A certificate upon the diploma of a legally chartered medical institution in good standing, or an examination by the Territorial Board of Medical Examiners.

New York.—A license issued upon a successful examination by one of the State Boards of Medical Examiners, regular, homoeopathic, eclectic. Diplomas confer no right to practice.

North Carolina.—A license issued upon a successful examination by the State Board of Medical Examiners. Diplomas confer no right to practice.

North Dakota.—Similar to North Carolina.

Ohio.—The diploma of a respectable school of medicine, or a certificate of qualification from State or county medical society.

Oklahoma.—A license issued by the Superintendent of Public Health upon a medical diploma or after examination.

Oregon.—A certificate on the diploma of a college "in good standing," or after examination by the State Board of Medical Examiners.

Pennsylvania.—A license issued after examination before one of the State Boards of Medical Examiners: Act of May 18, 1893; takes effect March 1, 1894. Diplomas will thereafter confer

no right to practice.

Rhode Island.—No legal requirement.

South Carolina.—A certificate of verification of the diploma of a reputable medical college. An Act of December 24, 1890, abolished the State Board of Medical Examiners created by the Act of 1888, and under which the diploma conferred no right to practice.

South Dakota.—A license issued by the State Board of Health after examination. Diplomas confer no right to practice.

Tennessee.—A license on the diploma of a college "in good standing," or after examination by the State Board of Medical Examiners.

Texas.—A license issued after examination by a District Board of Medical Examiners. Diplomas confer no right to practice.

Utah.—A license issued by the Board of Medical Examiners after examination. Diplomas confer no right to practice.

Vermont.—The registry of a diploma indorsed by one of the Boards of Medical Censors, or a certificate of examination by one of the Boards.

Virginia.—A license issued after examination by the State Board of Medical Examiners. Diplomas confer no right to practice.

Washington.—Similar to Virginia.

West Virginia.—A license on the diploma of a reputable college, or after examination by the State Board of Health.

Wisconsin.—The indorsement of a medical diploma by the censors of either of the State or County Medical Societies.

Wyoming.—The record of a diploma with a Registrar of Deeds.

MEDICAL LAWS OF PENNSYLVANIA—1877.

The Act of Assembly of the Commonwealth of Pennsylvania, of the 24th of March, 1877, in Relation to the Qualifications of Physicians and Surgeons.

QUALIFICATIONS OF MEDICAL PRACTITIONERS.—Sec. 1. The standard qualifications of a practitioner of medicine, surgery or obstetrics, shall be and consist of the following, namely: a good moral character, thorough elementary education, a comprehensive knowledge of human anatomy, human physiology, pathology, chemistry, materia medica, obstetrics and practice of medicine and surgery and public hygiene.

NO PERSON TO PRACTICE WITHOUT A DIPLOMA.—Sec. 2. It shall be unlawful after the passage of this act for any person to announce himself as a practitioner of medicine, surgery or obstetrics, or to practice the same, who has not received in a regular manner a diploma from a chartered medical school, duly authorized to confer upon its alumni the degree of doctor of medicine.

EXCEPTION.—Provided, that this act shall not apply to any resident practitioner of medicine, surgery or obstetrics, who has been in such continuous practice in this Commonwealth for a period of not less than five years previous to the passage of this act.

DUTIES OF PERSONS PRACTICING WITHOUT DIPLOMA.—Sec. 3. Before any person shall engage in the practice of medicine, surgery or obstetrics in the Commonwealth, or who has not a diploma as provided for in section second of this act, such person shall make affidavit, under oath or affirmation. Before the Prothonotary of the county where such person intends practicing, setting forth the time of continuous practice and the place or places where such practice was pursued in this Commonwealth; thereupon, the Prothonotary shall enter the same of record in a book specially provided therefor, to be kept in his office, and open to the inspection of the public; and for such service he shall receive the sum of two dollars, to be paid by the affiant, one-half for the use of the Prothonotary, the other for use of the county.

TRANSIENT PRACTICE REGULATED.—Sec. 4. Any person who shall practice medicine or surgery for a valuable consideration, by opening a transient office, within this Commonwealth, or who shall by handbill or other form of written or printed advertisement, assign such transient office, or other place, to persons seeking medical or surgical advice or prescription, or who shall itinerate from place to place, or from house to house, and shall propose to cure any person, sick or afflicted, by the use of any medicine, means or agency whatsoever, for a valuable consideration, shall, before being allowed to practice in this manner, appear before the clerk of the Court of Quarter Sessions of the county wherein such person desires to practice, and shall furnish satisfactory evidence to such clerk that the provisions of this act have been

complied with; and shall, in addition, take out a license for one year, and pay into the county treasury, for the use of such county, the sum of fifty dollars therefor; whereupon it shall be the duty of such clerk to issue to such applicant a proper certificate of license, on the payment of the fee of five dollars for his services.

PENALTY FOR VIOLATION.—Sec. 5. Any person who shall violate or fail to comply with any of the provisions of this act shall be deemed guilty of a misdemeanor, and on conviction before any Court, shall be sentenced to pay a fine of not less than two hundred dollars nor more than four hundred dollars for each and every such offense, for the use of the county wherein such misdemeanor is committed.

An Act to Provide for the Registration of all Practitioners of Medicine and Surgery.

Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania, in General Assembly met:

Sec. 1, etc. That the prothonotary of each county shall purchase a book of suitable size, to be known as the medical register of the county (if such book has not been purchased already), and shall set apart one full page for the registration of each practitioner; and when any practitioner shall depart this life, or remove from the county, he shall make a note of the same at the bottom of the page, and shall perform such other duties as are required by this act.

Sec. 2. Every person who shall practice medicine or surgery, or any of the branches of medicine or surgery for gain, or shall receive or accept for his or her services as a practitioner of medicine or surgery, any fee or reward, directly or indirectly, shall be a graduate of a legally chartered medical college or university having authority to confer the degree of Doctor of Medicine (except as provided for in section five of this act); and such persons shall present to the prothonotary of the county in which he or she resides or sojourns, his or her medical diploma, as well as a true copy of the same, including any indorsements thereon, and shall make affidavit before him that the diploma and indorsements are genuine; thereupon the prothonotary shall enter the following in the register, to wit: the name in full of the practitioner, his or her nativity, his or her place of residence, the name of the college or university that has conferred the degree of Doctor of Medicine, the year when such degree was conferred, and in like manner any other degree or degrees that the practitioner may desire to place on record; to all of which the practitioner shall make affidavit before the prothonotary, and the prothonotary shall place the copy of such diploma, including the indorsements, on file in his office for inspection by the public.

Sec. 3. Any person whose medical diploma has been destroyed or lost shall present to the prothonotary of the county in which he or she resides or sojourns, a duly certified copy of his or her diploma; but if the same is not obtainable a statement of this fact, together with the names of the professors whose lectures he or she attended; and the branches of study upon which each professor lectured, to all of which the practitioner shall make affidavit before the prothonotary, after which the practitioner shall be allowed to register in manner and form as indicated in section two of this act, and the prothonotary shall place such certified statement on file in his office for inspection by the public.

Sec. 4. Any person who may desire to commence the practice of medicine or surgery in this State after the passage of this act, having a medical diploma issued or purporting to have been issued by any college, university, society or association in another State or foreign country, shall lay the same before the faculty of one of the medical colleges or university of this Commonwealth for inspection; and the faculty, being satisfied as to the qualifications of the applicant and the genuineness of the diploma, shall direct the dean of the faculty to indorse the same, after which such person shall be allowed to register as required by section two of this act.

Sec. 5. Any person who has been in the continuous practice of medicine or surgery in this Commonwealth since one thousand eight hundred and seventy-one without the degree of Doctor of Medicine shall be allowed to continue such practice, but such person shall, nevertheless, appear before the Prothonotary of the county in which he or she resides and shall present to him a written statement of these facts, to which the practitioner shall make affidavit. Thereupon, the Prothonotary shall enter the following in the register, to wit: The name in full of the practitioner, his or her place of nativity, his or her place of residence, the time of continuous practice in this Commonwealth, and the place or places where

such practice was pursued, to all of which the practitioner shall likewise make affidavit, and the Prothonotary shall place the certified statement on file in his office for inspection by the public.

Sec. 6. Every practitioner who shall be admitted to registration shall pay to the Prothonotary one dollar, which shall be compensation in full for registration, and the Prothonotary shall give a receipt for the same.

Sec. 7. Any practitioner who shall present to the faculty of an institution an indorsement, or to a prothonotary a diploma which has been obtained fraudulently, or is in whole or in part a forgery, or shall make affidavit to any false statement to be filed or registered, or shall practice medicine or surgery without conforming to the requirements of this act, or shall otherwise violate or neglect to comply with any of the provisions of this act, shall be deemed guilty of a misdemeanor, and on conviction shall be punished for each and every offense by a fine of \$100, one-half to be paid to the prosecutor, and the other half to be paid to the county, or be imprisoned in the county jail of the proper county, for a term not exceeding one year, or both, or either, at the discretion of the Court.

Sec. 8. Nothing in this act shall be so construed as to prevent any physician or surgeon legally qualified to practice medicine or surgery in the State in which he or she resides from practicing in this Commonwealth; but any person or persons opening an office, or appointing any place where he or she may meet patients or receive calls, shall be deemed a sojourner, and shall conform to the requirements of this act.

Sec. 9. This act shall take effect on the first day of June, one thousand eight hundred and eighty-one.

Sec. 10. That all acts or parts of acts heretofore passed, and inconsistent with this act be, and the same are hereby repealed.

MEDICAL LAWS OF PENNSYLVANIA—1893.

To establish a Medical Council and three State Boards of Medical Examiners, to define the powers and duties of said Medical Council and said State Boards of Medical Examiners, to provide for the examination and licensing of practitioners of medicine and surgery, to further regulate the practice of medicine and surgery.

Whereas, The safety of the public is endangered by incompetent physicians and surgeons, and due regard for public health and the preservation of human life demands that none but competent and properly qualified physicians and surgeons shall be allowed to practice their profession.

Section 1. Be it enacted, etc., That there shall be established a Medical Council of Pennsylvania, consisting of the Lieutenant Governor, the Attorney General, the Secretary of Internal Affairs, the Superintendent of Public Instruction and the President of the State Board of Health and Vital Statistics and the Presidents of the three State Boards of Medical Examiners provided for in this act.

Section 2. The said council shall be known by the name and style of the Medical Council of Pennsylvania, and may adopt and make all necessary rules and regulations and by-laws not inconsistent with the Constitution and laws of this Commonwealth, or of the United States, and shall have power to locate and maintain an office within this State for the transaction of business; five members of the said council shall constitute a quorum for the transaction of business.

Section 3. The said council shall organize at Harrisburg within ten days from the date of the organization of three boards of medical examiners, and shall elect from its own number a president and secretary, who shall also act as treasurer, both of whom shall hold their offices for one year, or until their successors are chosen.

Section 4. The members of the said council shall receive no salary, except the secretary and treasurer, who shall receive a salary of not over \$500, and who shall file with the president of the council a bond in the sum of \$1000, conditioned for the faithful performance of his duties. The necessary expenses of the said council shall be paid out of the appropriations made in section 16 of this act, and any balance remaining from the appropriation after the disbursements herein specified shall be paid into the Treasury of the Commonwealth.

Section 5. The said medical council shall hold two stated meetings in each year at Harrisburg and may hold special meetings at such times and places as it may deem proper. It shall supervise the examinations conducted by the three State Boards of Medical Examiners of all applicants for license to practice medicine and surgery in this Commonwealth, and shall issue license to practice medicine and surgery to such applicants as have presented satisfactory and properly certified copies of licenses from State Boards of Medical Examiners, or State Boards of Health of other States, as provided for in section 13 of this act, or as have successfully passed the examination of one of the three State Boards of

Medical Examiners, but all such examinations shall be made by the State Board of Medical Examiners, established in Section 6 of this act. And the said medical council shall have no power, duty or function, except such powers, duties and functions as pertain to the supervision of the examinations of applicants for licenses to practice medicine and surgery and to the issuing of licenses to such applicants as have successfully passed the examination of one of the State Boards of Medical Examiners, or have presented satisfactory and properly certified copies of licenses from State Boards of Medical Examiners or State Boards of Health of other States, as provided for in Section 13 of this act.

Section 6. It is further enacted that from and after the first day of March, Anno Domini one thousand eight hundred and ninety-four, there shall be and continue to be three separate boards of medical examiners for the State of Pennsylvania, one representing the Medical Society of the State of Pennsylvania, one representing the Homoeopathic Medical Society of the State of Pennsylvania, one representing the Eclectic Medical Society of the State of Pennsylvania.

Each board shall consist of seven members, and each of said members shall serve for a term of three years from the first day of March next after his appointment, with the exception of those first appointed, who shall serve as follows: Two of each board for one year, two of each board for two years, and three of each board for three years, from the first day of March, Anno Domini one thousand eight hundred and ninety-four.

The Governor shall appoint the members of said boards of examiners, respectively, from the full lists of the said medical societies, which lists shall, on or before the first day of January, one thousand eight hundred and ninety-four, and annually thereafter, be transmitted to the Governor under the seal and signed by the secretary of the society so nominating. From these lists of nominees, respectively, the Governor shall, during the month of January, Anno Domini one thousand eight hundred and ninety-four, appoint three separate boards of medical examiners, each board to be composed exclusively of members of the same medical society. In case of failure of any or all of said medical societies to submit lists, as aforesaid, the Governor shall appoint members in good standing of the corresponding society, or societies, entitled to nominate without other restriction. Each one of the said appointees must be a registered physician in good standing, and shall have practiced medicine or surgery under the laws of this State for a period of not less than ten years prior to such appointment.

The Governor shall fill vacancies, by death or otherwise, for unexpired terms of said examiners, from the respective lists submitted by the said medical societies, and may remove any member of any of said boards for continued neglect of the duties required by this act, or on recommendation of the medical society of which said members may be in affiliation, for unprofessional or dishonorable conduct.

The Governor shall in his first appointments designate the number of years for which each appointee shall serve. The appointments of successors to those members whose term of office will expire on the first day of March of each year shall be made by the Governor during the month of January of such year, upon the same conditions and requirements as hereinbefore specified with reference to the appointment of three separate examining boards, each to be composed exclusively of members of the same medical school and society, as hereinbefore provided.

Section 7. Said boards shall be known by the name and style of Medical Examiners of the State of Pennsylvania. Every person who shall be appointed on either of said boards shall receive a certificate of appointment from the Secretary of the Commonwealth.

Each of said boards shall be authorized to take testimony concerning all matters within its jurisdiction, and the presiding officer for the time being of said boards, or of any of the committees thereof, may issue subpoenas and administer oaths to witnesses. Each of said boards of examiners shall make and adopt all necessary rules, regulations and by-laws, not inconsistent with the Constitution and laws of this State, or of the United States, whereby to perform the duties and transact the business required under the provisions of this act; said rules, regulations and by-laws to be subject to the approval of the Medical Council of Pennsylvania, established by this act.

Section 8. From the fees provided by this act the respective boards may pay, not to exceed said income, all proper expenses incurred by its provisions, and if any surplus above said expenses shall remain at the end of any year it shall be apportioned among said examiners, pro rata, according to the number of candidates examined by each: Provided, That the Medical Council shall keep separate accounts of all fees received from physicians applying for licenses to practice medicine and surgery, and shall not devote any such fees to the uses of the council or to the uses or remuneration of any other examining board than that of the society with which the physician who pays the fee wishes to be affiliated.

Section 9. The first meeting of each of the examining boards respectively shall be held on the first Tuesday of April, one thousand eight hundred and ninety-four, suitable notice in the usual form being given with the notice of their appointment by the Secretary of the Commonwealth to each of the members thereof, specifying the time and place of meeting.

At the first meeting of each of the boards respectively an organization shall be effected by the election, from their own membership, of a president and secretary. For the purpose of examining applicants for license each of said boards of medical examiners shall hold two or more stated or special meetings in each year, due notice of which shall be made public at such times and places as they may determine. At said stated or special meetings a majority of the members of the board shall constitute a quorum thereof, but the examination may be conducted by a committee of one or more members of the board of examiners duly authorized by said boards.

Section 10. The several boards of medical examiners shall, not less than one week prior to each examination, submit to the Medical Council of Pennsylvania questions for thorough examinations in anatomy, physiology, hygiene, chemistry, surgery, obstetrics, pathology, diagnosis, therapeutics, practice of medicine and materia medica; from the lists of questions so submitted the council shall select the questions for each examination, and such questions for each examination shall be the same for all candidates, except that in the department

tertia medica, the questions shall be in harmony with the teachings of the school selected by the candidate.

Section 11. Said examination shall be conducted in writing in accordance with the rules and regulations prescribed by the Medical Council of Pennsylvania, and shall embrace the subjects named in Section 10 of this act. After each such examination the board having charge thereof, shall, without unnecessary delay, act upon the same. An official report of such action, signed by the president, secretary and each acting member of said board of medical examiners, stating the examination average of each candidate in each branch, the general average and the result of the examination, whether successful or unsuccessful, shall be transmitted to the Medical Council. Said report shall embrace all the examination papers, questions and answers thereto. All such examination papers shall be kept for reference and inspection for a period of not less than five years.

Section 12. On receiving from any of said boards of medical examiners such official report of the examination of any applicant for license, the Medical Council shall issue forthwith to each applicant who shall have been returned as having successfully passed said examination, and who shall have been adjudged by the Medical Council to be duly qualified for the practice of medicine a license to practice medicine and surgery in the State of Pennsylvania. The Medical Council shall require the same standard of qualifications from all candidates except in the departments of therapeutics, practice of medicine and materia medica, in which the standard shall be determined by each of the boards respectively. Every license to practice medicine and surgery issued pursuant to this act shall be subscribed by the officers of the Medical Council and by each medical examiner who reported the licensee as having successfully passed said examinations. It shall also have affixed to it by the person authorized to affix the same the seal of this Commonwealth.

Before said license shall be issued it shall be recorded in a book to be kept in the office of the Medical Council, and the number of the book and page therein containing said recorded copy shall be noted upon the face of said license. Said records shall be open to public inspection, under proper restrictions as to their safe keeping, and in all legal proceedings shall have the same weight as evidence that is given to the conveyance of land.

Section 13. From and after the first day of July, Anno Domini one thousand eight hundred and ninety-four, any person not theretofore authorized to practice medicine and surgery in this State, and desiring to enter upon such practice, may deliver to the secretary of the Medical Council, upon the payment of a fee of twenty-five dollars, a written application for license, together with satisfactory proof that the applicant is more than twenty-one years of age, is of good moral character, has obtained a competent common school education, and has received a diploma conferring the degree of medicine from some legally incorporated medical college of the United States, or a diploma or license conferring the full right to practice all the branches of medicine and surgery in some foreign country; applicants who have received their degree in medicine after the first day of July, one thousand eight hundred and ninety-four, must have pursued the study of medicine for at least three years, including three regular courses of lectures, in different years, in some legally incorporated medical college, or colleges, prior to the granting of said diploma, or foreign license, and after the first day of July, eighteen hundred and ninety-five, such applicants must have pursued the study of medicine for at least four years, including three regular courses of lectures, in different years, in some legally

incorporated medical college, or colleges, prior to granting of said diploma or foreign license. Such proof shall be made, if required, upon affidavit. Upon the making of said payment and proof, the Medical Council, if satisfied with the same, shall issue to said applicant an order for examination before such one of the State Boards of Medical Examiners as the applicant for license may select. In case of failure at any such examination, the candidate, after the expiration of six months, and within two years, shall have the privilege of a second examination by the same board to which application was first made without the payment of an additional fee: And it is further provided, That the applicants examined and licensed by the State Board of Medical Examiners or State Boards of Health of other States, on payment of a fee of fifteen dollars to the Medical Council, and on filing in the office of the Medical Council a copy of said license, certified by the affidavit of the president or secretary of such board, showing also that the standard of acquirements adopted by said State Board of Medical Examiners or State Board of Health is substantially the same as is provided by sections eleven, twelve and thirteen of this act, shall without further examination receive a license conferring on the holder thereof all the rights and privileges provided by sections fourteen and fifteen of this act.

Section 14. From and after the first day of March, Anno Domini one thousand eight hundred and ninety-four, no person shall enter upon the practice of medicine or surgery in the State of Pennsylvania, unless he or she has complied with the provisions of this act, and shall have exhibited to Prothonotary of the Court of Common Pleas of the county in which he or she desires to practice medicine or surgery, a license duly granted to him or her as hereinbefore provided, whereupon he or she shall be entitled upon the payment of \$1 to be duly registered in the office of the Prothonotary of the Court of Common Pleas in the said county, and any person violating any of the provisions of this act shall be guilty of a misdemeanor, and upon conviction thereof in the Court of Quarter Sessions of the county wherein the offense shall have been committed, shall pay a fine of not more than \$500 for each offense.

Section 15. Nothing in this act shall be construed to interfere with or punish commissioned medical officers serving in the army or navy of

the United States, or in the United States Marine Hospital service while so commissioned, or medical examiners of relief department of railroad companies while so employed, or any one while actually serving as a member of the resident medical staff of any legally incorporated hospital, or any legally qualified and registered dentist, exclusively engaged in the practice of dentistry, or shall interfere with or prevent the dispensing and sales of medicines or medical appliances by apothecaries, pharmacists, or interfere with the manufacture of artificial eyes, limbs, or orthopedical instruments or trusses of any kind for fitting such instruments on persons in need thereof, or any lawfully qualified physicians and surgeons residing in other States or countries, meeting registered physicians of this State in consultation or any physician or surgeon residing on the border of a neighboring State and duly authorized under the laws thereof to practice medicine and surgery therein whose practice extends into the limits of this State; provided, That such practitioner shall not open an office, or appoint a place to meet patients, to receive calls, within the limits of Pennsylvania, or physicians duly registered in one county of this State called to attend cases in another county, but not residing or opening an office therein; and nothing in this act shall be construed to prohibit the practice of medicine and surgery within this commonwealth by any practitioner who shall have been duly registered before the first day of March, Anno Domini one thousand eight hundred and ninety-four, according to the terms of the act, entitled "An act to provide for the registration of all practitioners of medicine or surgery," approved the 8th day of June, Anno Domini one thousand eight hundred and eighty-one, and one such registry shall be sufficient warrant to practice medicine and surgery in any county in this commonwealth.

Section 16. The sum of \$2000 is hereby appropriated for the salary of the secretary of said medical council, and the necessary expenses of said council, \$1000 thereof for the year beginning January 1, one thousand eight hundred and ninety-four, and \$1000 thereof for the year beginning January 1, one thousand eight hundred and ninety-five.

Section 17. All acts or parts of acts of Assembly inconsistent herewith shall be and are hereby repealed.

THE SANITARIAN

A MONTHLY MAGAZINE

1873

TWENTY-FOURTH YEAR

1896

A. N. BELL, A. M., M. D., Editor. T. P. CORBALLY, A. M., M. D., } Associate Editors.
HARRY KENT BELL, M. D., }

"THE SANITARIAN is the American authority for everything appertaining to the healthy condition of the people at large. The contributions are from medical men whose writings on disease in all forms are accepted as authority. No householder should be without such a valuable monthly."—*Virginia Chronicle.*

Based at the outset upon medical knowledge and naval service, over an extensive field of observation in various climates in different quarters of the world, large experience in dealing with epidemic diseases, and practical sanitation for the maintenance of health under the most trying circumstances.

"THE SANITARIAN is the best sanitary publication in America."—*Mississippi Valley Medical Monthly.*

"Easily maintains its superiority over all similar publications."—*Medical World.*

"Has accomplished more good than all of the other sanitary papers put together."—*Hydraulic and Sanitary Plumber.*

"As its name implies, THE SANITARIAN is devoted entirely to Sanitary Science, in its liberal and proper sense. The field it occupies is a most important one, and the editor is admirably qualified for the work."—*Medical Examiner.*

"The editor, Dr. A. N. Bell, is well known to the mercantile community for his co-operation with the merchants in quarantine reform, and to his profession as a leader in sanitary science."—*N. Y. Journal of Commerce.*

Two volumes yearly. The volumes begin January and July; subscription at any time.

TERMS: \$4.00 a year, in advance; 35 cents a number. Sample copies, 20 cents—ten two-cent Postage Stamps.

All correspondence and exchanges with THE SANITARIAN, and all publications for review, should be addressed to the Editor,

THE MEDICAL SUMMARY

This journal is nearly sixteen years of age, a most trying time of life. We do not know that it is altogether sweet sixteen, yet we are inclined to believe that way when we notice that there are forty-four pages of advertising. And what could conduce more toward an amiable disposition than such a patronage? There are but twenty-eight pages of reading matter, yet the editor, Dr. R. H. Andrews, manages to crowd an immense amount of material into this space. This journal is a monthly noted particularly for its practical character, and we doubt even whether the editor would allow a good old-fashioned theoretical discussion to appear in its pages. The editor has the good luck of being the proprietor also and those of us who are in the business know that he has a good thing. It is evident also that the profession think it is a good thing too, as the journal is said to have a circulation of about 10,000 copies a month. The price is one dollar a year and the money should be sent, without delay, to Post Office Box 1217, Philadelphia, Pa.—In "Food" for Feb., 1894, Chas. H. Stowell, M. D., Editor.

"YALE" SURGICAL CHAIR.

Fig. I.—Normal.

A few of the positions are: Normal, reclining, semi-reclining, horizontal, $\frac{3}{4}$ length, dorsal, Sim's, right or left lateral, oblique, dorsal with hips raised, side tilt, raising or lowering, chloroform narcosis, rotating, etc.

The *only* chair in which all the movements known to modern surgical and gynecological work are combined in a single chair; new and valuable features that no other chair possesses. It is simple in mechanism, strong in construction, beautiful in design and easily understood and operated.

Send for Catalogue.

Fig. IX—Chloroform Narcosis.

Fig. XVII—Dorsal.

GOULD DENTAL CHAIR.

Fig I—Normal.

Decidedly the best Chair on the market to-day for the money.

A new invention, giving new positions heretofore unknown in a Dental chair, and which make it to-day the most popular operating chair on the market; strong, light, firm, simple to understand and easy to operate; and at a price within the reach of every Dentist. Send for Catalogue with prices.

Fig IV.—Right Oblique Tilt.

It gives the new features of right and left oblique, horizontal, and chloroform narcosis; positions found in no other Chair.

SOCIETY FOR THE RELIEF OF WIDOWS AND ORPHANS OF MEDICAL MEN. (1842), New York. Annual initiation fee of \$25 and \$10 dues in semi-annual payments. Any person paying \$100 at one time becomes a member for life, and \$150 and upward a benefactor.

Persons Entitled to Relief.—1. The widow of a member whose income does not exceed \$800 per annum. If said widow shall marry again her annuity shall cease. 2. Children of a member, males under 16 and females under 18 years of age and unmarried, and where the mother's income is not more than \$200 per annum for each child respectively, in addition to the \$800 above mentioned. 3. Orphans of a member, males under 16 and females under 18 years of age and unmarried, whose income does not exceed \$200 per annum. Every child, on arriving at the age when the annuity ceases, shall receive the sum of \$50 as an outfit. In cases of prolonged ill-health, or other extraordinary circumstance, the assistance granted to the surviving children of members may be extended beyond the limits of 16 and 18 years respectively. The marriage of the widow shall not invalidate the claims of the children to assistance from the society. No one shall be entitled to claim assistance from the society unless the person by virtue of whose membership the claim is made has been a member for the two years previous to his death.

Every widow of a member shall be entitled to \$400 per annum, but for every \$10 or multiple of \$10 of income, an amount fully equal to 50 per cent. of said income shall be deducted from the annuity. Every child entitled to relief shall receive \$100 per annum, subject to the same reduction of 50 per cent. of income as above. When there are full orphans, then each case shall be specially investigated by the Standing Committee, and the amount fixed for every year, according to the circumstances of the case.

STATE BOARD OF CHARITIES.—The State Board of Charities was established by act of the Legislature, in 1867, as "Board of State Commissioners of Public Charities," which title was retained until 1873, when it was changed to the one now used. By article VIII of the Constitution, adopted in 1894, this Board was created a Constitutional body, and its general rights and jurisdiction defined; while in chapter 771 of the laws of 1895, the powers and obligations of the Board are specifically set forth. The commissioners composing the Board are 11 in number, and are appointed by the Governor, by and with the advice and consent of the Senate, for the term of eight years. The law requires that there shall be one commissioner resident and representing each judicial district in the State; one additional commissioner for the County of Kings;

and two additional commissioners for the County of New York. The general duties of the Board are to visit, inspect and maintain a general supervision of all institutions, societies and associations which are of a charitable, eleemosynary, correctional or reformatory character, whether State or municipal, incorporated or not incorporated, which are made subject to its supervision by the Constitution and the laws of the State. The Board's peculiar province is to aid in securing the just, humane and economic administration of said institutions, the erection of suitable buildings having the best sanitary conditions and in every way adapted for the protection and preservation of health; and in the case of institutions having the care of children to aid in securing the establishment and maintenance of such industrial, educational and moral training as is best suited to the needs of the inmates. The Board is empowered to approve or disapprove of the organization of certain classes of membership and other corporations; to investigate the management of all institutions under its supervision as to the conduct and efficiency of the officers or persons in charge thereof; and is authorized to advise said officers in the performance of their official duties. The Constitution clothes the Board with the authority to establish rules for the reception and retention of inmates of all institutions subject to its supervision which receive public moneys. The Board is also intrusted with the administration of the laws providing for the care, support and removal of State and alien paupers, and the support of pauper Indians; and no poor house can be built or reconstructed except on plans and designs approved in writing by the Board. The Board is required to report annually to the Legislature. Commissioners and Officers of the Board (1896).—Wm. R. Stewart, Pres., 54 William st., New York; E. V. Stoddard, M. D., V. MEDICAL LAWS OF NEW YORK.

Medical Student Examinations.

From Laws of 1893, ch. 661, as amended in 1895 and 1896.

To Provide for the Preliminary Education of Medical Students.

The degree of bachelor or doctor of medicine shall not be conferred in this State before the candidate has filed with the institution conferring it the certificate of the regents that before beginning the first annual medical course counted toward the degree unless matriculated conditionally as hereinafter specified, he had either graduated from a registered college or satisfactorily completed a full course in a registered academy or high school; or had a preliminary education considered and accepted by the regents as fully equivalent; or held a regents' medical student certificate, granted before this act took effect; or had passed regents' examinations as hereinafter provided. A medical school may matriculate conditionally a student deficient in not more than one year's academic work or 12 counts of the preliminary education requirement, provided the name and deficiency of each student so matriculated be filed at the regents' office within three months after matriculation, and that the deficiency be made up before the student begins the second annual medical course counted toward the degree. Students who had matriculated in a New York medical school before June 5, 1890, and students who had matriculated in a New York medical school before May 13, 1895, as having entered before June 5, 1890, on the prescribed three years of study of medicine, shall be exempt from this preliminary education requirement.

A medical student certificate may be earned without notice to the regents of the conditional matriculation either before the student begins the second annual medical course counted toward the degree or two years before the date of the degree for matriculants in any registered medical school, in the four cases following:

1. For matriculants prior to May 9, 1893, for any 20 counts, allowing 10 for the preliminaries, not including reading and writing;
2. For matriculants prior to May 13, 1895, for arithmetic, elementary English, geography, spelling, United States history, English composition and physics, or any 50 counts, allowing 14 for the preliminaries;
3. For matriculants prior to January 1, 1896, for any 12 academic counts;
4. For matriculants prior to January 1, 1897, for any 24 academic counts.

But all matriculants, after January 1, 1897, must secure 48 academic counts, or their full equivalent, before beginning the first annual medical course counted toward the degree, unless admitted conditionally, as hereinafter specified when the deficiency must be made up before the student begins the second annual medical course counted toward the degree.

This act shall take effect immediately, except that the increase in the required course of

medical study from three to four years shall take effect January 1, 1898, and shall not apply to students who matriculated before that date and who received the degree of doctor of medicine before January 1, 1902.

NOTES ON THE LAW.

1. The medical student certificate must be earned before the candidate begins the first annual medical course counted toward the degree, except that a student may matriculate conditionally and make up a deficiency of not more than 12 academic counts before the beginning of the second annual medical course counted toward the degree. If granted on evidence of a satisfactory college or high school course or an equivalent, the work offered must have been completed before the candidate begins the second annual medical course counted toward the degree.

2. The regents will accept as fully equivalent to the required academic course anyone of the following:

a A certificate of having successfully completed at least one full year's course of study in the collegiate department of any college or university, registered by the regents as maintaining a satisfactory standard.

b A certificate of having passed in a registered institution examination equivalent to the full collegiate course of the freshman year or to a completed academic course.

Three full academic years of satisfactory work may be accepted as a full high school course till August 1, 1896, when four full academic years will be required.

c Regents' pass cards for any 48 academic counts or any regents' diploma.

d A certificate of graduation from any registered gymnasium in Germany, Austria or Russia.

e A certificate of the successful completion of a course of five years in a registered Italian ginnasio and three years in a liceo.

f The bachelor's degree in arts or science, or substantial equivalents from any registered institution in France or Spain.

g Any credential from a registered institution or from the Government in any State or country which represents the completion of a course of study equivalent to graduation from a registered New York high school or academy or from a registered Prussian gymnasium.

EXTRACT FROM RULES.

Printed question papers will be issued from the regents' office for each examination. Answers must be written in ink on both sides of letter paper, and arranged and numbered in the same order as the questions. Candidates should bring pen and ink. Paper and blotters will be supplied.

Seventy-five per cent. of correct answers is required in all subjects.

Answer papers will be reviewed in the regents' office, and all papers below standard will

be returned to the candidates. For those accepted, pass cards will be issued.

Pass Cards.—A regents' pass card is not limited in time; therefore it is not necessary to pass any regents' examination a second time.

To insure success, candidates should have a thorough knowledge of the whole of a standard school text-book on each required subject, including the metric system, but not cube root, in elementary arithmetic.

Medical Student Certificate.—When all requirements are fulfilled, the regents grant a medical student certificate.

On receiving this certificate the candidate must send it to the secretary or recording officer of the university or college at which he intends to study medicine.

Candidates for medical student examinations should send notice at least ten days in advance, stating at what time and in what studies they wish to be examined, that required desk room may be provided at the most convenient place.

Candidates who fail to send this advance notice will be admitted only so far as there are unoccupied seats.

Certificates Without Examinations.—Candidates having credentials which can be accepted in place of an examination, should send them to the Examinations Department. They will be returned as soon as verified, and if accepted, a medical student certificate will be sent with them. The certificate will be dated from receipt of credentials, so that the candidate will lose no time.

REQUIREMENTS FOR LICENSE TO PRACTICE MEDICINE IN NEW YORK STATE.

All requirements for admission should be completed at least one week before examinations. They are as follows:

1. Evidence that applicant is more than 21 years of age (Form 1).

2. Certificates of moral character from not less than two physicians in good standing. (Form 2).

3. Evidence that applicant has the general education required, preliminary to receiving the degree of bachelor or doctor of medicine in this State (Medical student certificate).

4. Evidence that applicant has studied medicine not less than four full school years of at least nine months each, including four satisfactory courses of at least six months each, in four different calendar years in a medical school registered as maintaining at the time a satisfactory standard. New York medical schools and New York medical students shall not be discriminated against by the registration of any medical school out of the State whose minimum graduation standard is less than that fixed by statute for New York medical schools.

The increase in the required course of medical study from three to four years does not take effect till January 1, 1898, and does not apply to students who matriculated before that date and received the degree of M. D. before January 1, 1902 (Form 1).

First exemption: "The regents may in their discretion accept as the equivalent for any part of the 3d and 4th requirement, evidence of five or more years of reputable practice of medicine, provided that such submission be specified in the license."

5. Evidence that applicant "has received the degree of bachelor or doctor of medicine from some registered medical school, or a diploma or license conferring full right to practice medicine in some foreign country" (Form 3 or original credentials).

6. The candidate must pass examinations in anatomy, physiology and hygiene, chemistry, surgery, obstetrics, pathology and diagnosis, and therapeutics, practice and materia medica. The questions "shall be the same for all candidates, except that in therapeutics, practice and materia medica all the questions submitted to any candidate shall be chosen from those prepared by the board selected by that candidate and shall be in harmony with the tenets of that school as determined by its State board of medical examiners."

Second exemption: "Applicants examined and licensed by other State examining boards registered by the regents as maintaining standards not lower than those provided by this article, and applicants who matriculated in a New York State medical school before June 5, 1890, and who received the degree M. D. from a registered medical school before August 1, 1895, may, without further examination, on payment of \$10 to the regents and on submitting such evidence as they may require, receive from them an indorsement of their licenses or diplomas, conferring all rights and privileges of a regents' license issued after examination."

7. A fee of \$25 payable in advance.

NOTES ON THE LAW.

1. Seventy-five per cent. of correct answers is required in all subjects.

2. All subjects must be passed at the same examination.

Note.—When a candidate for license has been rejected in but one topic, and his average is above 80, at subsequent examinations he shall be examined only in the topic in which he originally failed to receive the required (75) percentage.

3. All examinations must be conducted in the English language.

4. Medical preparatory courses, as such courses are now taught in various scientific schools and colleges, cannot be accepted for one year of medical study required by law.

POWERS AND DUTIES OF COUNTY CLERKS
IN REGISTERING LICENSES TO
PRACTICE MEDICINE IN
NEW YORK STATE.

The laws relating to registration of physicians by county clerks were repealed May 9, 1893, when the new law took effect. This law forbids the registration of any authority to practice medicine except a license or diploma issued or indorsed as a license under seal by the University of the State of New York, or (in case of removal to another county of a physician

already licensed), a certificate clearly showing that the original registration was of an authority issued or indorsed under seal by the regents.

To provide against penalties for illegal registration all other cases should be referred to the University of the State of New York, the only authority by which licenses can be issued after September 1, 1891.

Address all communications Examination Department, University of the State of New York, Albany.

NEW JERSEY STATE HOSPITAL (1876), Morris Plains, N. J.—Capacity for patients, 806; present population, 1140. The following counties are assigned to this hospital: Bergen, Essex, Hudson, Morris, Passaic, Sussex, Union, Warren, Hunterdon. For the admission of private patients three forms are used—two sworn certificates of insanity by regular physicians, a written request from some friend, relative or guardian and a bond for support, removal, etc., signed by two responsible persons. For the admission of poor or pauper patients application should be made by the overseer of the poor of the township or ward of the city where they reside to a Judge of the Court of Common Pleas, and for one of the indigent class (a person of some but small means) by a friend to the same officer. If satisfied, on inquiry, that the person is insane, and that he is entitled by law to receive support at the county's expense in the hospital, the Judge issues an order to that effect. This order is to be signed, approved by the chosen freeholders of the township or ward of the city of his residence, and then deposited in the office of the county clerk, who sends a copy of order, duly authenticated by his signature and official seal, to the Medical Director, with the patient, as a voucher for his admission and support. Printed blanks will be furnished on application to the Medical Director. Managers.—Pres., G. Richards, Dover, N. J.; V. Pres., C. E. Green, Trenton, N. J.; Sec'y, C. H. Green, Morristown, N. J.; Rev. Requirements for license to practice medicine and Surgery in the State of New Jersey, 1895-'96:

1. Evidence that applicant is more than 21 years of age.
2. Certificates of moral character from not less than two physicians in good standing, one of whom must be a resident of this State.
3. Candidates must be graduates from an accredited literary or scientific college, or have completed satisfactorily not less than a three years course in an accredited high school or academy, or have received a preparatory education covering the following branches, viz.: Orthography, arithmetic, English grammar and composition, geography, history of the United States, algebra and physics, as certified by the State Superintendent of Public Instruction of New Jersey.
4. Candidates must have "received a diploma conferring the degree of doctor of medicine from some legally-incorporated medical college (which in the opinion of said board was in good standing at time of issuing said diploma) in the United States, or a diploma or license conferring the full right to practice all the branches of medicine and surgery in some foreign country, and has also studied medicine four years, including three courses of lectures in different years in some legally incorporated American or foreign medical college or colleges prior to the granting of said diploma or foreign license; provided, however, that two courses of medical lectures, both of which shall be either begun or completed within the same calendar year, shall not be considered to satisfy the above requirements."

First exemption: Evidence of one year's service "as a member of the resident medical staff of any legally incorporated charitable or municipal hospital or asylum" or of five or more years reputable practice of medicine and surgery may be accepted as equivalent to one year's study of medicine and surgery.

5. "All examinations shall be written in the English language, and the questions and answers shall be, except in materia medica and therapeutics, such as can be answered in common by all schools of practice; if the applicant intends to practice homoeopathy or eclecticism, the members of said board of those schools respectfully shall examine said applicant in the materia medica and therapeutics of the school in which such applicant intends to practice; the examinations shall be in the following subjects, namely, (Sec. 1.) materia medica and therapeutics; (Sec. 2.) obstetrics and gynecology; (Sec. 3.) practice of medicine, including diseases of the skin, nose and throat; (Sec. 4.) surgery, including surgical anatomy and diseases of the eye, ear and genito-urinary organs; (Sec. 5.) anatomy; (Sec. 6.) physiology; (Sec. 7.) chemistry; (Sec. 8.) histology; pathology; bacteriology; (Sec. 9.) hygiene; medical jurisprudence."

Second exemption: "Applicants examined and licensed by or who are or have been members of State examining and licensing boards of other States, upon the payment of fifty dollars to the treasurer of said board, and on filing with the secretary of said board a copy of his or her license or certificate, certified by the affidavit

of the president and secretary of such board, showing also that the standard of requirements of said board at the time of said license or certificate was issued was substantially the same as that required by said board, and of his or her affidavit as to the personality thereof, may be granted a license by said board without further examination thereby."

"Applicants for examination shall present to the secretary of this board, at least ten days before the commencement of the examination at which he or she is to be examined, a written application on a form or forms provided by said board."

Regular examinations are held in the State House, at Trenton, on the third Tuesday in June and September.

Rules for conducting medical examinations:

First.—Help of every kind must be removed from the reach and sight of the candidate. Any candidate detected in trying to give or obtain aid shall be instantly dismissed from the room and his or her paper for the entire work canceled.

Second.—Questions must be given out and answers collected punctually at the time specified for that section. Under no circumstances will papers be accepted unless the examination be actually held at the appointed time. The time for each examination paper of ten questions shall not exceed two hours.

Third.—If any candidate withdraw himself or herself, without permission, from the sight of the examiner, his or her examination shall be closed. This rule permits a candidate, temporarily ill, to withdraw from the room and return only by the consent of the examiner.

Fourth.—No candidate shall, under any circumstances, enter the examination more than thirty minutes late, unless excused by the examiner; and no candidate shall leave the room within thirty minutes after the distribution of question papers.

Fifth.—All examinations shall be in writing. Candidates must furnish their own pen-holders and pens. Paper, blotters and ink will be supplied by the secretary.

Sixth.—The examinations shall continue two days; the sessions of the first day being from 9 to 11, 11 to 1, 2 to 4, 4 to 6 and 8 to 10 respectively; the sessions of the second day being from 9 to 11, 11 to 1, 2 to 4 and 4 to 6 respectively. The final meeting of the Board for the adjudication of the results of the examinations shall be held within two weeks thereafter.

Seventh.—The examiner in each section shall not be engaged in any other business except supervising the examination while it is going on, and there shall be one or more associate examiners present with him during the entire session.

Eighth.—A total average of 75 per cent., i. e., 675 points, shall be necessary to license a candidate (he or she having otherwise complied with the law) providing that in no one section shall the percentage be less than 50, in which case, however, the candidate may be granted a second examination immediately upon that section. A candidate having less than 50 points in more than one section shall be rejected—regardless of the total average.

Ninth.—Each candidate shall sign the following pledge before commencing the examinations, viz.:—"I hereby pledge my word of honor, without mental reservation or evasion in any manner, that during my examinations before this Board which I am now about to commence, I will neither give to a fellow-candidate nor receive from him or from any other source whatever, any information relating to the subject under consideration. Furthermore, I will write the number (given hereon opposite my name) upon all my examination papers as my official number." (The Board may require an affidavit, upon the completion of the examinations, that this pledge has been faithfully kept.)

MEDICAL LAWS OF NEW JERSEY.

An Act to regulate the practice of medicine and surgery, to license physicians and surgeons, and to punish persons violating the provisions thereof.

Approved May 22, 1894.

1. Be it enacted by the Senate and General Assembly of the State of New Jersey, That the governor shall appoint, by and with the advice and consent of the senate, a board of examiners to be known as the state board of medical examiners, said board to consist of nine members, who shall be persons of recognized professional ability and honor; the terms of office of said board shall be three years, or until their successors are appointed; provided, however, that the members of the board first appointed shall be divided into three classes, each class to consist of three persons; the first class shall hold office under said appointment for one year, the second for two years and the third for three years from the date of their appointment, and thereafter each member shall be appointed for a term of three years, and provided further, that said board shall consist of five old-school physicians, three homoeopathic and one eclectic; said appointees shall, within thirty days after the receipt of the respective commissions, take, subscribe and file, in the office of the secretary of state, the oath or affirmation prescribed by law.

2. And be it enacted, That said board shall elect a president, a secretary and a treasurer from its membership; it shall have a common seal, and its president shall be empowered to issue subpoenas and to administer oaths in taking testimony in any matter pertaining to the duties of said board; it shall make and adopt all necessary rules, regulations and by-laws not inconsistent with the laws of this state or of the United States, whereby to perform the duties and to transact the business required under the provisions of this act.

3. And be it enacted, That said board shall hold meetings for examinations at the capitol building of this state on the third Tuesday of June and September of each year, and at such other times and places as the board may deem expedient; said board shall keep an official record of all its meetings, and an official register of all applicants for a license to practice medicine and surgery in this state; said register shall show the name, age, nativity, last and intended place of residence, of each candidate, the time he or she has spent in obtaining a competent common-school education, and in medical study, in or out of medical school, and the names and location of all medical schools or examining and licensing boards which have granted said applicant any degree or certificate of attendance upon lectures upon medicine and surgery or state examinations; said register shall also show whether said applicant was examined, licensed or rejected under this act, and said register shall be prima facie evidence of all matters therein contained.

4. And be it enacted, That all persons hereafter commencing the practice of medicine or

surgery in any of its branches in this state shall apply to said board for a license so to do; applicants for examination shall present to the secretary of this board, at least ten days before the commencement of the examination at which he or she is to be examined, a written application on a form or forms provided by said board, together with satisfactory proof that the applicant is more than twenty-one years of age, is of good moral character, has obtained a competent common-school education, and has either received a diploma conferring the degree of doctor of medicine from some legally-incorporated medical college (which in the opinion of said board was in good standing at the time of issuing said diploma) in the United States, or a diploma or license conferring the full right to practice all the branches of medicine and surgery in some foreign country, and has also studied medicine four years, including three courses of lectures in different years in some legally incorporated American or foreign medical college or colleges prior to the granting of said diploma or foreign license; provided, however, that two courses of medical lectures, both of which shall be either begun or completed within the same calendar year, shall not be considered to satisfy the above requirement; and if said application is approved and the said applicant shall have deposited the sum of twenty-five dollars with the treasurer of such board as an examination fee, which said sum shall be returned to such applicant in case of failure to pass such examination, the applicant shall sign his or her name opposite a number in a book kept for that purpose by the secretary, and shall mark his or her examination paper with said number and shall be known to the members of said board only by said number until his or her papers have been examined and marked; applicants examined and licensed by or who are or have been members of state examining and licensing boards of other states, upon the payment of fifty dollars to the treasurer of said board, and of filing with the secretary of said board a copy of his or her license or certificate, certified by the affidavit of the president and secretary of such board, showing also that the standard of requirements of said board at the time of said license of certificate was issued was substantially the same as that required by the said board, and of his or her affidavit as to the personality thereof, may be granted a license by said board without further examination thereby.

5. And be it enacted, That all examinations shall be written in the English language, and the questions and answers shall be, except in materia medica and therapeutics, such as can be answered in common by all schools of practice; if the applicant intends to practice homoeopathy or eclecticism the members of said board of those schools respectively shall examine said applicant in the materia medica and therapeutics of the school in which such applicant intends to practice; the examinations shall be in the following subjects, namely, materia medica and therapeutics; obstetrics and gynaecology practice of medicine, including diseases of the skin, nose

and throat; surgery, including surgical anatomy and diseases of the eye, ear and genito-urinary organs; anatomy; physiology; chemistry; histology; pathology; bacteriology; hygiene, medical jurisprudence, and in such other subjects as the board may decide; all examinations shall be both scientific and practical, and of sufficient severity to test the candidate's fitness to practice medicine and surgery; if said examination is satisfactory the board shall issue a license, entitling the applicant to practice medicine and surgery in this state; the votes of all examiners shall be yes or no, and written with their signatures upon the backs of the examination papers of each candidate; said application and examination papers shall be deposited in the state library, in the capitol building, and they shall be prima facie evidence of all matters therein contained; all licenses shall be signed by the president and secretary of the board, and shall be attested by the seal thereof.

6. And be it enacted, That the board may refuse to grant or may revoke a license for the following causes, to wit, chronic and persistent inebriety; the practice of criminal abortion; conviction of crime involving moral turpitude or for publicly advertising special ability to treat or cure chronic and incurable diseases; or where any person shall present to this board any diploma, license or certificate that shall have been illegally obtained, or that shall have been signed or issued unlawfully or under fraudulent representations; in complaints for violating the provisions of this section, the accused person shall be furnished with a copy of the complaint, and given a hearing before said board in person or by attorney; and any person, after such refusal or revocation of license, who shall attempt or continue the practice of medicine, shall be subject to the penalties hereinafter prescribed.

7. And be it enacted, That the person so receiving said license shall file the same, or a certified copy thereof, with the clerk of the county in which he or she resides, and said clerk shall file said certificate or copy thereof and enter a memorandum thereof, giving the date of said license, with the name of the person to whom the same is issued, and the date of said filing, in a book to be provided by this board and to be kept for that purpose, and for which registry the said county clerk shall be entitled to demand and receive from each person registering the sum of one dollar; in case the person so licensed shall move into another county of this state, he or she shall procure from the said clerk a certified copy of such registration, and then file the same with the clerk of the county to which he or she shall remove, and the said clerk shall file and enter the same with like effect as if the same was an original license, and for which registry the said clerk shall be entitled to demand and receive the sum of one dollar; and each county clerk in the counties of this state shall, upon the last day of November of each year, furnish to the secretary of said board a list of all the certificates of this board filed in his office during the previous year, and upon notice to him of the change of location or death of the person so licensed, or of the revocation of said license, said county clerk shall enter at the appropriate place in the records so kept by him, a memorandum of said fact, and said memoranda shall be furnished to the secretary of this board in the annual report above required.

8. And be it enacted, That any person shall be regarded as practicing medicine or surgery, within the meaning of this act, who shall use the words of letters "Dr.," "Doctor," "Professor," "M. D.," or "M. B.," in connection with his or her name, or any other title intending to imply or designate him or her as a practitioner of medicine or surgery in any of its branches, and who in connection with such title or titles or without the use of such titles shall prescribe,

direct, recommend, advise, apply, give or sell, for the use of any person or persons, any drug or medicine or other agency or application for the treatment, cure or relief of any bodily injury, infirmity or disease; and it is further provided, that the use of any one of the aforementioned titles or the exposure of a sign, circular, advertisement or any other device or information, indicating thereby the occupation of the person or persons, shall be considered prima facie evidence; and it is further provided, that the provisions of this act shall apply to all persons professing and attempting to cure diseases by means of the so-called systems of "faithcurism," "mind-healing," "laying-on-of-hands" and other similar systems.

9. And be it enacted, That this act shall not apply to the commissioned surgeons of the United States army, navy or marine hospital service while so commissioned, or to lawfully-qualified physicians or surgeons residing in other states meeting registered physicians and surgeons of this state in consultation, or to any legally-qualified physician or surgeon of another state taking charge of the practice of a legally-qualified physician or surgeon of this state temporarily during the latter's absence therefrom and upon the written requests to said board therefor, or to any physician or surgeon of another state, and duly authorized under the laws thereof, to practice medicine and surgery therein; provided, that such practitioner shall not open an office or a place for the practice of his profession within the borders of this state, or to anyone while actually serving as a member of the resident medical staff of any legally-incorporated charitable or municipal hospital or asylum, or to any legally-qualified and registered dentist exclusively engaged in practicing the art of dentistry, or to any person claiming the right to practice medicine and surgery in this state who has been practising therein since before the fourth day of July, one thousand eight hundred and ninety; provided said right or title was obtained upon a duly-registered diploma, of which the holder and applicant was the lawful possessor, issued by a legally-chartered medical institution which, in the opinion of said board, was in good standing at the time said diploma was issued, or to any person resident of this state who has been continuously engaged in giving treatment by electricity herein during the past seven years; provided, that said person has graduated from a legally-incorporated electro-therapeutic school in good standing.

10. And be it enacted, That any person hereafter commencing or continuing the practice of medicine and surgery in any of its branches in this state without first having obtained and filed the license herein provided for or contrary to the provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished for the first offense by a fine of not less than one hundred dollars or by imprisonment in the county jail for a period of not less than thirty days or by both fine and imprisonment, and for each subsequent offense the punishment shall be double that of the preceding one; and it shall be the duty of the respective district attorneys of the counties of this state to prosecute violation of the provisions of this act.

11. And be it enacted, That the expenses of said board and of the examination shall be paid from the license fees above provided for, and if any surplus remain, the same may be distributed among the members of said board as a compensation for their services as members, but otherwise they shall receive no compensation whatever.

12. And be it enacted, That all acts or parts of acts, general or special, now existing, not in accordance with the provisions of this act, or inconsistent therewith, are hereby repealed.

CONRAD'S SANITARIUM, St. Denis P. O.,
Md.—A private sanitarium for the care and
treatment of mental and nervous diseases, lo-
cated near Relay Station, B. and O. R. R.,
nine miles from Baltimore. Its location is ad-
mirably selected, since its convenience to the
railway brings it as near the centre of the city
as if it were within the city limits, whilst it
enjoys all the advantages of the country.

This institution is designed for the private
accommodation of the milder forms of insanity
which do not require the restraint necessarily
imposed in the larger hospitals for the insane
where all classes are congregated. Its special
purpose is to present homelike surroundings, by
removing the patient from every appearance of
an insane asylum, whilst possessing all the
safeguards and appliances necessary to the ful-
fillment of its design. Two cottages have been
added to the Institution, and another one about
five hundred yards from the main building will
be opened in a few weeks. Robt. H. Dodge,

MEDICAL LAWS OF MARYLAND.

A bill entitled an act to repeal and re-enact, with additions and amendments, sections 39, 40, 41, 42, 43, 44, 45, 46 and 47, of Article 43, of the Code of Public General Laws, title, "Health," sub-title, "Practitioners of Medicine," and to be designated as sections 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60.

Section 1. Be it enacted by the General Assembly of Maryland, that sections 39, 40, 41, 42, 43, 44, 45, 46 and 47, of Article 43, of the Code of the Public General Laws, title, "Health," sub-title, "Practitioners of Medicine," be and the same are hereby repealed and re-enacted with amendments and additions, and that new sections be added to said article, to be designated sections 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, and 60, so that the said sub-title shall read as follows:

39. Every person not now practicing medicine and surgery, who shall hereafter begin to practice medicine and surgery in any of its departments except dentistry, in the State of Maryland, shall possess the qualifications required by this act.

40. From and after the first Tuesday in June, 1892, there shall be and continue to be two separate Boards of Medical Examiners for the State of Maryland, one representing the Medical and Chirurgical Faculty of the State of Maryland and one representing the Maryland State Homoeopathic Medical Society of the State of Maryland; each board shall consist of seven members, and each of said members shall serve for a term of four years or until their successors are appointed and qualified; each board to have exclusive rights to examine, pass upon the qualifications of, and license its own applicants, said members of the first or old school board to be appointed by the Medical and Chirurgical Faculty of Maryland, of which two shall be from the counties of the Eastern Shore and five from the Western Shore, of which latter number two shall be from the counties west of the Blue Ridge Mountains; and said second or Homoeopathic Board to be composed of seven physicians, appointed by the Maryland State Homoeopathic Medical Society, of which three shall be residents of Baltimore and four of the State at large; the appointees shall be physicians actually engaged in the practice of medicine and of recognized ability and honor; the term of office of each board shall commence on the first Tuesday in June, 1892. No member of any college or university, and no physician having a pecuniary interest in the trade of pharmacy shall be appointed to serve as a member of either of said boards; vacancies occurring in such for unexpired terms shall be filled by the board, in accordance with the foregoing provisions of this section, and for expired terms in same manner as for first appointees.

41. That each Board of Medical Examiners shall meet within thirty days after receiving official notice of their appointment; at the first meeting of each of the boards, respectively, an organization shall be effected by the election from their own membership of a president and a secretary. For the purpose of examining ap-

plicants for license, each of said boards of medical examiners shall hold one or more stated or special meetings in each year, due notice of which shall be made public at such times and places as may be determined by the members thereof respectively; at said stated or special meetings a majority of the members of the board shall constitute a quorum thereof; each of said Boards of Medical Examiners shall keep an official register of all applicants for examination for a license to practice medicine and surgery in this State; said register for license shall show the name, age and last place of residence of each candidate, the school from which he or she may have graduated, and whether such applicant was rejected or licensed under this act, but such matters shall not be written in said register or made public until after the examination.

42. At the first meeting of an examining board or at stated or special meetings held subsequently, suitable provisions shall be made by each of the examining boards to prepare a schedule of written examinations upon anatomy, physiology, chemistry, surgery, practice of medicine, materia medica, therapeutics, obstetrics, gynaecology, pathology, medical jurisprudence and hygiene, and shall require the same standard of excellence from all candidates; in the department of therapeutics and practice the questions shall be in harmony with the tenets of the school selected by the candidates, the standard of requirements therein to be established by each board for itself. Whenever members of any boards are necessarily absent from meetings held for the examination of applicants for license suitable temporary provisions shall be made for thorough examinations in each and all of the aforesaid subjects by the members present; the examination shall be fundamental in character and such as can be answered in common by all schools of practice; the votes of all the examiners present shall be "yes" or "no," written with their signatures upon the backs of the examination papers of each candidate for the respective branches.

43. That all persons commencing the practice of medicine or surgery in any of its branches, after the passage of this act by the General Assembly, shall make a written application for license to the president of either Board of Medical Examiners which said applicant may elect, together with satisfactory proof that the applicant is more than twenty-one years of age, is of good moral character, has obtained a competent common school education, and has either received a diploma conferring upon him the degree of doctor of medicine from some legally incorporated medical college in the United States, or a diploma or license conferring the full right to practice all the branches of medicine and surgery in some foreign country, and has also both studied medicine three years and attended three courses of lectures in different years in some legally incorporated medical college or colleges prior to the granting of the said diploma or foreign license; provided that two courses of medical lectures, both of which shall be either

begun or completed within the same calendar year, shall not satisfy the requirement; provided this condition shall not apply to students in their second year in a medical college, nor to physicians who shall be practicing medicine at the time of the passage of this act; such proof shall be made, if required, upon affidavit; upon making of said application and proof and payment of fee as provided. The president of the board to whom such application was made, if satisfied with the same, shall direct the secretary thereof to issue to said applicant an order for examination, and when said applicant shall have passed an examination as to proficiency satisfactory to the said board, the president shall grant to such an applicant a license to practice medicine and surgery in the State of Maryland.

44. That all examinations shall be conducted in such manner that the name, school of graduation and preparatory training of said applicant shall not be made known to the Board of Medical Examiners until his examination papers have been graded; an applicant receiving the majority of the votes of the board before whom the applicant appears shall be considered to have passed a satisfactory examination, and entitled to the license of said board.

45. That a fee of ten dollars shall be paid to the secretary of the board before whom the applicant appears, before such examination is had, which said fee shall be applied by said board towards paying the expenses of said board.

46. That the board shall refuse to grant a license to any applicant who may be radically deficient in his examination in any essential branch; provided that in case of failure, at any such examination, the candidate, after the expiration of one year from his rejection, shall have the privilege of another examination by the board to which application was first made.

47. That every license to practice medicine and surgery issued pursuant to the provisions of this act shall be subscribed by the president and secretary of the board before whom applicant passed, and by each medical examiner who reported the licensee as having successfully passed said examinations; it shall also have affixed to it, by the person authorized to fix the same, the seal of the said Medical and Chirurgical Faculty of Maryland, or of the Maryland State Homoeopathic Medical Society, as the license may require; every such license shall be in following form:

To all whom it may concern, greeting:
Be it known that, _____, on the _____ day of _____, A. D., _____, having offered to us satisfactory proof that _____ was more than twenty-one years of age and had received a proper preliminary education; that _____ had attended three full courses of medical instruction, the last course at _____, in _____, in the years of _____, and had received from the _____ of _____ the degree of doctor of medicine; we thereupon gave a written order for the examination of said _____ before one of the Boards of Medical Examiners of the State of Maryland; that the said _____ was fully examined before our said board and found proficient and qualified to practice medicine and surgery by the examiners, whose signatures are hereto attached; we, therefore, have granted to said _____, this our license to practice medicine and surgery in the State of Maryland as a physician and surgeon, and have caused the names of the president and secretary of our board and said examiners to be subscribed, and the seal of our society to be affixed hereto, and have also caused this license to be recorded in book _____ of medical licenses, on page _____.

Witness our hands and seal of our said society, this _____ day of _____, A. D., 19____.
_____, President; _____, Secretary; _____, Examiners.

48. Any person receiving a license from either of the said boards shall file the same, or a cer-

tified copy thereof, with the Clerk of the Circuit Court of the county or city in which he or she may practice, and it shall be the duty of said clerk to register the names of such persons, and the president of the board signing the same, in a book kept for the purpose, as a part of the records of his office; and the number of the book and the page therein containing said recorded copy shall be noted in the body of the license; said records shall be open to public inspection, under proper restrictions as to their safe keeping, and in all legal proceedings shall have the same weight as evidence that is given to the record of conveyances of land; the fee for each registration shall be one dollar, to be paid by the person whose license is registered.

49. This act shall not apply to commissioned surgeons of the United States Army, Navy or Marine Hospital Service, to physicians or surgeons in actual consultations from other States, or to persons temporarily practicing under the supervision of an actual medicine preceptor.

50. Any person to whom the provisions of this act apply, practicing or attempting to practice medicine or surgery in this State, without first having obtained the license of one of said Board of Medical Examiners, shall be guilty of a misdemeanor, and shall pay a fine of not less than fifty dollars, nor more than two hundred dollars for each offense, or in default of payment shall be confined in the city or county jail until the fines and costs are paid, and shall be debarred from recovering compensation for services rendered as such physician or surgeon.

51. The provisions of this act shall not apply to any midwife or person who may render gratuitous services in case of emergency.

52. It is provided that said board shall make a written report to the Medical and Chirurgical Faculty of Maryland and to the Maryland State Homoeopathic Medical Society every two years.

53. From and after the first day of July, 1894, no person shall practice medicine or surgery in the State of Maryland unless he or she shall be duly registered as a physician or surgeon in accordance with the provision of this act.

54. Every person who was practicing medicine in the State of Maryland on or before the first day of June, 1892, shall be entitled to be registered as a physician or surgeon, or both, upon application to the Clerk of the Circuit Court of the county in which he or she may reside, or to the Clerk of the Circuit Court of Baltimore city, if the applicant shall reside in Baltimore city, and such application shall be in writing, signed by the applicant, who shall state, under oath, that he or she was, in fact, a practitioner of medicine or surgery in the State of Maryland on or before the first day of June, 1892, and thereupon it shall be the duty of said Clerk to register such application, and the name of such applicant, as physician or surgeon, or both, in a book to be kept for such purpose, and a certified copy of such entry of registration, under the seal of the Court, shall be legal evidence of such registration in all the Courts of this State.

55. All persons who have commenced to practice medicine or surgery in the State of Maryland since the first day of June, 1892, or who shall hereafter commence to practice medicine or surgery in the State, shall not be entitled to be registered in the Registry of Physicians and Surgeons, as required by law, except upon filing with the Clerk of the Circuit Court of the county or city in which he or she shall reside a license from one of the duly constituted Boards of Examiners of this State, in accordance with the terms of Secs. 47 and 48 of this article, except that physicians and surgeons who have come into this State since the first day of June, 1892, or who shall hereafter come into the State to follow the practice of medicine and surgery may receive a license, which shall entitle them to

be registered as physicians and surgeons, in accordance with law, upon application to one of the duly constituted Boards of Medical Examiners in accordance with the provisions of Sec. 56 of this act.

56. Physicians and surgeons of good moral and professional standing who have come into this State with intent to follow the practice of medicine and surgery within this State since the 1st day of June, 1892, or who shall hereafter come into the State, being graduates of a medical college or university of good standing, and who have been practitioners of medicine or surgery for more than ten years prior to the date of the application, may make application to the president of the Board of Medical Examiners of this State, which application shall be under oath, and shall state where and how long said applicant has been engaged in the practice of medicine and surgery, and from what medical college, university or other institution of learning he or she has graduated; and thereupon the said Board of Medical Examiners shall have the authority and discretion to require said applicant to undergo an examination, in accordance with the provisions of sections 41 to 47, inclusive, of this act, or may require said applicant to submit to a special examination, the terms and methods of which shall be prescribed by the said Board of Medical Examiners, and, upon paying the fee for examination, as set out in section 45, of this article, after the examination and the determination of said board thereupon, that said applicant is qualified to practice medicine and surgery, and that he is entitled to a license, a license shall be issued to him to the same effect as the form of license set out in section 47 of this article, which license shall then be filed and recorded as provided by section 47 of this article, and it shall then be the duty of the Clerk of the Court to register the name of the person so licensed as a physician or surgeon, or both, in accordance with the provisions of this act.

57. All persons whose licenses have been heretofore filed and recorded in accordance with section 48 of this article shall be held to be duly registered physicians and surgeons within the provisions of section 53 of this article, and all persons who shall hereafter receive and file licenses to be recorded in accordance with said section 48 shall be registered as physicians and surgeons under said section and the fee to be paid for such registration and the registration of the applicant to the Clerk, or the license therewith, as the case may require, shall be one dollar.

58. If any person shall unlawfully obtain and procure himself to be registered as physician or surgeon, either by false and untrue statement contained in his application to the Clerk of the Court, as required by this act, or by presenting to said Clerk a false or untrue license, or are fraudulently obtained by false and fraudulent statements made to one of said Boards of Medical Examiners, he or she shall be declared guilty of a misdemeanor and shall be fined not less than fifty dollars nor more than five hundred dollars, and shall forfeit all rights and immunities obtained or conferred upon him by virtue of such registration as physician or surgeon.

59. Any person who, after the first day of July, 1894, shall practice, or attempt to practice medicine or surgery in this State, without being registered in accordance with the provisions of this act, shall be guilty of a misdemeanor, and shall be fined not less than ten dollars nor more than two hundred dollars for each offense.

60. The provisions of this act shall not apply to any midwife, or person who may render gratuitous services in case of emergency.

Sec. 2. And be it enacted, That this act shall take effect from the date of its passage.

Approved April 6, 1894.

MEDICAL LAWS OF DELAWARE.

An Act Regulating the Practice of Medicine and Surgery.

Whereas, The safety of the public may be endangered by incompetent Physicians and Surgeons, and due regard for public health and the preservation of human life demands that none but competent and properly qualified Physicians and Surgeons shall be allowed to practice their profession, therefore,

Be it enacted by the Senate and House of Representatives of the State of Delaware in General Assembly met:

Section 1. That there shall be established a Medical Council of Delaware, consisting of the Chief Justice of the State, and of the Presidents of the two State Boards of Medical Examiners, provided for in this Act.

Section 2. The said Council shall be known by the name and style of the "Medical Council of Delaware," and may make and adopt all necessary rules, regulations and by-laws for their own government, not inconsistent with the laws of this State or of the United States, and shall have power to locate and maintain an office within this State for the transaction of business. Two members of said council shall constitute a quorum for the transaction of business.

Section 3. The said Council shall organize within ten days from the date of the organization of the two Boards of Medical Examiners, and shall elect from its own number a President and a Secretary, who shall also act as Treasurer, both of whom shall hold their offices for one year, or until their successors are chosen.

Section 4. The members of said Council shall receive in addition to their necessary expenses five dollars per day each for each meeting of the Council, but said per diem shall not exceed in any one year more than fifteen dollars, the same to be paid out of the fees hereinafter provided for.

Section 5. The said Medical Council shall hold two stated meetings in each year, and may hold special meetings at such times as it may deem proper. It shall issue certificates for license to practice Medicine and Surgery to such applicants as have presented such diplomas as hereinafter required, and successfully passed the examination hereinafter provided, and the said Medical Council shall have no powers, duties or functions except as provided for in this Act.

Section 6. That from and after the passage of this Act there shall be, and continue to be, two separate Boards of Medical Examiners for the State of Delaware, one representing "The President and Fellows of the Medical Society of Delaware," and the other "The Homoeopathic Medical Society of Delaware State and Peninsula."

Each Board shall consist of five members, and each of said members shall serve for a term of two years, from the first day of March next after appointment, with the exception of those first appointed, who shall serve as follows, namely, two of each Board for one year, and three

of each Board for two years, from the first day of March, A. D. 1895.

The Governor shall appoint the members of said Boards of Examiners respectively from the lists of members submitted by said Medical Societies residing in this State, which lists shall within ten days from the passage of this Act, and on or before the first day of every January thereafter, be transmitted to the Governor under the seal, and signed by the Secretary of the Society so nominating.

From these lists of nominees respectively the Governor shall within ten days after the receipt thereof appoint two separate Boards of Medical Examiners, each Board to be composed exclusively of members of the same Medical Society. In case of the failure of either of the said Societies to submit lists as aforesaid the Governor shall appoint members in good standing of the corresponding Society, entitled to nominate without other restrictions.

Each one of the said appointees must be a registered Physician in good standing, and shall have practiced Medicine or Surgery under the laws of this State for a period of not less than five years prior to such appointment.

The Governor shall fill vacancies by death or otherwise for unexpired terms of said examiners from the lists submitted as aforesaid, and may remove any member of either of said Boards for continued neglect of the duties required by this Act, or on recommendation of the Medical Society, of which said member may be in affiliation for unprofessional or dishonorable conduct.

The Governor shall in his first appointments designate the number of years for which each appointee shall serve.

The appointments of successors to those members whose term of office will expire on the first day of March of each year, shall be made by the Governor during the first ten days of January of such year upon the same conditions and requirements as hereinbefore specified with reference to the appointment of two separate Examining Boards, each to be composed exclusively of members of the same Medical Society as hereinbefore provided.

Section 7. Said boards shall be known by the name and style of "Boards of Medical Examiners of the State of Delaware." Every person who shall be appointed to serve on either of said Boards shall receive a certificate of appointment from the Secretary of State under his hand. Each of said Boards of Examiners shall make and adopt all necessary rules, regulations and by-laws not inconsistent with the laws of this State or the United States, whereby to perform the duties and transact the business required under the provisions of this Act.

Section 8. From the fees provided by this Act the Medical Council shall pay, not to exceed said income, all proper expenses incurred by its provisions, and if any surplus above said expenses shall remain at the end of any year it shall be apportioned among said Medical

Societies pro rata according to the number of candidates examined by each.

Section 9. The first meeting of each of the Examining Boards respectively shall be held on the first Tuesday of July, 1895. At such meeting of each of the Boards respectively an organization shall be effected by the election from their own membership of a President and Secretary, for the purpose of examining applicants for certificates for license—each of said Boards of Medical Examiners shall hold two or more stated or special meetings in each year; due notice of which shall be made public at such times and places as they may determine. At said stated or special meetings a majority of the members of either Board shall constitute a quorum thereof, but the examination may be conducted by a committee duly authorized by said Boards.

Section 10. Each Board of Medical Examiners not less than one week prior to each examination shall submit to the Medical Council of Delaware questions for thorough examinations in anatomy, physiology, hygiene, chemistry, surgery, obstetrics, pathology, diagnosis, therapeutics, practice of medicine and materia medica.

The Medical Council shall select the questions for such examinations from the lists of questions submitted by the Board of Medical Examiners of the candidate's election; and should there be candidates for examination of any other school than the two designated in this Act, they shall be examined by the Council and some reputable practitioner in this State of such school by said Council to be selected—upon questions selected from standard text books, on the above subjects, as taught by the school selected by the candidate.

Section 11. Said examination shall be conducted in writing in accordance with the rules and regulations prescribed by the respective Boards of Medical Examiners, and shall embrace the subjects named in Section 10 of this Act. After each examination the Board of Medical Examiners having charge thereof shall, without unnecessary delay, act on the same. An official report of such action, signed by the President, Secretary and each acting member of said Board of Medical Examiners, stating the result of examination, shall be transmitted to the Medical Council.

Section 12. On receiving from either of said Boards of Medical Examiners, such official report of the examination of any applicant for certificate for license, the Medical Council shall issue forthwith to each applicant who shall have been returned as having successfully passed the examination, a certificate to that effect.

The Medical Council shall keep a record of all certificates, when and to whom issued.

Section 13. From and after the passage of this Act any person not heretofore authorized to Practice Medicine and Surgery in this State, and desiring to enter upon such Practice, shall deliver to the Secretary of the Medical Council, upon the payment of a fee of ten (\$10) dollars a written application for examination, together with satisfactory proof that the applicant is more than

twenty-one years of age, is of good moral character, has obtained a competent common school education and has received a diploma conferring the degree of Medicine from some legally incorporated Medical College. Applicants who have received their degree in Medicine after the passage of this Act must have pursued the study of Medicine for at least four years, including three regular courses of lectures in different years, in some legally incorporated Medical College or colleges prior to the granting of said diploma. Such proof, if required, shall be made upon affidavit. Upon making of said payment and proof the Medical Council shall issue to said applicant an order for examination before such one of the State Boards of Medical Examiners as the applicant for certificate may select. In case of failure at any such examination the candidate after the expiration of six months and within two years shall have the privilege of a second examination by the same Board to which application was first made, without the payment of an additional fee, but if after six months and before two years from such examination said application shall be withdrawn the said (\$10) shall, upon demand, be returned.

Section 14. That from and after the passage of this Act it shall not be lawful for any person to practice Medicine or Surgery in this State without having obtained a license therefor as hereinafter provided.

Section 15. The Clerk of the Peace of any of the Counties of this State shall issue a license signed by the Governor and countersigned by the Secretary of State and sealed with the seal of his office, certifying that such person is authorized to practice Medicine and Surgery in this State, conformably to the laws thereof, to any person who shall present to him a certificate as provided in this Act, or who shall have been qualified in one of the Counties of this State prior to the passage of this Act, and to no other person.

Section 16. The provisions of this Act shall not apply to Physicians who are practitioners of any other State coming into this State in consultation with any lawful Practitioner of Medicine and Surgery in this State.

Section 17. Any person Practicing or attempting to Practice Medicine or Surgery within this State contrary to the provisions of this Act shall be guilty of a misdemeanor and upon conviction thereof in the Court of General Sessions of the Peace and Jail delivery of the County wherein the offense was committed, shall pay a fine of not more than five hundred (\$500.00) nor less than one hundred (\$100.00) dollars or be imprisoned for a term of not more than one year.

Section 18. That this Act shall not in any way apply to Dentists or to Dental Surgery.

Section 19. All other Acts or parts of Acts regulating the Practice of Medicine and Surgery in this State are hereby repealed; but nothing herein contained shall in any way interfere with the operation of Chapter 117, Volume 13, Laws of Delaware, relating to revenue.

Passed at Dover, April 18th, 1895.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled:

Section 1. That Frederick May, M. D., Alexander McWilliams, M. D., and twenty others, and such other persons as they may from time to time elect, and their successors, are hereby declared to be a community, corporation and body politic, forever, or until Congress shall by law direct this charter to cease and determine, by and under the name and title of the Medical Society of the District of Columbia; and by and under the same name and title they shall be able and capable in law to purchase, take, have and enjoy, to them and their successors, in fee or for lease, estate or estates, any land, tenements, rents, annuities, chattels, bank stock, registered debts, or other public securities within the District, by the gift, bargain, sale or demise, of any person or persons, bodies politic or corporate, capable to make the same, and the same, at their pleasure, to alien, sell, transfer, or lease and apply to such persons as they may adjudge most conducive to the promoting and disseminating medical and surgical knowledge, and for no other purpose whatever: Provided, nevertheless, that the said society or body politic shall not, at any one time, hold or possess property, real, personal or mixed, exceeding in total value the sum of six thousand dollars per annum.

2. That the members of the said society above designated shall hold, in the city of Washington, two stated meetings in every year, viz.: on the first Mondays in January and July; the officers of the society to consist of a president, two vice presidents, one corresponding secretary, one recording secretary, one treasurer, and one librarian, who shall be appointed on the first Monday in July, one thousand eight hundred and thirty-eight, and on the annual meeting in January forever thereafter, and who shall hold their offices for one year, and until others are chosen in their stead (not less than seven members being present at such meeting); and the society may make a common seal and may elect into their body such medical and chirurgical practitioners, within the District of Columbia, as they may deem qualified to become members of the society, it being understood that the officers of the society now elected are to remain in office until the next election after the passage of this act.

3. That it shall and may be lawful for the said medical society, or any members of them attending (not less than seven), to elect by ballot five persons residents of the District of Columbia, whose duty it shall be to grant licenses to such medical and chirurgical gentlemen as they may, upon a full examination, judge qualified to practice the medical and chirurgical arts, or as may produce a diploma from some respectable medical college or society, each person so obtaining a certificate to pay a sum not

exceeding ten dollars, to be fixed on or ascertained by the society.

4. That any three of the examiners shall constitute a board for examining such candidates as may apply, and shall subscribe their names to each certificate by them granted, which certificate shall also be countersigned by the president of the society, and have the seal of the society affixed thereto, by the secretary, upon paying into the hands of the treasurer the sum of money to be ascertained as above by the society; and any one of the said examiners may grant a license to practice until a board in conformity to this act can be held; Provided, That nothing herein contained shall authorize the said corporation in anywise to regulate the practice of medical or chirurgical attendance on such persons as may need those services, nor to establish or fix a tariff of charges or fees for medical attendance or advice.

5. That after the appointment of the aforesaid medical board, no person not heretofore a practitioner of medicine or surgery within the District of Columbia shall be allowed to practice within the said District, in either of said branches, without first having obtained a license testified as by this law directed, or the production of a diploma from a respectable medical college or a board of examiners established by law; Provided, That the professors in such college or the examiners in such board be men regularly instructed in medicine and surgery and the collateral branches of medical education, anatomy, chemistry, under the penalty of fifty dollars for each offense, to be recovered in the county court where he may reside, by bill of presentment and indictment, one-half for the use of the society and the other for that of the informer.

6. That every person who, upon application, shall be elected a member of the medical society, shall pay a sum not exceeding ten dollars, to be ascertained by the society.

7. That the medical society be, and they are hereby, empowered from time to time to make such by-laws, rules and regulations as they may find requisite, which by-laws, rules and regulations shall, in their application and operation, be exclusively confined to said society, as a society or body corporate, and not to its members individually, when not acting in a corporate character; to break or alter their common seal; to fix the times and places for the meetings of the boards of examiners; filling up vacancies in the medical board; and to do and perform such other things as may be requisite for carrying this act into execution, and which may not be repugnant to the Constitution and laws of the United States: Provided, always, That it shall and may be lawful for any person, resident as aforesaid, and not prohibited as aforesaid, when specially sent for, to come into any part of this District, and administer or prescribe medicine, or perform any operation for the relief of such, to whose assistance he may be sent for; And provided also, That nothing in this act contained shall be so construed as to prevent

any person living within or without said District, from administering medicine or performing any surgical operation, with the consent of the person or the attendants of the person to whom such medicine is administered, or upon whom such surgical operation is performed, without fee or reward; nor to prevent the giving of advice or assistance to the sick or afflicted, upon charity and kindness; nor to prevent the receipt of reward for the same, if the receipt of reward for the same is voluntarily tendered or made; nor to extend midwifery by females; and any person so administering medicine or performing any surgical operation, not authorized to practice

physic and surgery according to the provisions of this act, shall be prohibited from collecting any fee or reward for the same by any process at law; And be it further provided, That no person shall be admitted to an examination until he shall produce satisfactory evidence that he has studied physic and surgery three years, including one full course of medical lectures, as usually taught at medical schools, or four years without such a course of lectures.

8. That Congress may at any time alter, amend or annul this act of incorporation of said society at pleasure.

Approved July 7, 1838.

OPENING OF COLLEGE TERMS.

The terms of the various colleges begin generally, according to the number of weeks in each term and whether more than one term is given during the year, approximately as follows:

September, third or fourth week: Departments of State Universities which close in April and June respectively. Colleges having 20-week terms which close late in February or begin a second term, first or second week in March.

October 1, or first week: Colleges having terms of 24 to 28 weeks, which close the third week in March or April respectively.

October 15: Colleges having terms of 20 weeks. April, first week: San Francisco has its term during the summer months, this period being best adapted for the Pacific coast.

The four-terms-a-year institutions have one term before the holidays, and the other three following in rapid succession, with vacation from July 15 to September 15.

PHARMACEUTICAL LAWS OF PENNSYLVANIA.

AN ACT

To regulate the Practice of Pharmacy and sale of Poisons, and to prevent Adulterations in Drugs and Medicinal Preparations in the State of Pennsylvania.

Whereas, The safety of the public is endangered by want of care in the sale of poisons, whether to be used as such for legitimate purposes or employed as medicines and dispensed on the prescriptions of physicians;

And whereas, The ability of physicians to overcome disease depends greatly on their obtaining good and unadulterated drugs and properly prepared medicines;

And whereas, The persons to whom the preparation and sale of drugs, medicines and poisons properly belong, known as apothecaries, chemists and druggists or pharmacists, should possess a practical knowledge of the business and science of pharmacy in all its relations; therefore,

Section 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met and it is hereby enacted by the authority of the same, That hereafter no person whomsoever shall open, or carry on as manager in the State of Pennsylvania any retail drug or chemical store, or engage in the business of compounding or dispensing medicines or prescriptions of physicians, or of selling at retail any drugs, chemicals, poisons or medicines without having obtained a certificate of competency and qualification so to do from the State Pharmaceutical Examining Board, and having been duly registered as herein provided, but it shall be lawful for the widow, or legal representatives of a deceased person who was a manager and registered pharmacist to carry on or continue the business of such deceased pharmacist. Provided, That the actual retailing, dispensing or compounding of medicines or poisons be done only by an assistant qualified and registered as herein provided. Any person who shall violate or fail to comply with the provisions of this section shall be guilty of a misdemeanor, and on conviction before any court shall be punished by a fine not exceeding one hundred dollars.

Section 2. That there shall be established in the State of Pennsylvania a Board, to be styled the State Pharmaceutical Examining Board, to consist of five persons, three of whom shall constitute a quorum, who shall be appointed by the Governor from among the most skillful retail apothecaries actually engaged in said business in the State of Pennsylvania, and who must have had 10 years' practical experience in the same—one to serve five years, one four years, one three years, one two years and one one year in the first instance, and thereafter annually the Governor shall appoint one person to serve as a member of said Board for the term of five years. The said persons so appointed shall be and constitute the said The State Pharmaceutical Examining Board, and shall hold the office for the term for which they were appointed, or until their successors are duly appointed and qualified, and shall receive as a compensation for their services five dollars for each day actually engaged in this service, and all legitimate and necessary expenses incurred in attending the meetings of said Board under the provisions of this Act, and no part of the salary of said

Board or expense thereof shall be paid out of the State Treasury.

The said Board shall organize by electing one of its members secretary, who, in addition to his compensation as a member of said Board, shall receive for his services as secretary such compensation as said Board may allow.

They, the said Board, and each of them shall, within ten days after their appointment or being apprised of the same, take and subscribe an oath or affirmation before a properly qualified officer of the county in which they reside that they will faithfully and impartially perform the duties of their office.

Any vacancies occurring in said Board shall be filled by the Governor of the State of Pennsylvania, from among such only as are eligible for original appointment.

Sec. 3. The said The Pharmaceutical Examining Board shall keep a book of registration open at some convenient place, of which due notice shall be given by advertisement in at least four newspapers in the State, and so divided as to reach as nearly as practicable all parts thereof, in which book shall be registered the name and address of each and every person duly qualified under this Act to conduct and carry on the retail drug and apothecary business or to hold the position of qualified assistant therein. And it shall be the duty of all persons now conducting, or who shall hereafter conduct, the business of retail apothecaries, or those acting in the capacity of qualified assistants therein in said State, to apply to said Board and be registered as such within ninety days after such notice, and thereafter every three years. Application for registration only may be sent by mail to the secretary of the Examining Board after being properly attested before a notary public or any other person authorized to administer an oath or affirmation in the county in which the applicant resides.

The form of application shall be subject to such regulations as the Board may see proper to adopt, but in no case shall the applicant be put to any unnecessary expense in order to secure registration.

Sec. 4. The said Board shall be entitled to demand and receive from each applicant for examination and registration and for the certificate hereinafter provided a fee not to exceed three dollars, and for registration only a fee not to exceed one dollar in the first instance, and for renewing the same every three years a fee not to exceed three dollars; and the amount derived from this source shall be held by said Board and be applied to the expenses and salaries herein provided, and such as may arise under the provisions of this Act, and they, the said Board, shall report annually to the Governor of the State of Pennsylvania all moneys received and disbursed under the provisions of this act, together with the number of pharmacists registered under this Act.

Sec. 5. That it shall be the duty of said Board to meet at least once every three months in the city of Harrisburg, or at such other place as they may deem expedient, and examine all persons who shall desire to carry on the business of a retail apothecary, or that of retailing drugs, chemicals or poisons, or of compounding physicians' prescriptions, touching their competency and qualifications, and they, the said

Board, or a majority of them shall grant to such persons as may be qualified certificates of competency or qualification which shall entitle the holders thereof either to conduct or carry on the business or to act as a qualified assistant therein, as may be expressed upon the said certificate; and such certificate, together with its renewals, shall be good and sufficient evidence of registration under this act.

All persons applying for examination for certificate to entitle them to conduct and carry on the retail drug or apothecary business must produce satisfactory evidence of having had not less than four years' practical experience in the business. And those applying for examination for certificates as qualified assistants therein must produce evidence of having not less than two years' experience in said business.

Sec. 6. That no person shall hereafter engage as manager in the business of an apothecary or pharmacist, or of retailing drugs, chemicals and poisons, or of compounding and dispensing the prescriptions of physicians, either directly or indirectly, without having obtained such certificate as aforesaid. But nothing contained in this act shall in any manner whatever interfere with the business of any practitioner of medicine, nor prevent him from administering or supplying to his patients such articles as to him may seem fit and proper, nor shall it interfere with the making and dealing in proprietary remedies, popularly called patent medicines, nor prevent storekeepers from dealing in and selling the commonly used medicines and poisons, if such medicines and poisons conform in all respects to the requirements of Section 9, provided the provisions of Section 10 of this act be fully complied with.

Any person who shall violate or fail to comply with the provisions of this section shall be guilty of a misdemeanor, and on conviction before any court shall be punished by a fine not exceeding one hundred dollars, or be imprisoned in the county jail of the proper county for a term not exceeding one year, or either or both at the discretion of the court.

Sec. 7. That the foregoing provisions of this Act shall not apply to or affect any person who shall be engaged in the retail drug and apothecary business as proprietor of the same or as qualified assistant therein at the passage of this Act, except only in so far as relates to registration and fees provided in Sections 3 and 4 of this Act.

A qualified assistant, engaged in the business at the passage of this Act, is one who has had not less than two years' practical experience in the retail drug and apothecary business. All other assistants actually engaged in the business at the passage of this Act shall, upon the completion of a like term of two years' experience, be entitled to registration as qualified assistants without examination.

Sec. 8. That no person shall be allowed by the proprietor or manager of any store or place where prescriptions are compounded to compound or dispense the prescriptions of physicians except under the immediate supervision of said proprietor or his qualified assistant, unless holding a properly certified certificate of registration or competency from the State Pharmaceutical Examining Board as herein provided, and any person violating the provisions of this section shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished by a fine not exceeding one hundred dollars.

Sec. 9. That no person shall knowingly, willfully or fraudulently falsify or adulterate or cause to be falsified or adulterated any drug or medical substance or any preparation authorized or recognized by the pharmacopoeia of the United States, or used or intended to be used in medicinal practice, nor mix or cause to be mixed with any such drug or medicinal substance any foreign or inert substance whatsoever, for the

purpose of destroying or weakening its medicinal power and effect, and willfully, knowingly or fraudulently sell or cause the same to be sold for medicinal purposes.

Any person who shall violate this section shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not exceeding five hundred dollars, and shall forfeit to the Commonwealth all articles so adulterated.

Sec. 10. Poisons. A poison in the meaning of this Act shall be any drug, chemical or preparation which, according to standard works on medicine or materia medica, is liable to be destructive to adult human life in quantities of sixty grains or less.

No persons shall sell at retail any poisons except as herein provided, without affixing to the bottle, box, vessel or package containing the same a label, printed or plainly written, containing the name of the article, the word "poison," and the name and place of business of the seller; nor shall he deliver poison to any person without satisfying himself that such poison is to be used for legitimate purposes.

It shall be the further duty of any one selling or dispensing poisons, which are known to be destructive to adult human life in quantities of five grains or less, before delivering them to enter in a book kept for this purpose the name of the seller, the name and residence of the buyer, the name of the article, quantity sold or disposed of, and the purpose for which it is said to be intended, which book of registry shall be preserved for at least two years, and shall at all times be open to the inspection of the coroner or courts of the county in which the same may be kept.

The provisions of this section shall not apply to the dispensing of physicians' prescriptions specifying poisonous articles, nor to the sale to agriculturists of such articles as are commonly used by them as insecticides. Any person failing to comply with the provisions of this section shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than five nor more than fifty dollars for each and every offense.

Sec. 11. It shall be the duty of the State Pharmaceutical Examining Board to investigate all complaints and charges of non-compliance or violation of the provisions of this Act, and prosecute all persons so offending whenever there shall appear to the board reasonable ground for such action.

Sec. 12. That all Acts and parts of Acts, so far as they may be in conflict with this, are hereby declared void and of no effect.

A SUPPLEMENT.

Section 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same that hereafter every proprietor, manager and qualified assistant holding a certificate of registration or renewal certificate under the provisions of this Act shall keep his or her certificate of registration and renewal in some conspicuous place in his or her retail drug store or pharmacy, or in the retail drug store or pharmacy where he or she may be at the time employed.

And every person who shall violate or fail to comply with the provisions of this section shall, for every such offense, forfeit and pay the sum of ten dollars (\$10.00), which shall be recoverable with costs by any person suing in the name of the Commonwealth, as debts of like amount are by law recoverable (one-half of) which sum when so recovered shall be paid to the State Pharmaceutical Examining Board (and the other half to such person or persons at whose instance such suit shall or may be commenced and prosecuted to recovery).

PHARMACEUTICAL LAWS OF NEW YORK.

CHAPTER 661. AN ACT

In relation to the public health, constituting chapter twenty-five of the general laws.

Approved by the Governor, May 9, 1893. Passed three-fifths being present. The People of the State of New York, represented in the Senate and Assembly, do enact as follows:

CHAPTER XXV. OF THE GENERAL LAWS.

THE PUBLIC HEALTH LAW.

ARTICLE XI. PHARMACY.

Section 180. State board; appointment.

Section 181. Oaths; meetings; officers; by-laws.

Section 182. Kinds of licenses.

Section 183. Duties of board.

Section 184. Who are entitled to license.

Section 185. Additional requirements.

Section 186. Fee; posting and revocation of license.

Section 187. Application of article limited.

Section 188. Apprentices.

Section 189. Exemption of New York, Kings and Erie Counties.

Section 190. Penalties; expenses.

Section 190. State Board; appointment.—There shall continue to be a State Board of Pharmacy for the State, excepting the counties of New York, Kings and Erie, of five members, each holding office for a term of five years from the first Tuesday in September of the year when such term begins. The New York State Pharmaceutical Association shall at each annual meeting nominate five pharmacists, residents of the State, but not of the said counties, from which number the Governor shall fill the vacancy annually occurring in such board by expiration of the term of one of the incumbents. If a vacancy occurs from any other cause than expiration of term, the Governor shall fill the vacancy from the list of names so nominated at the annual meeting of such association next preceding the happening of the vacancy.

Section 181. Oaths; meetings; officers; by-laws.—Each member of such board shall, before entering upon the discharge of his duties, take and subscribe the constitutional oath of office and file the same in the office of the Secretary of State. The board shall meet annually on the first Tuesday of September at 12 o'clock, noon, and elect a president, secretary and treasurer, who shall hold office for one year. It shall hold other meetings at least once in three months. The board may make by-laws and regulations for the examination of applicants for licenses and the granting of licenses to applicants.

Section 182. Kinds of licenses.—There shall be two grades of license established, that of pharmacist, which confers on the licensee the privilege of carrying on the practice of pharmacy, either on his own account, as proprietor, or for some other person, and that of assistant pharmacist, which entitles the holder to retail medicines and poisons, but not to compound physicians' prescriptions in the absence of the licensed pharmacist.

Section 183. Duties of Board.—Such Board of Pharmacy shall:

1. Examine all applicants for license under this article, and grant licenses such as may be entitled thereto.

2. Keep a record of all pharmacists and assistant pharmacists licensed or authorized by it.

3. Investigate all complaints of disregard of, non-compliance with, or violation of any provision of this article, and bring all such cases, and all cases of offenses against the provisions of the penal code relating to pharmacy, to the notice of the proper prosecuting officer.

4. Render annually to the Governor and to the State Pharmaceutical Association at its annual meeting a full statement of all its receipts and disbursements during the preceding year.

Section 184. Who are entitled to license.—Any person who has had four years' experience in the practice of pharmacy previous to January 1, 1893, or any person who holds a certificate of registration as a pharmacist by examination from any Board of Pharmacy legally created under the laws of this State is entitled to license as a pharmacist, and any person who has had two years' experience in the practice of pharmacy is entitled to license as an assistant pharmacist, on compliance with the regulations of the State Board of Pharmacy and the other requirements of this article. Any person who, on the twenty-fourth day of May, eighteen hundred and eighty-four, was entitled to be licensed as a pharmacist, but who failed within ninety days thereafter to apply to the State Board for a license may, within ninety days after this chapter takes effect, on eight days' notice to the secretary of such Board, apply to the Supreme Court, at a special term, in the district where such applicant resides, for an order directing such Board to issue such license; and such Court may grant such order on proof of good cause for the neglect to so apply, and such board shall issue such license on receipt of a certified copy of such order served on the secretary of such board.

Section 185. Additional requirements.—No person shall be entitled to a license as a pharmacist or assistant pharmacist from any Board of Pharmacy created under the laws of this State, unless he furnish proof to such board by his own affidavit or otherwise, in addition to the other requirements of law relating to the granting of licenses by such board, that he is a resident of the city, county or district for which such board is created, or, if a non-resident, that he intends to practice in such city, county or district; that he has not applied for a license to or been examined by any Board of Pharmacy of the State and had been refused a license within six months immediately preceding.

Section 186. Fee; posting and revocation of license.—No license shall be granted by such State Board, under this article, unless the applicant pays to such board a fee of \$5 for a license as a pharmacist and \$3 for a license as an assistant pharmacist. Every person to whom a license is granted by such board shall post it and keep it posted in a conspicuous part of the pharmacy in which such person does business. No license granted by such board shall be revoked except for just and sufficient cause.

or to sell or furnish medicines or poisons except No person shall hereafter practice as a pharmacist unless a license has been granted to such person by the State Board of Pharmacy.

Section 187. Application of article limited. This article shall not apply to the business of a practitioner of medicine who is not the proprietor of a store for the retailing of drugs, medicines or poisons, and shall not prevent practitioners of medicine from supplying their patients with such articles as they may deem proper, nor shall it apply to persons who sell medicines or poisons at wholesale, or to the sale of Paris green, white hellebore and other poisons for destroying insects or any substance for use in the arts, or to the manufacture and sale of proprietary medicines, or to the sale of the usual domestic remedies by retail dealers in the rural districts. The term "usual domestic remedies" here employed means medicines a knowledge of the properties of which and dose has been acquired from common use, and includes only such remedies as may be safely employed without the advice of a physician, such as epsom salts, rochelle salts, salts of tartar, borax, sulphur, magnesia, camphor, aloes, myrrh, guaiac, arnica, rhubarb, senna, squills, ipacac and preparations of the same, castor oil, olive oil, origanum, spike, amber, wintergreen, peppermint, wormwood, glycerine, spirits of nitre and other like remedies, but does not include opium, morphine, laudanum, strychnine, arsenic, belladonna, aconite and other poisons requiring knowledge and pharmaceutical skill to safely dispense, unless they are sold in original packages or packages bearing the label of a licensed pharmacist. The term "rural districts," here employed, shall apply only to small villages and country districts having no store where pharmacy is practiced. The term "practice of pharmacy" when used in this article means the compounding of prescriptions or of any United States pharmacopoeial preparation, or of any drug or poison, to be used as medicines, or the retailing of any drug or poison, except as provided in this section.

Section 188. Apprentices.—This article shall not be construed to prohibit the employment in any pharmacy of apprentices for the purpose of being instructed in the practice of pharmacy; but such apprentices shall not be permitted to prepare and dispense physicians' prescriptions, in the presence of and under the supervision of a licensed pharmacist.

Section 189. Exemption of New York, Kings and Erie Counties.—Except the provision relating to the proof to be furnished to any Board of Pharmacy by an applicant for a license, this article shall not apply to the counties of New York, Kings and Erie, but a license as a pharmacist granted any person after the examination by any Board of Pharmacy, legally created under the laws of this State, shall entitle such person to a license or certificate of registration from any other Board of Pharmacy, so created, upon presenting to such board his license and complying with the formal requirements of the laws.

Section 190. Penalties; expenses.—Any person violating any provision of this article shall forfeit to the county where the violation occurs the sum of \$50 for every such violation, which may be sued for and recovered in the name of the county by the State Board of Pharmacy, which may retain out of all penalties collected by it the costs and expenses of such collection, including counsel fees necessarily paid, and the residue, not exceeding one-half of such penalties shall be paid into the treasury of the county. The expenses of the State Board shall be paid out of the fees in this article provided, and the moiety of the penalties collected and retained by it.

PENAL CODE.

Section 401. Apothecary omitting to label drugs or labeling them wrongly.—An apothecary

or druggist, or a person employed as clerk or salesman by an apothecary or druggist, or otherwise carrying on business as a dealer in drugs or medicines, who, in putting up any drugs or medicines, or making up any prescription, or filling any order for drugs or medicines, willfully, negligently or ignorantly omits to label the same, or puts any untrue label, stamp or other designation of contents upon any box, bottle or other package containing a drug or medicine, or substitutes a different article for any article prescribed or ordered, or puts up a greater or less quantity of any article than that prescribed or ordered, or otherwise deviates from the terms of the prescription or order which he undertakes to follow in consequence of which human life or health is endangered, is guilty of a misdemeanor.

Section 402. Apothecary selling poison without recording the sale.—An apothecary or druggist, or a person employed as clerk or salesman by an apothecary or druggist, or otherwise carrying on business as a dealer in drugs or medicines, who sells or gives any poison or poisonous substance without first recording in a book to be kept for that purpose the name and residence of the person receiving such poison, together with the kind and quantity of such poison received, and the name and residence of some person known to such dealer, as a witness to the transaction, except upon the written order or prescription of some practicing physician whose name is attached to the order, is guilty of a misdemeanor.

Section 404. Selling poison without label.—A person who sells, gives away or disposes of any poison or poisonous substances (except on the order or prescription of a regularly authorized practicing physician), without attaching to the vial, box or parcel containing such poisonous substance a label with the name and residence of such person the word "poison" and the name of such poison, all written or printed thereon in plain, legible characters; and a person who, after the first day of January, eighteen hundred and eighty-seven, sells, gives away or disposes of or offers for sale any sulphate or other preparation of opium or morphine, except paregoric and those preparations containing two grains or less of opium or morphine to the ounce, without attaching to the bottle, vial, box or package containing such sulphate or other preparation of opium or morphine a scarlet label lettered in white letters, plainly naming the contents thereof, with the name and residence of such persons, is guilty of a misdemeanor.

Section 405. Medical prescriptions.—No person employed in a drug store or apothecary's shop shall prepare a medical prescription unless he has served two years' apprenticeship in such a store or shop, or is a graduate of a medical college or college of pharmacy, except under the direct supervision of some person possessing one of those qualifications; nor shall any proprietor or other person in charge of such store or shop permit any person not possessing such qualifications to prepare a medical prescription in his store or shop except under such supervision. A person violating any provision of this section is guilty of a misdemeanor, punishable by a fine not exceeding one hundred dollars, or by imprisonment not exceeding six (6) months; and in case of death ensuing from such violation, the person offending is guilty of a felony punishable by a fine of not less than one thousand dollars, nor more than five thousand dollars, or by imprisonment not less than two years nor more than four years, or by both such fine and imprisonment.

Section 405 A. Regulations as to prescriptions of opium and morphine.—A person who, except on the written or verbal order of a physician, refills more than once prescriptions containing opium, morphine or preparations of either, in which the dose of opium exceeds $\frac{1}{4}$ grain or morphine 1-20 grain, is guilty of a misdemeanor.

PHARMACEUTICAL LAW OF NEW JERSEY.

AN ACT

To amend an act entitled "An Act to regulate the practice of pharmacy in the State of New Jersey," approved April 5, 1886.

1. Be it enacted by the Senate and General Assembly of the State of New Jersey, That the act entitled "An Act to regulate the practice of pharmacy in the State of New Jersey," approved April fifth, one thousand eight hundred and eighty-six, be amended so as to read as follows:

1. Be it enacted by the Senate and General Assembly of the State of New Jersey, That from and after the passage of this act it shall not be lawful for any person not a registered pharmacist, within the meaning of this act, to conduct any store or pharmacy for retailing, dispensing or compounding drugs, medicines or poisons, or for any one not a registered pharmacist or qualified assistant to prepare and dispense physicians' prescriptions, or to retail or dispense medicines or poisons, except under the immediate supervision of a registered pharmacist.

2. And be it enacted, That on or before the first day of June next the New Jersey Pharmaceutical Association shall submit to the Governor the names of fifteen pharmacists doing business within this State, from which number the Governor shall appoint five persons, who shall constitute the Board of Pharmacy of the State of New Jersey, and who shall hold office for the term of one, two, three, four and five years, as designated in their respective appointments, and until their successors shall have been appointed and qualified; the New Jersey Pharmaceutical Association shall annually thereafter nominate to the Governor five pharmacists, of whom the Governor shall appoint one to fill the vacancy annually occurring in the said board, who shall hold office for five years and until his successor shall have been appointed and qualified; any vacancy occurring in said board shall be filled by the Governor for the unexpired term from among the persons last nominated to him; each person so appointed shall, within thirty days after appointment, take and subscribe an oath, before any officer authorized to administer oaths in the State, that he will faithfully discharge the duties prescribed by this act.

3. And be it enacted, That the Board of Pharmacy shall organize by electing a president, a secretary and a treasurer, and shall have power to make by-laws and rules for the proper fulfillment of its duties under this act; it shall meet on the third Thursday of January, April, July and October in the city of Trenton, and at such other places and dates as may be required; it shall examine into all applications for registration and grant certificates of registration to all persons whom it shall judge, on examination, to be properly qualified to practice pharmacy; it shall keep a book of registration, in which shall be entered the names and places of business of all persons registered under this act, and shall also keep a book of record of all its official transactions, which book shall be legal evidence of such transactions in any court of law; it shall have power to examine into all cases of alleged abuse, fraud

and incompetence, cause the prosecution of all persons not complying with the provisions of this act, and suspend and revoke the registration of any person legally convicted of violating the same, or of any person addicted to chronic and persistent inebriety, or of any person convicted of a crime involving moral turpitude; it shall annually report to the Governor and to the president of the New Jersey Pharmaceutical Association upon the condition of pharmacy in the State, which report shall embrace a detailed statement of the receipts and expenditures of the board; the members of such board shall receive the sum of five dollars for each day actually engaged in this service, to be paid from the fees and penalties collected under this act, and all moneys thus collected by said board in excess of said per diem allowance and of the necessary expenses of said board, shall be paid to the treasurer of the New Jersey Pharmaceutical Association at its annual meeting; three members of the board shall constitute a quorum.

4. And be it enacted, That every person applying for registration as pharmacist under this act shall not be less than twenty-one years of age and shall furnish satisfactory evidence that he has had at least four years' experience in the practice of pharmacy and pay to the secretary of the Board of Pharmacy a fee of ten dollars, and upon passing an examination satisfactory to said board, he shall receive from said board a certificate of registration; in case of failure to pass a satisfactory examination, the applicant shall be granted a second examination (without the payment of another fee) at any time within one year from his first examination; and that the Board of Pharmacy shall grant an assistant's certificate to any person not less than 18 years of age, who shall have had three years' practical experience in pharmacies where prescriptions have been usually compounded, and shall have passed a satisfactory examination before said Board of Pharmacy; which certificate shall entitle such person to all the privileges of a registered pharmacist during the temporary absence of his employer, and shall not entitle such assistant to engage in business on his own account or as manager to conduct a pharmacy; every person applying for an assistant's certificate shall pay to the secretary of the Board of Pharmacy a fee of five dollars before examination; in case of failure to pass a satisfactory examination the applicant shall be granted a second examination without the payment of another fee at any time within one year from his first examination; every pharmacist owning or conducting a pharmacy or store shall conspicuously display his certificate of registration in said pharmacy or store, and any failure to do so shall be prima facie evidence that such person is not a registered pharmacist; and every registered pharmacist and every registered assistant who desires to continue the practice of his profession shall once in three years during the time he shall continue such practice on such a date as the Board of Pharmacy shall prescribe, pay to the secretary of the board a registration renewal fee of fifty cents, in return for which he shall receive a renewal of his registration.

5. And be it enacted, That any person who shall procure or attempt to procure registration for himself or any other person under this act, by making or causing to be made any false representations or fraudulently represent himself to be registered, or shall adulterate or sell any adulterated drug, medicine or chemical, or who shall otherwise violate the provisions of this act (except section six), shall be deemed guilty of a misdemeanor and upon conviction thereof, be liable to a penalty of not less than fifty or more than one hundred dollars, and for every subsequent offense or offenses a like fine or imprisonment, not to exceed six months, or both, at the discretion of the court.

6. And be it enacted, That it shall not be lawful for any person to retail or dispense any of the poisons enumerated in Schedule A appended to this section or any other substance commonly recognized as a deadly poison, without distinctly labeling with a red label the bottle, box, vessel or wrapper in which such poison is contained, with the name and place of business of the dispenser, nor without being satisfied that the purchaser is aware of its poisonous nature and intends to use it for a legitimate purpose; any person failing to comply with the requirements of this section shall be deemed guilty of a misdemeanor, and for every such omission shall be liable to a fine of not less than ten dollars; and any person who shall give a fictitious name, or who shall make any false representations to the seller when buying any of the poisons thus enumerated, shall be deemed guilty of a misdemeanor and be liable to a fine of not less than ten dollars; the penal provisions of this act shall not apply to the sale of such poisons as are used in the arts, agriculture or in manufacturing, to persons known to be engaged in such pursuits, nor to the dispensing of poison upon the prescription of a practicing physician.

SCHEDULE A.

Arsenic and its compounds or chemical derivatives; corrosive sublimate and other poisonous derivatives of mercury; phosphorus and its poisonous derivatives; prussic acid and its poisonous derivatives; tartrate of antimony; essential oil of bitter almonds; oils of tansy, savin or croton; chloroform, chloral hydrate, aconite, belladonna, conium, cantharides, digitalis, hyoscyamus nux vomica, Indian Hemp, veratrum viride, yellow jessamine, opium, their alkaloids or other preparations (except paregoric and other preparations of opium having less than two grains to the ounce); ergot, savin, cotton-root and their preparations.

7. And be it enacted, That any person or persons, who shall establish or conduct any pharmacy for the retailing, dispensing or compounding of drugs, medicines, physicians' prescriptions or poisons, not being a duly registered pharmacist of this State, or shall be engaged as clerk or assistant in said store or pharmacy, and retailing, dispensing or compounding drugs, medicines, poisons or physicians' prescriptions, not having first obtained a certificate of registration as a pharmacist or assistant in accordance with the provisions of this act; or being a duly registered pharmacist or assistant, shall violate any of the provisions of the next preceding section, or shall adulterate or sell any adulterated drug, medicine or chemical; or any person who shall procure, or attempt to procure, registration for himself or any other person under this act, by making or causing to be made any false representations, or fraudulently represent himself to be registered in accordance with the provisions of this act, shall forfeit and pay such sum, not not to exceed one hundred dollars, together with costs, as the court shall determine, to be sued for and recovered in an action of debt, with costs of suit, by any person or persons, in the name of the Board of Pharmacy of the State of New Jersey, before any justice of the peace, district court or police magistrate in the county where the offense or offenses were committed, one-half thereof to the person or persons who shall sue therefor, and one-half to the Board of Pharmacy of the State of New Jersey.

8. And be it enacted, That nothing in this act shall be construed to apply to or in any manner interfere with the strictly professional pursuits of any physician, nor with the making or vending of non-poisonous patent or proprietary medicines, nor with the sale of simple non-poisonous domestic remedies by retail dealers in rural districts, nor with the ownership of any pharmacy or store in part or whole by any person not a registered pharmacist; provided, such pharmacy or store is at all times in charge of a registered pharmacist; and any person holding a certificate of registration granted under any former act shall be considered a registered pharmacist within the meaning of this act.

9. And be it enacted, That each and every fine imposed under the provisions of this act shall be paid to the treasurer of the Board of Pharmacy.

10. And be it enacted, That this act shall be a public act and shall take effect immediately, and that all acts and parts of acts conflicting or inconsistent herewith be and the same are hereby repealed.

Approved the twentieth day of March, one thousand eight hundred and ninety-five.

PHARMACEUTICAL LAW OF MARYLAND.

Under which druggists are permitted to conduct the retail drug business in Baltimore city, as amended and enacted by the General Assembly of Maryland, at its January session, 1892, and now in force.

An Act to repeal sections 388 to 396 inclusive of Article IV of the Public Local Laws, title "City of Baltimore," sub-title "Commissioners of Pharmacy and Practical Chemistry," and to re-enact the same with amendments.

Section 1. Be it enacted by the General Assembly of Maryland that sections 388, 389, 390, 391, 392, 393, 394, 395, and 396 inclusive, of Article IV of Public Local Laws, title, "City of Baltimore," sub-title "Commissioners of Pharmacy and Practical Chemistry," be, and the same are hereby repealed and re-enacted with amendments so as to read as follows:

Section 388. That the term or name Pharmacist in the meaning and scope of this Act does mean, embrace and apply to all persons engaged in vending, at retail, drugs, medicines and chemicals for medicinal use, and in compounding and dispensing physicians' prescriptions, either as owners of stores, as managing assistants, or as relief clerks in temporary charge of stores.

Section 389. That any person who, after the passage of this Act, does or shall vend, at retail, poisonous drugs for medicinal use, or compound or dispense physicians' prescriptions in the City of Baltimore without complying with the requirements of this Act, shall be deemed guilty of a misdemeanor, and be subject to a penalty or fine of fifty dollars (\$50.00) for each and every week he shall continue to vend, at retail, poisonous drugs for medicinal use, or compound or dispense physicians' prescriptions in violation of this Act; said penalty or fine to be sued for in the name of the State of Maryland before a Justice of the Peace, as small debts are now recoverable; said penalty or fine to go to the Maryland Board of Pharmacy, appointed under this Act, to be used as a fund for carrying out the provisions of this Act; and it shall be the duty of the State's Attorney of the City of Baltimore, at the request of said Board of Pharmacy, to prosecute any person who shall have violated any requirement of this Act, provided that nothing in this Act shall be so construed as to prevent any practicing physician from supplying medicines in connection with professional practice, nor to restrict the sale, at retail, of patent and proprietary medicines and compounds prepared and compounded for medical use by wholesale dealers in drugs and medicines, when sold in original package—box or bottle; and no penalty shall hereafter be enforced against any person for the sale of patent or proprietary medicines or compounds prepared by wholesale dealers in drugs and medicines when sold as aforesaid; and no penalty shall hereafter be enforced against any person for the sale of proprietary or patent medicines or drugs other than poisonous.

Section 390. That the Maryland College of Pharmacy shall nominate, biennially, of the most skilled and competent pharmacists of the

City of Baltimore ten (10) persons, from amongst whom the Governor shall appoint three (3) Commissioners, whose duty it shall be to faithfully and impartially execute or cause to be executed all the provisions and requirements of this Act. They shall, upon application and in such manner and in such place as they may determine, examine each and every person who shall desire to engage in vending, retail, drugs, medicines or chemicals for medicinal use, or in compounding and dispensing physicians' prescriptions in the City of Baltimore, touching his competency and qualifications, and upon being satisfied that the person so examined is competent and qualified to vend, at retail, drugs, medicines and chemicals for medicinal use, and compound and dispense physicians' prescriptions safely, and without jeopardy to the health and lives of the people of the City of Baltimore, they or any two of them shall grant such person a certificate of competency and register him as a Pharmacist.

Section 391. That the Commissioners appointed under this Act shall be styled and known as the "Commissioners of Pharmacy and Practical Chemistry," and shall hold office for two years and thereafter, until their successors have been appointed and have qualified. Said Commissioners shall, within thirty (30) days after notification of their appointment, each subscribe to an oath before the Clerk of the Superior Court of Baltimore City to impartial and faithfully discharge the duties prescribed by this Act. The position of any Commissioner appointed under this Act who shall fail to so qualify within the time and in the manner named shall be vacant. The Governor shall fill all vacancies occurring from amongst the persons nominated by the Maryland College of Pharmacy under section 390 of this Act.

Section 392. That each and every person, before commencing to vend, at retail, drugs, medicines or chemicals for medicinal use or to compound or dispense physicians' prescriptions in the City of Baltimore, as managing owner of a store or as managing assistant of a store, or as relief clerk temporarily in charge of a store, shall register as a pharmacist under the provisions of this act. That every person who shall at the time that this act goes into effect be engaged in vending, at retail, drugs, medicines and chemicals for medicinal use, and compounding and dispensing physicians' prescriptions in the City of Baltimore, and registered as pharmacist under an Act entitled "An act to prevent incompetent persons from conducting business as pharmacists or vending, at retail, drugs or medicines or chemicals for medicinal use in the City of Baltimore," approved April 1, 1872, and amended by the repeal and re-enactment of sections 2 and 9, chapter 91, passed at January session, 1876, shall be deemed competent to register as a pharmacist within the meaning of this act. That every person holding a diploma from a regular chartered and recognized college or school of pharmacy, based upon a full apprenticeship of four years, as a pharmacist, and who presents satisfactory evidence of these facts to the said Commissioners of Pharmacy and Practical Chem-

istry, shall be deemed competent, and entitled to register as a pharmacist.

Section 393. That said Commissioners of Pharmacy and Practical Chemistry shall demand and receive from each applicant for registration whom they examine five (5) dollars for each examination, and shall likewise be entitled to demand and receive one (1) dollar from every person whom they register or re-register, which money so received under the provisions of this section shall be used and applied by the said board to defray the expenses accruing or arising under this act. And that every pharmacist, managing assistant and relief clerk in the City of Baltimore shall re-register annually, after his first registration, during the term he shall continue in the practice of his profession, on such date as the Board of Pharmacy may determine and shall pay to the said board the fee of one (1) dollar as provided in this section, for which he shall receive a renewal of said registration.

Section 394. That in case of the death of a registered pharmacist, doing business as such in the City of Baltimore, his legal representative may continue said business for the benefit of the estate of said deceased under the control and management of a registered pharmacist, subject to all requirements of this act.

Section 395. That no person, unless he be registered as a pharmacist under this act, or

unless he be an apprentice who has had at least two years' experience under a pharmacist, or who has attended at least one full course of lectures on pharmacy, chemistry and materia medica, shall be permitted to compound and dispense the prescriptions, except under the supervision of a registered pharmacist. Any registered pharmacist violating this section, or permitting its violation in any store under his charge or management, shall be subject to a penalty or fine of not more than fifty (50) dollars, which fines are to be disposed of as provided in section 393.

Section 396. That all acts and parts of acts, so far as they may be in conflict with this act, are hereby declared void and of no effect.

Section 397. Any person who shall mix with any substance or preparation used, or intended to be used as an official medicine, any foreign or inert substance for the purpose of adulterating or weakening the same, or shall knowingly sell or shall knowingly offer for sale any official medicines so adulterated or deficient in standard strength, shall be deemed guilty of a misdemeanor and subject to a penalty or fine of fifty (50) dollars, as provided in the preceding section.

At the next session of the General Assembly of Maryland the effort will again be made to get a law passed for the entire State.

PHARMACEUTICAL LAWS OF DELAWARE.

AN ACT

To regulate the practice of pharmacy in the State of Delaware, and for other purposes.—Chapter 36, vol. 18, Laws of Delaware.

Whereas, The ability of the physicians to overcome disease depends largely upon the obtaining of reliable medicines, intelligently and skillfully prepared; and,

Whereas, From time to time unskilled and incompetent persons engage in the compounding and sale of drugs, medicines and chemicals to the endangering of the health and lives of the public.

Be it enacted by the Senate and House of Representatives of Delaware in General Assembly met:

Section 1. That from and after the passage of this act it shall be unlawful for any person to open, conduct, or manage within the corporate limits of any town in this State any pharmacy, drug store, or other place for the retailing, compounding or dispensing of drugs, medicines or poisons, unless such person shall be registered as a pharmacist under the provisions of this act. Nor shall the sale of patent, quack or proprietary articles be lawful except in regular licensed stores, under a penalty of ten dollars for each and every offense.

Section 2. In order to become registered as a proprietor or manager of a pharmacy, the applicant must be a graduate of a college of pharmacy or medicine of good standing. Otherwise he shall have had three years' continuous practical experience in the retail drug business, and shall submit to and satisfactorily pass an examination before the State Board of Pharmacy.

Section 3. No person who shall conduct or manage any pharmacy, drug store, or other place for the retailing, compounding or dispensing of drugs, medicines or poisons for medical use, shall permit or suffer at any time any clerk or other employe to be left in charge of same unless said person be registered as a proprietor or manager (according to the provisions of section 2, chap. 36, vol. 18, Laws of Delaware, or be registered as a qualified assistant according to the provisions hereinafter stated.

In order to become registered as a qualified assistant the applicant shall have had three years' continuous practical experience in the retail drug business, or shall submit to and satisfactorily pass an examination before the State Board of Pharmacy.)

(Nor shall any proprietor or manager of any pharmacy permit any clerk or other person who has had less than three years' practical experience in the retail drug business to compound or dispense any physician's prescriptions except under the immediate directions of the proprietor or manager. Any person who shall not comply with the provisions of this section shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than twenty nor more than fifty dollars for each day where physicians' prescriptions were continued, one-half of fine imposed to go to the State Board of Phar-

macy and the balance to the county in which such violation occurs.

Section 4. Every dispenser of drugs shall keep a record of all sales of strychnia, arsenic and corrosive sublimate, said record to be open to proper legal inspection. Any person failing to comply with the provisions of this section shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined five dollars for each and every offense.)

(Section 5. The Delaware Pharmaceutical Society shall, on or before the first day of June, eighteen hundred and eighty-seven, recommend to the Governor the names of at least six graduates of a college of pharmacy of good standing, and four graduates of medicine, and it shall be the duty of the Governor on or before the day and year aforesaid to appoint, in writing, three of the former and two of the latter to constitute the State Board of Pharmacy. The said board shall have authority to act from and after the first day of July aforesaid. The members so appointed shall hold their office for five years; (provided, that the term of office for the first five appointed shall be arranged by lot, so that the time of one shall expire on the first day of July of each year, and the vacancies so created as well as all vacancies occurring, shall with recommendation aforesaid be filled by appointment by the Governor of a person or persons possessing like qualifications as his or their predecessor in office).

The person or persons so appointed to hold office during the remainder of the term for which his or their predecessor or predecessors were appointed. Before entering upon the discharge of their official duties the members of said board shall be duly sworn or affirmed for the faithful and impartial performance of their duties as such members. Any three members shall constitute a quorum for the transaction of business. The said board shall meet at least once in every three months, and it shall be its duty to examine into the qualification of all applicants and register them accordingly, keeping correct record of all official transactions, and to report annually to the Governor prior to the first day of July of each year.

Section 6. The members of said board shall receive no compensation but may pay the expenses incurred by them in the discharge of official duty out of any money coming to said board under the provisions of this act. The said board before issuing a certificate of registration to any pharmacist or assistant shall, if the applicant be entitled to be registered without the passage of an examination, receive from such applicant the sum of one dollar; but if the applicant be required, under the provisions of this act, to pass an examination, he shall pay to said board the sum of five dollars.

Section 7. Any person not being a registered pharmacist, or having in his employ one who is not registered according to the meaning of this act, who shall, thirty days after this act take effect, keep a pharmacy or store for compounding or retailing drugs or medicines, shall be

deemed guilty of a misdemeanor, and upon conviction thereof shall be fined the sum of fifty dollars.

Section 8. Any person who shall violate any of the provisions of this act shall be deemed guilty of a misdemeanor, and upon conviction thereof in the Court of General Sessions of the Peace and Jail Delivery, shall be fined according to the amount specified in the section violated for each day whereon such violation occurs or is continued. One-half of the fine imposed to go to the State Board of Pharmacy and the balance to the county in which such violation occurs.

Section 9. Nothing in this act contained shall be taken to render unlawful the compounding by any physician of prescriptions to be used by him in his own practice.

Section 10.

* * * * *

Section 11. Provided, also, that nothing in this act shall prohibit the sale of standard proprietary medicines by general stores.

Passed at Dover, April 14, 1887.

CHAPTER 640, VOLUME 19, LAWS OF DELAWARE.

A supplement to An Act entitled "Act to Regulate the Practice of Pharmacy in the State of Delaware."

Section 1. That all physicians keeping drug stores and engaged in the active practice of medicine outside of their drug stores shall have at least one qualified assistant with a certificate of examination from said State Board of Pharmacy, unless he (the assistant) be a graduate of pharmacy. It shall be the duty of the State Board of Pharmacy to give notice in writing to any person violating the provisions of this section, and after such notice as aforesaid any person continuing to violate the same shall be deemed guilty of a misdemeanor, and upon conviction shall be fined not exceeding the sum of ten dollars (\$10) for each day of such violation, with costs.

Section 2. All qualified assistants under the general law must be at least eighteen years of age.

Section 3. This law shall take effect on and after July 1st, 1893, providing that the provisions of this act shall apply to the city of Wilmington, and to no other section of the State.

Passed at Dover, April 12, 1893.

PHARMACEUTICAL LAW OF THE DISTRICT OF COLUMBIA.

AN ACT.

To regulate the practice of pharmacy in the District of Columbia.

Be it enacted by the Senate and House of Representatives of the United States of America, in Congress assembled, That from and after the passage of this act it shall be unlawful for any person, not a registered pharmacist within the meaning of this act, to conduct any pharmacy or store for the purpose of retailing, compounding, or dispensing medicines or poisons, for medical use, in the District of Columbia, except as hereinafter provided.

Section 2. That it shall be unlawful for the proprietor of any store or pharmacy to allow any person, except a registered pharmacist, to compound or dispense the prescriptions of physicians, or to retail or dispense poisons for medical use, except as an aid to, and under the immediate supervision of, a registered pharmacist. Any person violating the provisions of this section shall be deemed guilty of a misdemeanor, and, on conviction thereof, shall be liable to a fine of not less than twenty-five dollars nor more than one hundred dollars for each and every such offense.

Section 3. That immediately after the passage of this act, and biennially thereafter, or as often as necessary, the Commissioners of the District of Columbia shall appoint three pharmacists and two physicians, all of whom shall have been residents of the District of Columbia for five years, and of at least five years' practical experience in their respective professions, who shall be known and styled as Commissioners of Pharmacy for the District of Columbia, who shall serve without compensation, and who shall hold office for two years, and until their successors are appointed and qualified. Said commissioners shall, within thirty days after the notification of their appointment, each take and subscribe to an oath to impartially and faithfully discharge their duties as prescribed by this act. The position of any commissioner, who shall fail to so qualify within the time named, shall be vacant, and the vacancy or vacancies that may so occur shall be filled by the Commissioners of the District of Columbia.

Section 4. That the commissioners of pharmacy shall keep a book of registration open at some convenient place within the city of Washington, of which due notice shall be given through the public press, and shall record therein the name and place of business of every person registered under this act. It shall be the duty of said commissioners of pharmacy to register, without examination, as registered pharmacists, all pharmacists and druggists who are engaged in business in the District of Columbia at the passage of this act as owners or principals of stores or pharmacies for selling at retail, compounding or dispensing drugs, medicines, chemicals for medicinal use or for compounding and dispensing physicians' prescriptions, and all assistant pharmacists, twenty-one years of age,

engaged in said stores or pharmacies in the District of Columbia at the passage of this act, and who have been engaged as such in some store or pharmacy where physicians' prescriptions were compounded and dispensed for not less than five years prior to the passage of this act; Provided, however, That in case of failure or neglect on the part of any such persons to present themselves for registration within sixty days after said public notice, they shall undergo an examination such as is provided for in section five of this act.

Section 5. That the said commissioners of pharmacy shall, upon application and at such time and place as they may determine, examine each and every person who shall desire to conduct the business of selling at retail, compounding, or dispensing drugs, medicines, or chemicals for medicinal use, or compounding and dispensing physicians' prescriptions within the District of Columbia as pharmacists; and if a majority of said commissioners shall be satisfied that said person is competent and fully qualified to conduct said business of compounding or dispensing drugs, medicines, or chemicals for medicinal use, or to compound and dispense physicians' prescriptions, they shall enter the name of such person as a registered pharmacist in the book provided for in section four of this act.

Section 6. That no person shall be entitled to an examination by said commissioners of pharmacy for registration as pharmacists unless he presents satisfactory evidence of being twenty-one years of age, and having served not less than four years in a store or pharmacy where physicians' prescriptions were compounded and dispensed, or is a graduate of some respectable medical college or university.

Section 7. That all graduates in pharmacy having a diploma from an incorporated college or schools of pharmacy that requires a practical experience in pharmacy of not less than four years before granting a diploma, shall be entitled to have their names registered as pharmacists by said commissioners of pharmacy.

Section 8. That the commissioners of pharmacy shall be entitled to demand and receive from each person whom they register as pharmacists, without examination, the sum of three dollars, and from each person whom they examine the sum of ten dollars. And in case the examination of said person should prove defective and unsatisfactory, and his name not be registered, he shall be permitted to present himself for re-examination within any period not exceeding twelve months next thereafter, and no charge shall be made for such re-examination. The money received under the provisions of this section shall be applied to payment of such expenses as the commissioners may incur in executing the provisions of this act.

Section 9. Every registered pharmacist shall be held responsible for the quality of all drugs, chemicals and medicines he may sell or dispense, with the exception of those sold in the original packages of the manufacturer, and also

those known as "patent medicines;" and should be knowingly, intentionally, and fraudulently adulterate, or cause to be adulterated, such drugs, chemicals, or medical preparations, he shall be deemed guilty of a misdemeanor, and, upon conviction thereof, be liable to a penalty not exceeding one hundred dollars, and, in addition thereto, his name shall be stricken from the register.

Section 10. It shall be unlawful for any person, from and after the passage of this act, to retail any poisons enumerated in schedules A and B, as follows, to wit:

SCHEDULE A.

Arsenic and its preparations, corrosive sublimate, white precipitate, red precipitate, biniodide of mercury, cyanide of potassium, hydrocyanic acid, strychnia and all other poisonous vegetable alkaloids, and their salts, essential oil of bitter almonds, opium and its preparations, except paregoric and other preparations of opium containing less than two grains to the ounce.

SCHEDULE B.

Aconite, belladonna, colchicum, conium, nuxvomica, henbane, ergot, cotton root, cantharides, creosote, digitalis, and other pharmaceutical preparations, croton-oil, chloroform, chloral hydrate, sulphate of zinc, mineral acids, carbolic acid, and oxalic acid, without distinctly labeling the box, vessel, or paper in which the said poison is contained, and also the outside wrapper or cover, with the name of the article, the word "poison" and the name and place of business of the seller. Nor shall it be lawful for any person to sell or deliver any poisons enumerated in schedules A and B, unless, upon due inquiry, it be found that the purchaser is aware of its poisonous character, and represents that it is to be used for a legitimate purpose. Nor shall it be lawful for any registered pharmacist to sell any poisons included in schedule A without, before delivering the same to the purchaser, causing an entry to be made, in a book kept for that purpose, stating the date of sale, the name and address of the purchaser, the name and quality of the poison sold, the purpose for which it is represented by the purchaser to be required, and the name of the dispenser; such book to be always open for inspection by the proper authorities, and to be preserved for reference for at least five years. The provisions of this section shall not apply to the dispensing of poisons, in not unusual quantities or doses, upon the prescriptions of

practitioners of medicine. Nor shall it be lawful for any licensed or registered druggist or pharmacist in the District of Columbia to retail, or sell or give away any alcoholic liquors or compounds, as a beverage, to be drunk or consumed upon the premises. And any violation of the provisions of this section shall make the owner or principal of said store or pharmacy liable to a fine of not less than twenty-five and not more than one hundred dollars, to be collected in the usual manner.

Section 11. Any itinerant vender of any drug, nostrum, ointment, or appliance of any kind, intended for the treatment of diseases or injury, or who shall, by writing, or printing, or any other method, publicly profess to cure or treat diseases, injury or deformity, by any drug, nostrum, manipulation, or other expedient, shall pay a license of two hundred dollars per annum into the Treasury of the District of Columbia, to be collected in the usual way.

Section 12. That any person who shall procure or attempt to procure registration for himself or for another under this act, by making or causing to be made any false representation, shall be deemed guilty of a misdemeanor, and shall upon conviction thereof, be liable to a penalty of not less than twenty-five nor more than one hundred dollars, and the name of the person so fraudulently registered shall be stricken from the register. Any person not a registered pharmacist as provided for in this act, who shall conduct a store, pharmacy, or place for retailing, compounding, or dispensing drugs, medicines, or chemicals for medicinal use, or for compounding or dispensing physicians' prescriptions, shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be liable to a penalty of not less than fifty dollars.

Section 13. That all fines and penalties under this act shall be collected in the same manner that other fines and penalties are collected in the District of Columbia; and it shall be the duty of the United States District Attorney for the District of Columbia to prosecute all violations of this act.

Section 14. That all acts and parts of acts inconsistent with this act be, and the same are hereby, repealed.

Approved June 15, 1878.

Examinations are held on the second Monday in January, April, July and October.
Address all communications to the Secretary.

PENNSYLVANIA COLLEGE OF DENTAL SURGERY, N. E. c. 11th and Clinton sts., Philadelphia.—Dean, C. N. Pierce, Philadelphia. With this announcement (1896-'97) the Pennsylvania College of Dental Surgery enters upon the forty-first year of its existence as a school devoted exclusively to instruction in the theory and practice of Dentistry. Requirements for admission.—Applicants for admission should be made in writing. The applicant must be conversant with the English language, and give satisfactory evidence of having received a good preliminary education. Spring Session—The spring course commences on the first Monday in April, and continues until June 20. The Clinics, which are open continuously throughout the year, with the exception of the months of July and August, afford superior advantages during the spring term. The Fall Session commences Sept. 1 and continues until the regular Winter Session, October 1. These are eminently practical courses. The Dispensary, being supplied with an excess of patients, offers an instructive and varied experience to every student. The opportunities this clinical service yields for acquiring a practical knowledge of Dentistry are much superior to that obtained in any other manner. The regular or Winter Session will commence on October 1, 1896, and continue until the 2d of April ensuing. The course is so arranged that twenty lectures will be delivered each week on the various branches taught in the College. The arrangement of the Course of Instructions has been adopted as follows: The studies in the branches of General and Descriptive Anatomy, Physiology and Chemistry, will be completed and final examinations given upon them at the end of the second year; while Operative and Prosthetic Dentistry, Special, Oral and Surgical Anatomy, Materia Medica and Pathology will not be completed until the end of the third year. The study of the practical branches will be continuous throughout the three years. Students of the College are admitted to the Jefferson College Hospital and Pennsylvania Hospital, only two blocks distant. Corporators.—

DENTAL LAWS OF PENNSYLVANIA.

An Act of Assembly of the Commonwealth of Pennsylvania, of the 17th of April, 1876, entitled An Act to regulate the practice of dentistry, and to protect the people against empiricism in relation thereto in the State of Pennsylvania.

Section 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania, in General Assembly met, and it is hereby enacted by authority of the same, That it shall be unlawful for any person, except regularly authorized physicians and surgeons, to engage in the practice of dentistry in the State of Pennsylvania unless said person has graduated and received a diploma from the faculty of a reputable institution, where this specialty is taught, and chartered under the authority of some one of the United States, or of a foreign Government, acknowledged as such, or shall have obtained a certificate from a Board of Examiners duly appointed and authorized by the provisions of this act to issue such certificate.

Sec. 2. The Board of Examiners shall consist of six practitioners of dentistry who are of acknowledged ability in the profession. Said board shall be elected by the Pennsylvania State Dental Society, at their next annual meeting, as follows: Two shall be elected for one year, two for two years, and two for three years; and each year thereafter two shall be elected to serve for three years, or until their successors are elected. The said board shall have power to fill all vacancies for unexpired terms, and they shall be responsible to said State Dental Society for their acts.

Sec. 3. It shall be the duty of this board

1. To meet annually at the time and place of meeting of the Pennsylvania State Dental Society, and at such other time and place as the said board shall agree upon, to conduct the examination of applicants. They shall also meet for the same purpose, at the call of any four members of said board, at such time and place as may be designated. Thirty days' notice must be given of the meetings, by advertising in at least three periodicals, one of them being a dental journal, and all published within this State.

II. To grant a certificate of ability to practice dentistry, which certificate shall be signed by said board and stamped with a suitable seal, to all applicants who undergo a satisfactory examination, and who receive at least four affirmative votes.

III. To keep a book in which shall be registered the names and qualifications of such, as far as practicable, of all persons who have been granted certificates of ability to practice dentistry under the provisions of this act.

Sec. 4. The book so kept shall be a book of record, and a transcript from it, certified to by the officer who has it in keeping, with the seal of said Board of Examiners, shall be evidence in any Court of this State.

Sec. 5. Four members of this board shall constitute a quorum for the transaction of business; and should a quorum not be present on any day appointed for their meeting, those present

may adjourn, from day to day, until a quorum is present.

Sec. 6. Any person who shall, in violation of this act, practice dentistry in the State of Pennsylvania, shall be liable to indictment in the Court of Quarter Sessions of the proper county, and on conviction, shall be fined not less than fifty or more than two hundred dollars; Provided, That any person so convicted shall not be entitled to any fee for services rendered, and if a fee shall have been paid, the patient, or his or her heirs, may recover the same as debts of like amount are now recoverable by law.

Sec. 7. All fines collected shall inure to the poor fund of the county in which the prosecution occurs.

Sec. 8. Nothing in this act shall apply to persons who shall have been engaged in the continuous practice of dentistry in this State, for three years or over, at the time of or prior to the passage of this act.

Sec. 9. To provide a fund and to carry out the provisions of the third section of this act, it shall be the duty of the said board of examiners to collect from those who receive the certificate to practice dentistry, the sum of thirty dollars (\$30) each; of which sum, if there be any remaining, after liquidating necessary expenses, the balance shall be paid into the treasury of the said Pennsylvania State Dental Society, to be kept as a fund for the more perfect carrying out of the provisions of this act.

For the registration of dentists supplementary to the act entitled "An act to regulate the practice of dentistry, and to protect the people against empiricism in relation thereto, in the State of Pennsylvania, and providing penalties for the same," which became a law on the seventeenth day of April, one thousand eight hundred and seventy-six, providing for the registration of practitioners of dentistry and penalties for violation of the same.

Sec. 1. Be it enacted by the Senate and the House of Representatives of the Commonwealth of Pennsylvania, in General Assembly met, and it is hereby enacted by authority of the same, That it shall be the duty of any person practicing dentistry within this Commonwealth, within three months after the passage of this act, and of any person intending to practice dentistry within this Commonwealth, before commencing the same to have recorded in the recorder's office in the county in which he or she practices or intends to practice, the diploma or certificate provided for in the act to which this is a supplement.

Sec. 2. Any person beginning to practice dentistry in this State, after the passage of this act, having a dental diploma, issued or purporting to have been issued by any college, university, society or association, shall present the same to the State examining board provided for in the act to which this is a supplement, for approval, such examining board being satisfied as to the qualifications of the applicant and the genuineness of the diploma, shall, without fee,

indorse the same as approved, after which the same may be recorded as aforesaid.

Sec. 3. Any person who is entitled to practice dentistry in this Commonwealth, without a diploma or certificate under the provision of the eighth section of the act to which this is a supplement, shall make written affidavit before some person qualified to administer an oath, setting forth the time of his continuous practice and the place or places where such practice was pursued in this Commonwealth, and shall, within three months after the passage of this act, have such affidavit recorded in the recorder's office of the county in which he is practicing. And it shall be the duty of the recorder to record such diplomas, certificates and affidavits in a book provided for such purpose.

Sec. 4. Any person who shall violate or fail to comply with any of the provisions of this act, or of the act to which this is a supplement, or who shall cause to be recorded any diploma or certificate which has been obtained fraudulently or is in whole or in part a forgery, or shall make affidavit to any false statement to be recorded as aforesaid, shall be guilty of a misdemeanor, and on conviction, shall be sentenced to pay a fine of not less than fifty or more than two hundred dollars, for each offense, for the use of the proper court.

Sec. 5. All acts or parts of acts inconsistent herewith are hereby repealed.

Approved the 20th day of June, A. D. 1883.

Making it unlawful for any person to engage in the practice or assume the title of doctor of dental surgery without first procuring a diploma from a reputable institution, recognized by the National Board of Dental Examiners and defining who shall be understood as practicing dentistry and authorizing State Board of Dental Examiners to charge and collect certain fees.

Section 1. Be it enacted, etc. That from and after the passage of this act it shall not be lawful for any person in the State of Pennsylvania to engage in the practice of dentistry or assume the title of Doctor of Dental Surgery or advertise himself or herself as Doctor of Dental Surgery without first having graduated and receiving a diploma conferring the degree of Doctor of Dental Surgery, or other recognized dental degree, from a reputable institution recognized as of good repute by the National Board of Dental Examiners and legally competent to confer the same, and having said diploma indorsed by the State Board of Dental Examiners and recorded according to requirement of the act of June twenty, one thousand eight hundred and eighty-three. Provided, That physicians and surgeons may, in the regular practice of their profession extract teeth for the relief of pain, or make applications for such purpose.

Section 2. Every person shall be understood as practicing dentistry within the meaning of this act, who shall, for fee, salary or other reward,

either to himself or another person, operate upon human teeth, furnish artificial substitutes or perform those acts as assistant or principal usually understood as and called dental operations: Provided, That bona fide students of dentistry under the immediate supervision of a preceptor, who is in lawful practice, may assist him in operations during the usual term of pupillage, not to exceed two and one-half years from the date of commencement.

Section 3. The State Board of Dental Examiners is hereby authorized to collect a fee of not less than one dollar for each indorsement of a diploma required by the act of June twentieth, one thousand and eight hundred and eighty-three, said amount to be paid by the holder of diploma as a prerequisite to indorsement. In all cases the members of the State Dental Examiners' Board shall, by written or oral examination or otherwise, satisfy themselves as to the fitness and qualifications of the holder of a diploma before indorsement is made, and, in their discretion, refuse to indorse the diploma of an applicant who is found incompetent.

When an examination is considered necessary the said board is authorized to collect from the applicant a fee of five dollars, which sum shall be refunded in case his diploma is not indorsed.

Section 4. In case a graduate of one of the dental schools of this State shall desire and intend to begin the practice of dentistry in a foreign country beyond the bounds of the United States, and shall make affidavit, duly certified, as to the fact, and shall ask for the indorsement of the State Board of Dental Examiners, then said State Board being satisfied as to the character qualifications of the applicant and the good repute of the institution issuing said diploma, may indorse the same, and for each such indorsement shall collect a fee of not less than ten dollars.

Section 5. Any violation of the provisions of this act shall constitute a misdemeanor and shall subject the party violating it to a penalty of not more than one hundred dollars for each offense.

Section 6. This act shall not apply to persons who have been engaged in the active practice of dentistry in Pennsylvania from the date of the passage of the act of June twenty, one thousand eight hundred and eighty-three.

Section 7. It shall not be lawful for any recorder to place upon record any diploma of date later than September twentieth (one thousand eight hundred and eighty-three, unless said diploma has been indorsed and approved by the State Board of Dental Examiners or the secretary of said board.

Section 8. All acts or parts of acts inconsistent with the provisions of this act are hereby repealed.

Approved the 10th day of June, A. D., 1893.

GEORGE KEIL, 1715 Willington St., Philadelphia

THERE is an underlying principle in business which no wise manufacturer can ignore, no matter how much he may be so inclined, and that is the necessity of producing the best materials it is possible to manufacture at a reasonable price. His patrons demand this quality in whatever line of work he may be engaged. He is exposed to competition on every side, and the standard of his goods, his reputation as a maker and dealer are soon known to the trade. Every man can do ordinary work, but only a few excel and are acknowledged leaders.

**H. D. JUSTI & SON HAVE BY THEIR
PAINSTAKING EFFORTS AND INTEL-
LIGENT WORK WON A POSITION FAR
ABOVE THEIR COMPETITORS . . .**

The necessity for the best has been met by them in all particulars, and you will find at their stores the perfection of dental instruments and materials, the result of the necessity which in this age of progress demands only the best.

“Items of Interest”

Still sustains its record of being the most popular dental magazine published. With short, crisp articles, right “up to date” and full of valuable information, it gives more for the investment made in a year’s subscription (\$1.00) than any other magazine.

To advertisers it is specially valuable; circulating thoroughly throughout not only this country, but forty-five others beside. Its average circulation is over 9,000 copies per month. Its rates are low in proportion. The dentist desiring help, a position, to sell or buy a practice, will find its “Wants,” “For Sale,” etc., pages the only successful ones through which to accomplish the results desired.

DENTAL LAWS OF NEW YORK.

PRACTICE OF DENTISTRY.

Laws of New York, 1893, ch. 661, as Amended
by Laws, 1895 ch. 626.

§ 160 Licentiates.

161 State board of dental examiners.

162 Examinations, licenses, registration, fees,
revocation of licenses.

163 Construction of this article.

164 Penalties.

Definitions. As used in this article,

The terms university, regents and physicians have respectively the meanings defined in article eight of this chapter. Board, where not otherwise limited, means the board of dental examiners of the State of New York. Registered medical or dental school means a medical or dental school, college or department of a university, registered by the regents as maintaining a proper educational standard and legally incorporated. Examiner, where not otherwise qualified, means a member of the board.

§ 160 Licentiates. Only the following persons shall be deemed licensed to practice dentistry:

1 Those duly licensed and registered as dentists in this State prior to the first day of August, 1895, pursuant to the laws in force at the time of their license and registration.

2 Those duly licensed and registered after the first day of August, 1895, pursuant to the provisions of this chapter.

§ 161 State board of dental examiners. On the first day of August, 1895, the State board of censors of the dental society of the State of New York, as the latter body shall be composed at the date of such appointment, shall become the board of State dental examiners. The existing division of said censors into four classes and their terms of office shall remain the same for the said board, except that said terms shall expire on the 31st day of July in each year. Before the day when the official terms of the members of any of said classes shall expire the regents shall appoint their successors, to serve for the term of four years from said day. Such appointments shall be made from nominations made by such society from a list of nominees twice the number of the outgoing class, furnished prior to the third Tuesday in May of each year by the State dental society. In default of such nominations the regents shall appoint such examiners from the legally qualified dentists in the State belonging to the said State dental society. The regents shall also fill vacancies in the board that may occur by death, resignation or otherwise than by expiration of a term of office. All nominations and appointments shall be so made that every vacancy in the board shall be filled by a resident of the same judicial district in which the last incumbent of the office resided. The board shall convene at the call of the secretary of the regents within not less than two weeks after appointment and organize by electing, to serve for one year, a president and secretary. These officers shall be elected annually. No person shall be appointed an examiner unless he has received a dental degree from a body lawfully entitled to confer the same, and in good standing at the time of

its conferment, and has been engaged within the State during not less than five years prior to his appointment in the actual and lawful practice of dentistry. Cause being shown before them, the regents may remove an examiner from office upon proven charges of inefficiency, incompetency, immorality or professional misconduct.

§ 162 Examinations. The board, in connection with the regents, shall frame rules from time to time for the regulation of their own proceedings and for the examination of candidates for license to practice dentistry. But no person shall be examined by said board unless he be at least 21 years old, of good moral character, and shall receive a certificate from said regents that he has satisfied them by examination or otherwise, that prior to commencing his professional studies he had a preliminary education equivalent to that required of students entering the dental colleges of this State, which, after January 1, 1897, shall be not less than a full high school course; and either has been graduated in course, with a dental degree from a registered dental school, or else, having been graduated in course from a registered medical school with the degree of doctor of medicine, has pursued thereafter a course of special study of dentistry for at least one year in a registered dental school, or holds a diploma or license conferring full right to practice dentistry in some foreign country and granted by some registered authority. Any member of the board may inquire of any applicant for examination concerning his qualifications and may take testimony of any one in regard thereto, under oath, which he is hereby empowered to administer.

Degrees. A person having lawfully received a dental degree in course from a registered dental school, or the degree of doctor of medicine from a registered medical school, and having thereafter lawfully practised dentistry for the term of five years, may apply to the regents for the degree of master of dental surgery, which degree the regents may confer after examination of the applicant by the board under such rules and regulations as the regents and the board shall frame. No degree in dentistry shall be conferred in this State on any candidate who has not before matriculation in the institution conferring it filed the certificate of the regents that he has had a satisfactorily preliminary education, which for those matriculating after January 1, 1897, shall be not less than a full high school course.

Licenses. On certification by the board of dental examiners that a candidate has successfully passed the examination and is competent to practice dentistry, the regents shall issue to him their license so to practice pursuant to the rules established by them. Upon the recommendation of the board the regents may also, without the examination hereinbefore provided for, issue their license to any applicant therefor who shall furnish proof satisfactory to them that he has been duly licensed to practice dentistry in any State or country after full compliance with the requirements of its dental laws, and has been thereafter lawfully and reputably engaged

in such practice for five years next preceding his application; provided, that his preliminary and professional education shall have been not less than that required in this State. The regents may also license any applicant on the certificate of the board that after due investigation or examination it finds his education and professional attainments and experience of not less than five years in actual practice to be together fully equal to the requirements for license in this State. Every license so issued shall state upon its face the grounds upon which it is granted and the applicant may be required to furnish his proofs upon affidavit.

Registration. Every person practicing dentistry in this State and not lawfully registered before this act takes effect, shall register in the office of the clerk of the county where his place of business is located in a book kept by the clerk for such purpose his name, age, office and post office address, date and number of his license to practice dentistry and the date of such registration, which registration he shall be entitled to make only upon showing to the county clerk his license or a duly authenticated copy thereof, and making an affidavit stating his name, age, birthplace, the number of his license and the date of its issue, that he is the identical person named in the license, that before receiving the same he complied with all the preliminary requirements of this statute and the rules of the regents and board as to the terms and the amount of study and examinations; that no money, other than the fees prescribed by this statute and rules, was paid directly or indirectly for such license, and that no fraud, misrepresentation or mistake in a material regard was employed or occurred in order that such license should be conferred. The county clerk shall preserve such affidavit in a bound volume and shall issue to every licensee duly registering and making such affidavit a certificate of registration in his county, which shall include a transcript of the registration. Such transcript and the license may be offered as presumptive evidence in all courts of the facts stated therein. The county clerk's fee for taking such registration and affidavit and issuing such certificate shall be one dollar. Any licensee practicing dentistry in any county of the State other than that in which he first registered shall in like manner register in the latter county also, and may do so upon presenting to the clerk thereof his certificate of registration from the clerk of a former county and the payment of a fee of 25 cents.

Examination fees. Every applicant for license to practice dentistry shall pay a fee of not more than \$25. From the fees provided by this article the regents may pay all proper expenses incurred by them under its provisions, and any surplus at the end of any academic year shall be paid to the society nominating the examiners to defray its expenses incurred under the law.

Revocation of licenses. If any practitioner of dentistry be charged before the regents with unprofessional or immoral conduct, or with gross ignorance or inefficiency in his profession, they shall notify him to appear at an appointed time and place, with counsel if he so desire, before the board to answer said charges, furnishing to him a copy thereof. Upon the report of the board that the accused has been guilty of unprofessional or immoral conduct or that he is grossly ignorant or inefficient in his profession, the regents may suspend the person so charged from the practice of dentistry for a limited season or may revoke his license. Upon the revocation of any license the fact shall be noted upon the records of the regents and the license shall be marked as canceled of the date of its revocation. Upon presentation of a certificate of such cancellation to the clerk of any county wherein the licensee may be registered, said clerk shall note the date of the cancellation on the register of dentists and cancel the registra-

tion. Upon the presentation to the regents or a county clerk of a certified copy of a court record showing that a practitioner of dentistry has been convicted of felony, that fact shall be noted on the record of licenses and the clerk's register, and the license and registration shall be marked canceled. Any person whose license shall be suspended or canceled shall be deemed, while such punishment is in force, an unlicensed person and as such subject to the penalties prescribed for other unlicensed persons who practice dentistry.

§ 163 Construction of this article. This article shall not be construed to prohibit an unlicensed person from performing merely mechanical work upon inert matter in a dental office or laboratory, or the student of a licensee from assisting his preceptor in dental operations while in the presence and under the personal supervision of the instructor, or a duly licensed physician from treating diseases of the mouth or performing operations in oral surgery. But nothing in the provisions of this article shall be construed to permit the performance of dental operations by any unlicensed person under cover of the name of a registered practitioner. Any student of dentistry whose certificate of study under private preceptorship shall have been duly filed with the secretary of the State dental society at the time this act takes effect pursuant to the provisions of law then in force, may present himself for examination to the board under the same conditions as those under which he might have presented himself for examination before the censors of the State dental society under the laws in force when his certificate was filed; providing, however, that he shall file a notice with the regents on or before the first day of September, 1895, that he purposes availing himself of this exemption.

§ 164 Penalties. (a) A person who, in any county of this State, practices or holds himself out to the public as practicing dentistry, not being at the time of said practice or holding out a dentist licensed to practice as such in this State and registered in the office of the clerk of such county pursuant to the general laws regulating the practice of dentistry, is guilty of a misdemeanor, and punishable upon conviction of a first offense by a fine of not less than \$50, and upon conviction of a subsequent offense by a fine of not less than \$100, or by imprisonment for not less than two months, or by both such fine and imprisonment. Any violation of this section by a person theretofore convicted under the then existing laws of this State of practicing dentistry without license or registration shall be included in the term a subsequent offense.

(b) A person shall be deemed guilty of a misdemeanor, and upon every conviction thereof shall be punished by a fine of not less than \$500 or by imprisonment for not less than six months, or by both fine and imprisonment, who

(1) Shall sell or barter or offer to sell or barter any diploma or document conferring or purporting to confer any dental degree or any certificate or transcript made or purporting to be made pursuant to the laws regulating the license and registration of dentists; or,

(2) Shall purchase or procure by barter any such diploma, certificate or transcript with intent that the same shall be used as evidence of the holder's qualification to practice dentistry, or in fraud of the laws regulating such practice; or,

(3) Shall, with fraudulent intent, alter in a material regard any such diploma, certificate or transcript; or,

(4) Shall use or attempt to use any such diploma, certificate or transcript which has been purchased, fraudulently issued, counterfeited or materially altered either as a license or color of license to practice dentistry or in order to procure registration as a dentist; or,

(5) Shall practice dentistry under a false or assumed name; or,

(c) Shall assume the degree of bachelor of dental surgery, doctor of dental surgery or master of dental surgery, or shall append the letters B. D. S., D. D. S., M. D. S. to his name, not having had duly conferred upon him by diploma from some college, school or board of examiners legally empowered to confer the same, the right to assume said titles; or shall assume any title or append any letters to his name with the intent to represent falsely that he has received a medical or dental degree or license.

(c) Any person who in any affidavit or examination required of an applicant for examination, license or registration under the laws regulating the practice of dentistry shall make willfully a false statement in a material regard shall be guilty of perjury, and punishable upon conviction thereof by imprisonment not exceeding 10 years.

(d) All fines, penalties or forfeitures imposed or collected for violations of the foregoing provisions relating to dental practice and the corresponding sections of the penal code must be

paid to the State dental society. Said society may prefer a complaint for violation of the law regulating the practice of dentistry before any court, tribunal or magistrate having jurisdiction and may, by its officers, counsel and agents aid in presenting the law and facts before such court, tribunal or magistrate in any proceedings taken.

§ 2 Laws repealed. Of the laws enumerated in the schedule hereto annexed, that portion specified in the last column is repealed, but it is expressly provided that any license or registration duly obtained in this State prior to the first day of August, 1895, without fraud and in full compliance with provisions of the laws in force at the time of its procurement shall not be affected by the repeal of those laws, but shall continue to be as valid as it was at the time of its procurement.

§ 3 This act shall take effect upon and after the first day of August, 1895.

Be it enacted by the Senate and General Assembly of the State of New Jersey, That a board of commissioners to be known as the State Board of Registration and Examination in Dentistry is hereby created, to consist of five resident and practicing dentists, whose duty it shall be to carry out and enforce the provisions of this act; the present members of the board of dental examiners appointed and now existing under the act of the legislature of this State entitled "An act to regulate the practice of dentistry and to protect the people against empiricism in relation thereto in the State of New Jersey," approved anno domini, one thousand eight hundred and seventy-three, shall constitute the first members of said board of commission, and shall hold office until the first Tuesday in October next, and until their successors are appointed, as hereinafter provided; the New Jersey State Dental Society shall, at its next annual meeting, recommend to the governor five dentists of good repute residing and practicing in this tober next, as hereinbefore provided; the members of said board or commission to fill the vacancies occurring on the first Tuesday in October next, as hereinbefore provided; them members of said board or commission shall be appointed for the term of five years and until their successors are duly appointed, except that of the members thereof first to be appointed upon recommendation of said society, one shall hold office until the first Tuesday in October next; one until the first Tuesday in October, anno domini one thousand eight hundred and ninety-one; one until the first Tuesday in October, anno domini one thousand eight hundred and ninety-one; one until the first Tuesday in October, anno domini one thousand eight hundred and ninety-two; one until the first Tuesday in October, anno domini one thousand eight hundred and ninety-three, and one until the first Tuesday in October, anno domini one thousand eight hundred and ninety-four; and the members so first appointed as aforesaid shall immediately, upon their appointment determine by lot the period for which each member shall hold office; it shall be the duty of the New Jersey State Dental Society, at each annual meeting after the next, to recommend to the governor a dentist of good repute, residing and practicing in this State, whom the governor shall appoint to fill the vacancy in the said board, occurring in the year in which such meeting is held; vacancies occurring in the term of any member or members shall be filled for the unexpired term or terms only, in the same manner, upon recommendation to be made by said society; the governor may remove any member of said board for good cause shown, upon recommendation of the New Jersey State Dental Society.

2. And be it enacted, That immediately after the passage of this act the present members of the "board of examiners" shall meet and organize as the State Board of Registration and Examination in Dentistry, under this act, by the election from their number of a president and secretary, who shall severally hold office until the first Tuesday in October next, and until

their successors are elected; the board shall annually elect from its number a president and secretary, who shall have the power, during their term of office, to administer oaths and take affidavits, certifying thereto, under their hands and the seal of said board; said board shall hold at least two meetings in each year for the purpose of examining and licensing persons to practice dentistry in this State; three of said board shall constitute a quorum, and its proceedings shall, at all reasonable times, be open to public inspection; said board shall make an annual report of its proceedings to the governor on or before the thirty-first day of December, in each year; the board shall adopt rules for its own government, and rules for the examination and licensing of practitioners of dentistry in this State; the examination of applicants for license to practice shall be confined to written or oral examination, or both written and oral, upon subjects properly relating to the science of dentistry, and a knowledge of which is necessary to the proper and skillful practice of said science; the said board may also require from applicants, as part of the examination, demonstrations of their skill in operative and mechanical dentistry; and any rule altering the nature of the examination and increasing the severity thereof, or the subjects to be included therein, shall not be enforced at any examination held within six months after its adoption and public promulgation; said board shall have the power to determine the good standing and repute of any college or colleges, and may from time to time designate in some public manner colleges whose diplomas will be received by it; the said board shall announce in the leading dental journals, from time to time, its regular stated times for holding examinations; it shall also cause to be published, at least once in such journals, the rules and amendments thereto adopted for the examination and licensing of practitioners, and the mode and terms of application for examining and license, which shall in all cases be reasonable and fair; said board shall adopt a common seal, and may sue or be sued, and in all actions brought by or against it, it shall be made a party under the name of the State Board of Registration and Examination in Dentistry.

3. And be it enacted. That it shall be the duty of every person lawfully practicing, or entitled to practice dentistry in this State at the time of the passage of this act, to apply to said board, before the first day of January, anno domini one thousand eight hundred and ninety-one, to cause his name, residence and place of business to be registered in a book to be kept for that purpose by the secretary of said board; and the said board shall issue to each person registered by it a certificate under its seal and the hand of its president and secretary, setting forth that such person was, at the time of the passage of this act, lawfully entitled, by the laws of this State, to practice dentistry and is duly registered; the said board, for good cause shown, may register and issue its certificate thereof, to any person applying therefor after

said first day of January, anno domini one thousand and eight hundred and ninety-one, provided it shall appear to the satisfaction of said board that the person so applying was lawfully practicing or entitled to practice dentistry at the time of the passage of this act, and that the refusal to issue such certificate will work hardship to said person so applying; the said board may demand from any person applying for registration and certificate proof of his right to the same under this act, and may refuse to grant registration and certificate thereof to any person not lawfully entitled thereto.

4. And be it enacted, That any person aggrieved by such action of said board may apply within sixty days after such refusal by said board to the supreme court of this State for its writ of mandamus to compel said board to register and issue its certificate to him; and in case any justice of said court shall issue or allow on such application an order on said board to show cause, no suit for the collection of any penalty for violation of this act shall be instituted against such person until the final hearing and determination of such application.

5. And be it enacted, That any person who may desire to begin the practice of dentistry in this State after the passage of this act shall file his name, together with an application for examination, in the form provided for by the rules of said board, with the secretary of said board, and at the time of making such application shall pay to the secretary of said board a fee of twenty-five dollars, and shall present himself for examination at the first regular meeting of the board thereafter held for examination and licensing of practitioners in dentistry due notice of which meeting shall be given him; the examination fee shall in no case be refunded, but should any applicant, from sickness or other good cause appearing to the satisfaction of the examination, or should any person appearing fail to pass successfully the examination, such person failing to appear or failing to pass shall be admitted to any subsequent examination or examinations without the payment of further or other fee; every applicant for examination shall, with his application, submit to the said board, as a prerequisite to examination, a diploma of graduation from a dental college recognized by said board as in good standing and repute, and proof, if the board shall so require, that the same was regularly issued and conferred upon the holder in due course; or, if not a graduate of a dental college, a certificate under oath from a reputable and duly authorized dentist that he has studied with and under such dentist as a student for not less than five years continuously; all persons successfully passing such examination shall be registered as licensed dentists, in a book to be kept by the secretary of the board for that purpose, and shall receive from said board a certificate under the seal of the said board and the hand of its president and secretary, that the person named therein is lawfully authorized and licensed to practice dentistry in this State; such certificate, lawfully and regularly issued, shall be evidence in any of the Courts of this State of the right of the person named therein to practice dentistry in this State.

6. And be it enacted, That from and after the passage of this act any person desiring to study dentistry in this State with any duly authorized dentist, for the purpose of presenting himself for examination and license as a practitioner of dentistry in this State at the expiration of his term of study, shall cause his name and residence and the name and residence of his preceptor to be registered with said board, and his term of study shall commence and date only from such registration; any person so registered as a student may perform mechanical work in the office of his preceptor, but no student shall perform any operation upon the mouth or

jaw of any person, save in the presence and under the supervision of his preceptor, under penalty of revocation of his registration as a student, and such further penalty as is herein-after provided for unlawful practice of dentistry in this State.

7. And be it enacted, That it shall be unlawful for any person not now by the laws of this State authorized, hereafter to practice dentistry in this State save after examination and license by the said State Board of Registration and Examination in Dentistry, and no person shall be examined by said board for license unless he is, at the time of such examination, the graduate of and the holder of a diploma of graduation from a dental college recognized as in good repute by said board, or shall have studied with a reputable dentist for five years continuously preceding his application for examination.

8. And be it enacted, That out of the funds coming into the possession of said board shall be paid the expenses of said board incurred in carrying out the provisions of this act, and mileage to each member, at the rate of five cents per mile for all distance necessarily traveled in discharge of his duties; no part of the mileage or other expenses of the board shall ever be paid out of the State treasury; all moneys received shall be held by the secretary of the board, and paid out only upon resolution of the board and warrant of its president, and the secretary shall give bond in such sum as the board shall from time to time, direct, with good and sufficient surety, to be approved by the board; and the said board shall, in its annual report to be made to the Governor, submit a statement of all moneys received and disbursed by it during the period covered by said report.

9. And be it enacted, That any person not now lawfully practicing or entitled to practice dentistry by the laws of this State, who shall practice dentistry in this State after the passage of this act without having first obtained from said Board of Registration and Examination in Dentistry a certificate of license to practice in accordance with the provisions of this act, shall forfeit and pay the sum of three hundred dollars for each and every offence; any person now lawfully practicing or entitled to practice dentistry under the laws of this State, who shall, after the first day of January, anno domini one thousand eight hundred and ninety-one, practice dentistry in this State without having first obtained from said Board of Registration and Examination in Dentistry a certificate of registration, in accordance with the provisions of this act, shall forfeit, and pay the sum of fifty dollars for each and every offence; any person who shall knowingly or falsely, and with the intent to deceive the public, claim or pretend to have or hold a certificate of registration or of license granted by said board, or who shall falsely, and with the intent to deceive said board, claim or pretend to be a graduate or the holder of a diploma of graduation from any dental college, not being such graduate or rightfully holding or entitled to such diploma, shall forfeit and pay the sum of three hundred dollars; any person to whom a certificate of registration or of license shall be issued under the provisions of this act, and who shall practice dentistry under a false name, with intent to deceive the public, shall be liable to have such certificate revoked, upon twenty days' notice of such proposed revocation, and of the time and place of considering such revocation, by orders of the said board, and any person who, after such revocation of his certificate, shall continue to practice dentistry in this State, shall forfeit and pay the sum of three hundred dollars; a certificate of registration or of license granted to a person under one name shall not be pleaded as a defense to an action brought against him for practicing without a certificate under another name; each and every separate

act of dentistry performed by any person, in violation of any of the provisions of this act, shall be deemed and taken to be a distinct and separate offense; this act shall not be construed to prevent any person from extracting teeth, nor to apply to any surgical operation performed by any regularly licensed physician or surgeon.

10. And be it enacted, That the penalties imposed and the sums to be forfeited in and by the preceding section of this act shall be sued for and recovered, with costs of suit, in an action of debt, to be brought by the Board of Registration and Examination in Dentistry before any judge of any city district court or in court of common pleas of the county wherein such offense shall have been committed, or in any county wherein such offender may reside: one-half of such penalty or forfeit money shall be for the use of the State Board of Registration and Examination in Dentistry, and one-half shall be paid into the treasury of the State for the use thereof; and in case the defendant shall fail or neglect to pay the amount recovered against him, with costs, the judge or court be-

fore whom judgment has been obtained shall issue his process against the body of the defendant, and cause him to be committed to the jail of the county in which the judgment is obtained until the judgment and costs are paid; the imprisonment, however, shall not exceed four calendar months from the date of such commitment.

11. And be it enacted, That the act of the legislature of this State entitled "An act to regulate the practice of dentistry and to protect the people against empiricism in relation thereto in the State of New Jersey," approved March the fourteenth anno domini one thousand eight hundred and seventy-three, the supplement thereto approved February seventeenth, anno domini one thousand eight hundred and eighty, and the supplement thereto approved March the twenty-seventh anno domini one thousand eight hundred and eighty-four, and all acts and parts of acts inconsistent herewith, be and the same are hereby repealed.

12. And be it enacted, That this act shall take effect immediately.

DENTAL LAWS OF MARYLAND.

An act to insure the better education of Practitioners of Dental Surgery, and to regulate the practice of dentistry in the State of Maryland.

Sec. 1. Be it Enacted by the General Assembly of Maryland. That it shall be unlawful for any person who is not, at the time of the passage of this act, engaged in the practice of dentistry in this State to practice dentistry unless he or she shall have obtained a certificate as hereinafter provided, or shall hold a diploma from a university or college chartered by or under the laws of this State authorized to grant diplomas in dental surgery.

Sec. 2. Be it Enacted, That a Board of Examiners, to consist of five reputable practicing dentists, is hereby created, whose duty it shall be to carry out the purposes and enforce the provisions of this act; and the members of said Board shall be appointed by the Governor, who shall select them from the dentists residing in this State; provided, that none of said Board shall be peculiarly connected with any dental college or dental department of any college or university. The term for which the members of said Board shall hold their offices shall be four years, except that two members of the Board, first to be appointed under this act, shall be designated by the Governor to hold their offices for the term of two, and three for four years respectively; unless sooner removed by the Governor, and until their successors shall be duly appointed, in case of a vacancy occurring in said Board, such vacancy shall be filled in like manner by the Governor.

Sec. 3. Be it Enacted, That said Board shall choose one of its members president and one secretary thereof; it shall fix the time and place of its meeting or meetings; a majority of said Board shall at all times constitute a quorum, and the proceedings thereof shall at all reasonable times be open to public inspection; the Board shall also make an annual report of its proceedings to the Governor.

Sec. 4. Be it enacted, that within six months from the time this act takes effect it shall be the duty of every person who is at that time engaged in the practice of dentistry in this State to cause his or her name and residence or place of business to be registered with said Board of Examiners, who shall keep a book for that purpose; the statement of such person shall be verified under oath before a Notary Public or Justice of the Peace, in such a manner as may be prescribed by the said Board of Examiners; every person who shall so register with said Board as a practitioner of dentistry may continue to practice the same as such, and shall receive a certificate of such registration upon his or her paying the said Board one dollar for such certificate.

Sec. 5. Be it Enacted, That any and all persons who shall desire to commence such practice may appear before said Board at any of its regular meetings, and be examined with reference to their knowledge and skill in dental surgery, and if the examination of any person or persons shall prove satisfactory to said Board, the Board of Examiners shall issue to such persons as they shall find to possess the requisite qualifications a certificate to that effect, in ac-

cordance with the provisions of this act, upon the payment of one dollar for such certificate. All certificates issued by said Board shall be signed by its officers, and such certificates and diplomas, granted as aforesaid, shall be prima facie evidence of the right of the holder to practice dentistry in the State of Maryland.

Sec. 6. Be it Enacted, That any person who shall willfully violate any of the provisions of this act shall be deemed guilty of a misdemeanor, and upon conviction thereof, in any Court having criminal jurisdiction, may be fined not less than fifty dollars nor more than three hundred dollars, or be confined not more than six months in the county jail, in the discretion of the Court. All fines received under this act shall be paid into the common school fund of the city or county in which such conviction takes place.

Sec. 7. Be it Enacted, That one member of said Board may grant any certificate provided for in this act to any applicant, upon presentation by such applicant of the evidence requisite for obtaining said certificate, which certificate shall remain in force until the next regular meeting of the said Board after the granting of said certificate and no longer; but no such certificate shall be issued by such member after such applicant has been rejected by said Board.

Sec. 8. Be it Enacted, That nothing in this act shall be so construed as to interfere with the rights and privileges of physicians and surgeons in the discharge of their professional duties.

Sec. 9. Be it Enacted, That this act shall take effect from the date of its passage.

Approved March 31, 1884.

Be it Enacted by the General Assembly of Maryland. That sections one and eight of the act passed at the January session, eighteen hundred and eighty-four, entitled "An act to insure the better education of practitioners of dental surgery, and to regulate the practice of dentistry in the State of Maryland" be and the same is hereby repealed and re-enacted, so as to read as follows:

Sec. 1. That it shall be unlawful for any person who is not, at the time of the passage of this act, engaged in the practice of dentistry, to practice dentistry unless he or she shall have obtained a certificate as herein provided, or shall hold a diploma from a university or college authorized to grant diplomas in dental surgery; any person holding such a diploma, and desiring to commence such practice, shall present the same to the Board of Examiners created by this act, for approval; such Examining Board being satisfied as to the qualifications of the applicant and the genuineness of the diploma, shall indorse the same as approved, and issue the certificate of registration provided for in this act.

Sec. 8. That nothing in this act shall be so construed as to interfere with the rights and privileges of resident physicians and surgeons in the discharge of their professional duties.

Approved April 7, 1886.

DENTAL LAWS OF DELAWARE.

(Passed at Dover, March 31, 1885.)

Be it enacted by the Senate and House of Representatives of the State of Delaware, in General Assembly met:

Section 1. That it shall be unlawful for any person who is not, at the time of the passage of this act, a recognized practitioner of dentistry in this State, and so recognized by the profession, to practice dentistry, unless he or she shall have obtained a certificate, as herein-after provided, or shall hold a diploma from a reputable dental college, and so recognized by the board herein created.

Sec. 2. Be it enacted, That a Board of Examiners, to consist of five reputable practicing dentists, is hereby created, whose duty it shall be to carry out the purposes, and enforce the provisions of this act; the members of said board shall be appointed by the Governor, who shall select them from the dentists residing in the State. The term for which the members of said board shall hold their offices shall be four years, except that two members of the board—first to be appointed under this act—shall be designated by the Governor to hold their offices for the term of two, and three, and four years, respectively, unless sooner removed by the Governor, and until their successors shall be duly appointed; in a case of vacancy occurring in such board, such vacancy shall be filled in like manner by the Governor.

Sec. 3. Be it enacted, That said Board shall choose one of its members President, and one Secretary thereof; it shall fix the time and place of its meeting or meetings; a majority of said board shall at all times constitute a quorum, and proceedings thereof shall at all reasonable times be open to public inspection; the board shall also make an annual report of its proceedings to the Governor.

Sec. 4. Be it enacted, That within six months from the time this act takes effect it shall be the duty of every person who is at that time engaged in the practice of dentistry in this State to cause his or her name and residence, or place of business, to be registered with said Board of Examiners, who shall keep a book for that purpose; the statement of every such person shall be verified under oath before a Notary Public or Justice of the Peace, in such a manner as may be prescribed by the said Board of Examiners. Every person who shall so register with

said board as a practitioner of dentistry may continue to practice the same as such, and shall receive a certificate of such registration upon his or her paying the said board one dollar for such certificate.

Sec. 5. Be it enacted, That any and all persons who shall desire to commence such practice, "after the passage of this act," shall appear before said board at any of its regular meetings, and be examined with reference to their knowledge and skill in dental surgery, and if the examinations of any such person or persons shall prove satisfactory to said board the Board of Examiners shall issue to such persons as they shall find to possess the requisite qualifications a certificate to that effect, in accordance with the provisions of this act, upon the payment of one dollar for such certificate; all certificates issued by said board shall be signed by its officers, and such certificates and diplomas, granted as aforesaid, shall be prima facie evidence of the right of the holder to practice dentistry in the State of Delaware.

Sec. 6. Be it enacted, That any person who shall willfully violate any of the provisions of this act shall be deemed guilty of a misdemeanor, and upon conviction thereof, in any Court having criminal jurisdiction, may be fined not less than fifty dollars nor more than three hundred dollars, or be confined not more than six months in the County jail, in the discretion of the Court; all fines received under this act shall be paid into the common school fund of the city or county in which such conviction takes place.

Sec. 7. Be it enacted, That the Board of Examiners shall meet within thirty days after appointment, and frame by-laws governing the board; and any person or persons desiring to be examined by the Board of Examiners for a certificate to practice dentistry in this State shall give notice of such desire to the Secretary of said board, who shall notify the members thereof, and they shall, within fifteen (15) days from the receipt of such notice, meet to examine such person or persons, and give him, her, or them, proper notice of such meeting.

Sec. 8. Be it enacted, That this act shall not apply to anyone now practicing who is the owner of, and purchased, real estate in the State, previous to the passage of this act.

Sec. 9. Be it enacted, That this act shall take effect from the date of its passage.

DENTAL LAWS OF THE DISTRICT OF COLUMBIA.

An act for the regulation of the practice of dentistry in the District of Columbia, and for the protection of the people from empiricism in relation thereto.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled. That it shall be unlawful for any person to practice dentistry in the District of Columbia unless such person shall register with the health officer in compliance with the requirements hereinafter provided.

Sec. 2. That a board to carry out the purposes of this act is hereby created, to be known as the Board of Dental Examiners, to consist of five reputable dentists resident of and for three years before appointment actively engaged in the practice of dentistry in the District of Columbia, to be appointed by the Commissioners of said District for terms of five years and until their successors are appointed: Provided, That the first five appointments shall be made for terms of one, two, three, four and five years respectively. A majority of said board shall constitute a quorum. Vacancies occurring in said board shall be filled by appointment of eligible persons for unexpired terms.

Sec. 3. That it shall be the duty of the Board of Dental Examiners, first, to organize by electing one of their number president and one secretary, to provide necessary books and blank forms, and publicly announce the requirements of this act and the time, place and means of complying with its provisions within thirty days from its passage; second, to promptly certify to the health officer for registration all who are engaged in the practice of dentistry in said District at the time of passage of this act who apply therefor; third, to test the fitness and pass upon the qualification of persons desiring to commence the practice of dentistry in said District after the passage of this act and certify to the health officer for registration such as prove, under examination in theory and practice of dentistry, qualified in the judgment of the board to practice dentistry in said District; fourth, to report immediately information of any violation of this act, and, annually, the transactions of the board to the Commissioners of the District of Columbia: Provided, That all graduates of dental colleges which require a three years' course of study shall be entitled to certificates upon payment of the certification fee and without examination as to their qualifications.

Sec. 4. That it shall be the duty of every person practicing dentistry in said District at the time of the passage of this act to make application to said board, in form prescribed by said board, for certification, and present the certificates thus obtained for registration to the health officer within sixty days from the passage of this act. Every such person so registering may continue to practice without incurring the penalties of this act.

Sec. 5. That persons desiring to commence the practice of dentistry in said District after the passage of this act shall first obtain a certificate of qualification from the Board of Dental Examiners, granted under authority conferred upon said board by section three of this act, and present the same to the health officer for registration.

Sec. 6. That it shall be the duty of the health officer to register all persons presenting certificates from said board in a book kept for this purpose, and indorse upon each certificate the fact and date of such registration.

Sec. 7. That certificates issued and indorsed under the provisions of this act shall be evidence of the right of the person to whom granted to practice under this act.

Sec. 8. That anyone who shall practice or attempt to practice dentistry in the said District without having complied with the provisions of this act shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than fifty nor more than two hundred dollars, and in default of payment of such fine shall be imprisoned not less than thirty nor more than ninety days, said fines, when collected, to be paid into the Treasury of the United States, to the credit of the District of Columbia: Provided, That nothing in this act shall be construed to interfere with physicians in the discharge of their professional duties, nor with students pursuing a regular uninterrupted dental college course or in bona fide pupilage with a registered dentist.

Sec. 9. That to provide a fund to carry out and enforce the provisions of this act the Board of Dental Examiners may charge such fees, not exceeding one dollar for each certificate, and ten dollars for each examination, as will from time to time, in the opinion of said board, approved by said Commissioners, be necessary. From such fund all expenses shall be paid by the Board: Provided, That such expense shall in no case exceed the balance of receipts.

Approved June 6, 1892.
